From the Mayor...

I can’t believe how quickly the summer has flown by—and I hope everyone had a chance to enjoy the many special events that really made the season come alive in Lisle. The Eyes to the Skies Festival enjoyed picture-perfect weather as the giant colorful balloons—and nightly fireworks—filled the skies, while people enjoyed great food and entertainment. It’s always an honor to participate in the July 4th Parade and the post-parade celebration at the Museums of Station Park provided a great opportunity to connect with the community. Be sure to see the Museum’s new exhibit, “Sustaining Lisle’s Heritage,” which reviews Lisle’s early history, World War II veterans and women who figured prominently in this community. A heartfelt thank you to all the volunteers who made these and other great summer events, such as Cruise Nights, possible and so much fun for all involved.

Just like the season, change continues in Lisle. I am looking forward to working with our newest Village Trustee, Bob Mandel, who was sworn into office on July 15 replacing former Trustee Ed Young, who resigned to fulfill his responsibilities as newly elected Lisle Township Trustee. Bob is a great addition to the Village Board and I’m thankful he agreed to serve. He not only brings superb professional credentials to the position, but he also has a track record of serving the community that few can match. He will work hard for all of Lisle.

We continue to be cautiously optimistic about signs of life in the economy. Several of our current developments are nearing completion. The Avant at the Arboretum development will soon offer upscale apartments for lease on Warrenville Road. Members of the Village Board recently toured Universal Technical Institute (UTI) and were impressed by this new automotive institution, which expects its first class of students in 2014. New residential development Arbor Trails, located on the former Meijer site, is enjoying brisk pre-sales, before models are even available. And Lisle was the featured community in the July/August edition of West Suburban Living Magazine.

I am looking forward to fall—its spectacular colors, the sounds of crunching leaves, the crisp inhale of a cool fall morning, football games…fall engages all the senses. Enjoy all this season offers, which seems to be tailor made for “The Arboretum Village!”

Mayor Joe Broda
Welcome new Village Trustee Bob Mandel

During the July 15 Village Board Meeting, Bob Mandel was unanimously appointed and sworn in to serve on the Village Board. He will complete the remaining term of former Trustee Ed Young, who resigned to fulfill his responsibilities as newly elected Lisle Township Trustee. Trustee Mandel’s term continues through April 2015.

Bob Mandel is the Chief Financial Operating Officer of Options Merger Holdings, Inc. He earned a BBA in Accounting from the University of Iowa and a Master of Management from the Kellogg School of Management at Northwestern University.

Bob and his wife Lori have lived in Lisle for the past 20 years and are members of St. Juan of Arc Church. Lori works for Foster Envelope, a Lisle business. Bob and Lori have three children, each of whom attended Lisle Senior High School. Bob and his family have been actively involved with Lisle Teens with Character for the past seven years. Bob has also served on a number of nonprofit boards and committees, including Misericordia Heart of Mercy, a home to more than 600 children and adults with mild to profound developmental and physical disabilities and IC Star, a technology based workforce and leadership training program for minority adults.

Bob currently serves as the Client Advisory Board of Triton Acquisition Corp, is an officer at St. Juan of Arc Church, a member of the Knights of Columbus and has been actively involved in many other charitable and community events.

Downtown Lisle

Harvest the Fun!

- Taste the flavors of the seasons
- Shop for fall measures
- See festive fall displays
- Enjoy special events

Crisp nights, colored leaves, pumpkins and Indian corn…Fall is in the air and making a promise appearance in Downtown Lisle! The Downtown will be decked out for fall. Restaurants and cafes will offer delicious hearty meals and fall inspired treats, shops will offer unique fall items and a variety of special events are planned. Enjoy this special season and the wonderful experiences waiting for you in Downtown Lisle.

French Market continues through Oct. 26

Fall is the perfect time to visit the Downtown Lisle French Market. Vendors will be offering a variety of fall inspired items including crisp apples, a pumpkin patch, colorful mums, fall accessories for your home and more. The market is located just west of Village Hall (2023 Burlington Ave.) in Downtown Lisle. It runs from 8am-1pm on Saturdays, through Oct. 26.

Important water billing information

Reconcile meter readings annually

The majority of Lisle buildings are equipped with older water meters which send information to remove registers located on the outside of the buildings. As customers are responsible for the amount of water registered on their meter, they should review their accounts and notify Village billing personnel if there are any discrepancies greater than 3,000 gallons should be reported to the Village’s Water Billing Representative at 630-271-4131. A water checkup will be scheduled to determine the cause of the difference.

New water meters do not need to be checked as an electrical pulse sends meter readings to the remote register and will display an error code if the two systems are not working correctly.

Moving In/Moving Out

To begin Village of Lisle water service, new residents must complete a Water Service Application to establish a new water billing account in their name. Residents moving out of the Village need to cancel their service and schedule a final meter reading. Call the Village’s Water Billing Representative at 630-271-4131 for either service.

