CHIEF'S PREFACE
Accepted Policy Manual for revisions on March 04, 2013. The creation of the new and revised Lisle Police Department Policy Manual started on today’s date.
LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession... law enforcement.
MISSION STATEMENT

(c) If the officer, while on-duty as an officer, is requested by an appropriate state or local law enforcement official to render aid or assistance to the requesting law enforcement agency that is outside the Village of Lisle Police Department jurisdiction.

While outside the jurisdiction of the Village of Lisle Police Department an officer shall make prompt notification to the local law enforcement agency of the county or municipality where any of the above occurs, and shall notify his/her immediate on-duty supervisor as soon as practicable (725 ILCS 5/107-4).

(b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
(c) Not prohibited by federal law from receiving a firearm.
(d) Not in a location prohibited by Illinois law or by a private person or entity on his/her property if such prohibition is permitted by Illinois law.
208.4 ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD PERMITS
Retirees who wish to carry a concealed firearm may apply for an ILETSB permit through the Illinois Retired Officer Concealed Carry (IROCC) office. Application information is available on the IROCC website (20 Ill. Adm. Code 1720.250).

208.5 FORMER OFFICERS RESPONSIBILITIES
A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

208.5.1 RESPONSIBILITIES UNDER LEOSA
In order to obtain or retain a LEOSA identification card, the former officer shall:

(a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

(b) Remain subject to all applicable department policies and federal, state and local laws.

(c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.

208.6 DENIAL, SUSPENSION OR REVOCATION

208.7 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

The Rangemaster shall ensure that any such certification program complies with 20 Ill. Adm. Code 1720.280.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS
Definitions related to this policy include:

**Deadly force** - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

**Imminent** - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

**Totality of the circumstances** - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.
Use of Force

300.2.1 DUTY TO INTERCEDE AND REPORT
Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible.

Officers shall submit a written report within five days of the incident (720 ILCS 5/7-16).

300.2.2 PERSPECTIVE
When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
An officer may use any force which he/she reasonably believes to be necessary, under the totality of the circumstances, to effect an arrest, or to be necessary to defend him/herself or another from bodily harm while making an arrest (720 ILCS 5/7-5).
300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) Immediacy and severity of the threat to officers or others.
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
(c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The effects of suspected drug or alcohol use.
(e) The individual’s mental state or capacity.
(f) The individual’s ability to understand and comply with officer commands.
(g) Proximity of weapons or dangerous improvised devices.
(h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
(i) The availability of other reasonable and feasible options and their possible effectiveness.
(j) Seriousness of the suspected offense or reason for contact with the individual.
(k) Training and experience of the officer.
(l) Potential for injury to officers, suspects, and others.
(m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(n) The risk and reasonably foreseeable consequences of escape.
(o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
(p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(q) Prior contacts with the individual or awareness of any propensity for violence.
(r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
Use of Force

(b) Whether the individual can comply with the direction or orders of the officer.
(c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 NON-DEADLY FORCE APPLICATIONS
Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious injury shall be considered non-deadly force. Each sworn officer is provided with equipment, training and skills to assist in the apprehension and control of suspects as well as protection of officers and the public.

An officer's discharge of a firearm using ammunition designed to disable or control without creating the likelihood of death or great bodily harm are not considered deadly force when used in making an arrest (720 ILCS 5/7-8).

300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Village of Lisle Police Department for this specific purpose.

300.3.6 RESPIRATORY RERAINTS
A member shall not apply direct pressure to the throat, windpipe, or airway of a person with the intent to reduce or prevent the intake of air (chokehold) unless deadly force is justified (720 ILCS 5/7-5.5). A member shall not use a chokehold or any lesser contact with the throat or neck area of another in order to prevent the destruction of evidence by ingestion (720 ILCS 5/7-5.5). If a respiratory restraint is applied, it is subject to the same guidelines and requirements as a carotid control hold.

300.3.7 ALTERNATIVE TACTICS - DE-ESCALATION
When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.4 DEADLY FORCE APPLICATIONS
When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:
Use of Force

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and (720 ILCS 5/7-5):

1. The officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person (except to the subject him/herself) if the individual is not immediately apprehended.

2. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to immediately use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to immediately do so (720 ILCS 5/7-5).

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:
Use of Force

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of the TASER device or control device.
(f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe (720 ILCS 5/7-15).

Based upon the officer’s initial assessment of the nature and extent of the individual’s injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.
Use of Force

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
   1. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the individual may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SUPERVISOR RESPONSIBILITY
The Deputy Chief of Operations shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.
Use of Force

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

(a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

(b) De-escalation tactics, including alternatives to force.

