# The Morton Arboretum

[www.mortonarb.org](http://www.mortonarb.org)

4100 Illinois Route 53

Lisle, IL 60532

630-968-0074

[trees@mortonarb.org](mailto:trees@mortonarb.org)

## Hours of Operation:

Open 365 Days a Year

Outdoor Museum of Trees on 1,700 Acres Containing  
Plant Collections, Scientific Research, Educational Programs, and Visitor Services  
(includes a store, restaurant, and banquet/conference facilities)

## Special Green Initiatives

The mission of The Morton Arboretum is  
to collect and study trees, shrubs and other plants from around the world;  
to display them across naturally beautiful landscapes for people to study and enjoy and to learn how to grow them in  
ways that enhance our environment.

Our goal is to encourage the planting and conservation of trees and other plants  
for a greener, healthier, and more beautiful world.

- 1) Current mission and goals uphold the founder's vision since 1922 to plant and protect trees for the public good
- 2) As a voice for trees, The Morton Arboretum is a world-renowned leader in tree science and education, working to save and plant trees
- 3) Maintains collections of trees and other woody plants, specialty gardens, woodlands, prairies, lakes, and natural areas
- 4) Provides international leadership on urban tree research
- 5) Serves as advocate for trees in communities
- 6) Models and recommends woodland conservation and management practices
- 7) Teaches people through education programs and information services, including botanical library, to appreciate and care for the natural world
- 8) Introduces children to the outdoor world to create future stewards of the earth; Children's Garden is a four-acre resource for this purpose
- 9) Celebrates Arbor Day to plant and encourage the care of trees; continues legacy of Morton family, which established Arbor Day in 1872 and lived by the motto "Plant Trees"
- 10) Partners with professional organizations with common purposes to raise awareness about the importance of conservation and the implications of climate change on trees
- 11) Partners with municipalities and government bodies (village, county, city, state, and federal levels) to raise environmental awareness and support

## **The Morton Arboretum (continued)**

### **A. Sustainable Products & Services**

#### **Sell sustainable products and services**

- (1) Through admission and membership, provides access to offerings of the Arboretum that convey mission-related messages (visits to collections, use of facilities, participation in special events and activities)
- (2) Through philanthropic relationships, provides opportunities to support mission
- (3) Provides free plant clinic for expert advice on plant selection and care
- (4) Plants at annual sale (excluding invasive and noxious species)
- (5) Eco-friendly products in museum store
- (6) Reusable water bottles as alternative to plastic
- (7) Reusable shopping bags
- (8) Food and beverage items with minimal or eco-friendly packaging
- (9) Showcases products and services that reuse materials, reduce waste, or promote renewable resources

### **B. Sustainable Operations**

#### **Investing in energy efficient appliances and resource conservation practices**

- (1) Collects and displays plants appropriate for the mid-western climate
- (2) Models sustainable design/construction of the main parking lot, which uses permeable pavers to allow water filtration
- (3) Evaluates use of recycled materials (glass, rubber) in walkways
- (4) Maintains green construction elements in Visitor Center
- (5) Restores waterways and reservoirs on the grounds
- (6) Employs environmentally responsible horticulture and irrigation practices
- (7) Incorporates native plants in the landscape; allows natural flora to thrive by removing invasive plant species from prairie and woodlands
- (8) Operates efficient HVAC systems
- (9) Uses water-efficient lavatory devices
- (10) Uses energy-efficient lighting
- (11) Encourages alternatives to operating cars on the grounds such as biking, walking, cross country skiing and snowshoeing
- (12) Reuses plant containers
- (13) Composts plant material and uses byproducts in gardens and plant collections
- (14) Minimizes plastic container use and other waste in food service operations
- (15) Employs environmentally responsible practices for personal and janitorial sanitation
- (16) Encourages eco-friendly practices at on-site events
- (17) Converts customer communications from print to electronic documents and distribution channels
- (18) Has an internal Resource Conservation Committee that promotes sustainable practices awareness among staff

#### **Reduce waste and recycle**

- (1) Recycles print cartridges
- (2) Uses recycled paper and encourages double-sided printing and copying
- (3) Recycling receptacles at on-site events
- (4) Recycling station for visitor maps

## **The Morton Arboretum (continued)**

- (5) Collection stations for staff recycling of batteries and fluorescent bulbs
- (6) Reusable mugs for staff

### **Reduce carbon and VOC output**

- (1) Encourages car pooling and commuter train use among staff
- (2) Utilizes fleet vehicles powered by alternatives to standard fuel, including bicycles for grounds patrol and horticulture crews
- (3) Promotes daily, ongoing energy conservation actions among staff, encouraging turning off lights and office equipment when not in use
- (4) Utilizes local providers of goods for store and food service operations
- (5) Conducts staff awareness programs on sustainability in conjunction with organizations such as SCARCE

### **Recognition for Environmental Initiatives**

Governor's Hometown Award for Rain Barrels of Lisle, Earth Flag from DuPage County, commendations from Clean Air Counts and Conservation Foundation