Halloween Trick-or-Treat

The Lisle Police Department has provided the following recommendations to ensure a fun and safe Halloween experience for all.

- Residents participating in the Trick-or-Treat Program should line their path lights on.
- Parents or a trusted adult should accompany young children in costume. Older children can go with friends. Additional safety recommendations include:
  - Only approach houses that have porch lights or decorations on their doors.
  - Only enter a home where you see their lights on.
  - Be visible to drivers by wearing bright costumes.
  - Keep your candy in your pockets and offer it to trick-or-treaters.
  - Parents should be cautious when allowing children to go for Halloween.
  - Parents should ensure their children do not go trick-or-treating alone.
  - Parents should be aware of their children’s whereabouts.

Moving to a new neighborhood? You may want to consider signing up for Village of Lisle’s Facebook Page to stay informed of updates. The Village is reorganizing its website to improve functionality, usability and design. To provide feedback about the Village’s website and improvements you would like to see, please complete a brief survey by visiting villageoflisle.org/webrev.
To seal or not to seal: What you need to know about coal tar-based sealants

Many sealant products used on parking lots, driveways and playgrounds are coal tar-based products containing very high concentrations of compounds called polycyclic aromatic hydrocarbons (PAHs). PAHs are toxic to about all living things, including humans.

After being applied to surfaces such as a driveway, sealcoating is worn away by tires, stripped by downdrafts, carried away by storm water or picked up on shoes. A number of studies found that these

New CodeRED Weather Warning System provides weather alerts

The Village of Lisle has upgraded to CodeRED Community Notification System to include CodeRED Weather Warnings. This automated, severe weather notification system uses sophisticated technology to provide the fastest and most accurate severe weather warnings available.

Within minutes after the National Weather Service issues a weather bulletin, the CodeRED Weather Warning System calls subscribers and delivers a pre-recorded weather warning for severe thunderstorms, Flash Floods or tornadoes. CodeRED Weather Warnings precisely target only subscribers in the anticipated path of storms, reducing false warnings.

As with the CodeRED Community Notification System, people must register to receive these warnings by going to the Village of Lisle website, villagelistle.com, clicking on the CodeRED logo located on the top right hand corner of the home page, entering contact information and selecting the type of warnings desired. There is no new charge to register for this service. Both residents and businesses are encouraged to register for the CodeRED Community Notification System and the new CodeRED Weather Warning System. If you do not have internet service, call the CodeRED/Weather Department at 630-271-4200 to register.

2013 Residential Loose Leaf and Branch Pickup Program schedules

Two of the most popular Village services offered are the Free Leaf and Branch Pickup Programs for all single family homes within Lisle's corporate limits.

Loose Leaf Pickup Program

The 2013 Loose Leaf Pickup Program will run from Oct. 21 through Nov. 18. To take advantage of this convenient service, rake loose leaves (no grass or landscaping) to the roadway as close to the curb as possible by the end of each weekly Monday morning during this time. Public Works crews will collect boxers once a week, weather permitting. Keep the area in front of leaflines clear as they will not be picked up if crews can not reach the leaf piles. After Nov. 18, place leaves in yard waste bags or cans and attach a yard waste sticker. Republic Services, the Village's waste hauler, will collect yard waste through Dec. 10.

Visit villegivals.org or call the Public Works Department at 630-271-4180 for more information about the Loose Leaf or Branch Pickup Programs.

Branch Pickup Program

The Branch Pickup Program is intended for residential branch trimming only. A tree trimmer should cut down and remove large trees from residence. The 2013 Branch Pickup schedule follows:

<table>
<thead>
<tr>
<th>Week</th>
<th>Single Family Location</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sept. 9</td>
<td>North of Malta</td>
</tr>
<tr>
<td>Sept. 16</td>
<td>South of Maple Ave.</td>
</tr>
<tr>
<td>Oct. 1</td>
<td>South of Maple Ave.</td>
</tr>
</tbody>
</table>

| Site branch piles neatly along the front roadway by the end of each week scheduled for pick up. Pile can be up to two feet high, five feet wide and weigh up to 50 pounds per pile. When possible, piles with snow or rope two tree ties, please, and place cut ends towards the street. Keep ditches, sidewalks and streets clear of debris. |
| Two single branches up to eight inches wide and six feet long in a separate pile. |
| Yes, root material, dirt, shrub branches and landscape materials (fumes, grass clippings, timber) will NOT be collected. |
| Once crews make a sweep of an area, they will not return. However, Republic Services, the Village’s waste hauler, will continue to pick up branches that are placed in yard waste bags with yard waste stickers attached until Dec.10. |

Electronic, appliance and rechargeable battery recycling events

Parking away your summer Street maybe it’s time to pick up and recycle small appliances, rechargeable batteries, electronics and more at the Monthly Recycling Events on Sat., Sept. 21 and Sat., Oct. 19 from 9am-2pm at 6950 Lincoln Ave. (Route 53) in Lisle. For more information, visit villegivals.org or call Republic Services, 630-682-2020.