300.9 USE OF FORCE ANALYSIS
At least annually, the Patrol Deputy Chief should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects, or case numbers, and should include:

(a) The identification of any trends in the use of force by members.

(b) Training needs recommendations.

(c) Equipment needs recommendations.

(d) Policy revision recommendations.
Use of Force Review Boards

301.1 PURPOSE AND SCOPE
This policy establishes a process for the Village of Lisle Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY
The Village of Lisle Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee’s actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another (730 ILCS 210/3-5).

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Deputy Chief will convene the Use of Force Review Board as necessary. It will be the responsibility of the Deputy Chief or supervisor of the involved employee to notify the Administration Deputy Chief of any incidents requiring board review. The involved employee’s Deputy Chief or supervisor will also ensure that all relevant reports, documents, and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD
The Administration Deputy Chief should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member’s chain of command
Use of Force Review Boards

- Training Coordinator
- Nonadministrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD
The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board’s review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer’s decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with department’s disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee’s actions were within department policy and procedure.
(b) The employee’s actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee’s actions were within policy and procedure and will determine whether any additional
Use of Force Review Boards

actions, investigations or reviews are appropriate. The Chief of Police’s final findings will be forwarded to the involved employee’s Deputy Chief for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated. At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Shooting Policy

302.1 PURPOSE AND SCOPE
The purpose of the shooting policy is to establish procedures for the use and reporting of incidents involving the discharge of firearms. This policy is for internal use only and does not increase the Department's and/or an officer's civil or criminal liability in any way. Violations of this policy can only form the basis for departmental administrative actions.

302.1.1 POLICY
It is the policy of this department to resort to the use of a firearm when it reasonably appears necessary, and generally:

a. An officer may use deadly force to protect himself/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

b. An officer may use deadly force to effect the arrest or prevent the escape of a suspected felon when the officer has probable cause to believe that the suspect has committed a forcible felony involving the inflicting or threatened inflicting of serious bodily injury or death, and the officer reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to any other person if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

c. To stop a dangerous animal.

1. Officers are authorized to use deadly force against an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods to neutralize the threat are not reasonably available, or would likely be ineffective. The officer will only euthanize the animal with a firearm, and will only do so if a reasonable level of safety can be maintained.

2. In circumstances in which officers have sufficient advanced notice that a potentially dangerous domestic animal (e.g. dog) may be encountered, such as in the serving of a search warrant, officers should develop reasonable contingency plans for dealing with the animal without the use of deadly force (e.g. fire extinguisher, Electronic Control Device, OC Spray, etc.). Nothing in this policy shall prohibit any officer from resorting to deadly force to control a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

d. With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

e. For firearms practice at an approved firing range.

Where feasible a warning should be given before an officer resorts to deadly force as outlined in (a) and (b) above. A specific warning that deadly force will be used is not required by this policy; only that a warning be given if feasible.
302.1.2 WARNING SHOTS
No warning shots will be fired.

302.1.3 MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective and are generally discouraged.

a. Unless it reasonably appears that it would endanger officers or the public, officers are expected to move out of the path of any approaching vehicle.

b. This is not intended to restrict an officer's right to use deadly force directed at the operator of a vehicle when it is reasonably perceived that the vehicle is being used as a weapon against the officer or others.

c. Officers may use deadly force to stop a fleeing suspect when the officer has probable cause to believe that the suspect has committed a forcible felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is a substantial risk of serious bodily injury or death to others if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force when feasible.

302.1.4 REPORT OF NEGLIGENT WEAPON DISCHARGE
Except during training or recreational use, any member of the Lisle Police Department who discharges a weapon accidentally or intentionally, on or off-duty, shall make a written report to his/her supervisor as soon as circumstances permit. If on-duty at the time of the incident the member shall file a written report with his/her supervisor prior to the end of shift and if off-duty, as directed by the supervisor. If off-duty the written report must be completed no later than the end of the next regularly scheduled shift. Supervisors should notify the Deputy Chief through the chain of command as soon as practical.

The department’s firing range will be professionally cleaned on an annual basis, or more frequently if deemed necessary by the department range master. Cleaning will be performed by a third party independent contractor, and shall include lead removal and air filter changes. The range will be closed to department members during the duration of cleaning.
Handcuffing and Restraints

304.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

304.2 POLICY
The Village of Lisle Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

304.3 USE OF RESTRAINTS
Only members who have successfully completed Village of Lisle Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

304.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

304.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure herself or others, or damage property.
Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

304.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

304.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

304.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

304.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.
Handcuffing and Restraints

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person’s vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

304.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

 Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

304.7 APPLICATION OF LEG RESTRAINT DEVICES

 Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

304.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:
(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

304.7.2 MEDICAL CONSIDERATIONS
Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of an injury or continuing pain, or who has been rendered unconscious. Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics and imperviousness to pain (sometimes referred to as "Excited Delirium"), or who required a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practical. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

If an individual refuses medical attention, such a refusal shall be fully documented in the case reports and a supervisor should be notified. Whenever practical, the refusal should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.
**Handcuffing and Restraints**

304.8 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.
(b) Supervisor notification and approval of restraint use.
(c) The types of restraint used.
(d) The amount of time the person was restrained.
(e) How the person was transported and the position of the person during transport.
(f) Observations of the person’s behavior and any signs of physiological problems.
(g) Any known or suspected drug use or other medical problems.

304.9 TRAINING
Subject to available resources, the Training Coordinator should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
(b) Response to complaints of pain by restrained persons.
(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

305.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

305.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Village of Lisle Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

305.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

305.4 RESPONSIBILITIES

305.4.1 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

305.4.2 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to Village property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.
Control Devices and Techniques

305.5 BATON GUIDELINES
The expandable baton is authorized for use when, based upon the circumstances perceived by the officer, force reasonably appears justified and necessary to result in the safe control of a suspect.

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in an authorized holder. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

305.6 TEAR GAS GUIDELINES
Tear gas is available to the Lisle Police Department through the multi-jurisdictional Metro SWAT team. Only officers trained in the use of tear gas deployment should discharge such devices.

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. The SWAT Commander and/or, Incident Commander may authorize the delivery and use of tear gas only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary to result in the safe control of the suspect(s). When practical, fire department personnel should be alerted and called to the scene prior to the deployment of tear gas to assist in providing medical aid or gas evacuation when the scene is secure.

305.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

305.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in an authorized holder. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

305.7.2 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by fire department paramedics, and if needed transported to a hospital for further treatment.
Control Devices and Techniques

305.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

305.9 KINETIC ENERGY PROJECTILE GUIDELINES
The Lisle Police Department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

Kinetic energy projectiles are approved by the department and are fired from 12 gauge shotguns and/or 40mm launchers. Certain munitions can be used in an attempt to de-escalate a potentially deadly situation, with a reduced potential for death or serious physical injury.

305.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
(b) The suspect has made credible threats to harm him/herself or others.
(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

305.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.
(b) Type of munitions employed.
(c) Type and thickness of subject’s clothing.
Control Devices and Techniques

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

305.9.3 SAFETY PROCEDURES
Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

305.10 TRAINING FOR CONTROL DEVICES
The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
Control Devices and Techniques

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

305.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of Conducted Electrical Weapon (CEW) devices.

306.2 POLICY
The Conducted Electrical Weapon (CEW) device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

306.3 ISSUANCE AND CARRYING TASER DEVICES
Members of the department who have successfully completed department-approved training will carry the Conducted Electrical Weapon (CEW) device.

Officers shall only use the Conducted Electrical Weapon (CEW) device and cartridges that have been issued by the Department. Officers who carry the Conducted Electrical Weapon (CEW) device shall wear the device in an approved holster on their person.

Members carrying the Conducted Electrical Weapon (CEW) device should perform a spark test on the unit prior to every shift. The Conducted Electrical Weapon (CEW) device unit number shall be recorded by the officer utilizing the device, and the device shall be returned to the proper storage container at the conclusion of every shift.

When carried while in uniform, officers shall carry the Conducted Electrical Weapon (CEW) device in a weak-side holster on the side opposite the duty weapon.

(a) All Conducted Electrical Weapon (CEW) devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the Conducted Electrical Weapon (CEW) device.

(c) Officers shall be responsible for ensuring that their issued Conducted Electrical Weapon (CEW) device is properly maintained and in good working order.

(d) Officers should never hold both a firearm and the Conducted Electrical Weapon (CEW) device at the same time.

306.3.1 FACTORS TO DETERMINE REASONABLENESS OF FORCE
The application of the TASER is likely to cause intense, but momentary, pain. Due to this, officers should carefully consider and balance the totality of circumstances available prior to using the TASER including, but not limited to the following factors:

a. The conduct of the individual being confronted (as reasonably perceived by the officer at the time of the incident).
b. Officer/subject factors including age, size, relative strength, skill level, injury/exhaustion, number of officers vs. subjects.

c. Influence of drugs/alcohol (mental capacity).

d. Proximity of weapons.

e. The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

f. Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances).

g. Seriousness of the suspected offense or the reason for the contact with the subject.

h. Training and experience of the officer.

i. Potential for injury to citizens, officers and suspects.

j. Risk of escape.

k. Other exigent circumstances.

306.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the Conducted Electrical Weapon (CEW) device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the Conducted Electrical Weapon (CEW) device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the Conducted Electrical Weapon (CEW) device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the Conducted Electrical Weapon (CEW) device in the related report.

306.5 USE OF THE TASER DEVICE

As with any law enforcement equipment, the Conducted Electrical Weapon (CEW) device has limitations and restrictions requiring consideration before its use. The Conducted Electrical Weapon (CEW) device should only be used when its operator can safely approach the subject within the operational range of the device. Although the Conducted Electrical Weapon (CEW)
Conducted Energy Device

device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

306.5.1 APPLICATION OF THE TASER DEVICE
The Conducted Electrical Weapon (CEW) device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the Conducted Electrical Weapon (CEW) device to apprehend an individual.

306.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the Conducted Electrical Weapon (CEW) device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the Conducted Electrical Weapon (CEW) device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The Conducted Electrical Weapon (CEW) device shall not be used to psychologically torment, elicit statements or to punish any individual.
306.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the Conducted Electrical Weapon (CEW) device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

306.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Officers should apply the Conducted Electrical Weapon (CEW) device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the Conducted Electrical Weapon (CEW) device against a single individual are generally not recommended unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the Conducted Electrical Weapon (CEW) device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the Conducted Electrical Weapon (CEW) device, including:

(a) Whether the probes are making proper contact.
(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one Conducted Electrical Weapon (CEW) device at a time against a single subject.

306.5.5 ACTIONS FOLLOWING DEPLOYMENTS
All Conducted Electrical Weapon (CEW) discharges shall be documented in the related case report and on the Defensive Action Report, and notification must be made to a supervisor. Accidental discharges of a Conducted Electrical Weapon (CEW) cartridge will also be documented in a department memorandum addressed to the Deputy Chief. Any report documenting the discharge of a Conducted Electrical Weapon (CEW) cartridge will include the cartridge serial number and an explanation of the circumstances surrounding the discharge.

The onboard Conducted Electrical Weapon (CEW) memory will be downloaded through the data port by a certified Conducted Electrical Weapon (CEW) instructor and saved with the related reports. Photographs of probe sites should be taken, Anti-Felon Identification (AFID) tags should be collected, and the expended cartridge along with both probes and wire should be submitted into evidence for future reference. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes punctured the subject's skin.
Conducted Energy Device

306.5.6 DANGEROUS ANIMALS
The Conducted Electrical Weapon (CEW) device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

306.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department Conducted Electrical Weapon (CEW) devices while off-duty.

306.6 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person’s body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

306.7 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.
A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device’s onboard memory should be downloaded through the data port by a certified Conducted Electrical Weapon (CEW) instructor and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

306.8 TRAINING
Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer’s knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for TASER devices will be documented in the officer’s training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Coordinator is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Shootings and Deaths

307.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer (50 ILCS 727/1-10; 50 ILCS 727/1-30; 730 ILCS 210/3-1).

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

307.1.1 DEFINITIONS
Definitions related to this policy include:

**Officer-involved death** - Any death of an individual that results directly from an action or directly from an intentional omission, including unreasonable delay involving a person in custody or intentional failure to seek medical attention when the need for treatment is apparent, of a law enforcement officer while the officer is on-duty, or otherwise acting within the scope of his/her employment, or while the officer is off-duty, but performing activities that are within the scope of his/her law enforcement duties. It also includes any death resulting from a motor vehicle crash, if the law enforcement officer was engaged in law enforcement activity involving the individual or the individual's vehicle in the process of apprehension or an attempt to apprehend (50 ILCS 727/1-5).

307.2 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

307.3 CONTROL OF INVESTIGATIONS
The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

307.3.1 VILLAGE OF LISLE POLICE DEPARTMENT OFFICER WITHIN THIS JURISDICTION
The Village of Lisle Police Department is responsible for the criminal investigation of the suspect's actions, the civil investigation, and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the State's Attorney.
307.3.2 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Village of Lisle Police Department would control the investigation if the suspect's crime occurred in Lisle.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

307.3.3 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

307.3.4 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

An officer-involved death of an individual in custody that may have been caused by the officer's use of force shall be investigated and reported pursuant to the Reporting of Deaths in Custody Act (730 ILCS 210/3-5).

307.4 THE INVESTIGATION PROCESS
The following guidelines are used in the investigation of an officer-involved shooting.

307.4.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved LPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.
307.4.2 SHIFT SERGEANT/OIC DUTIES
Upon learning of an officer-involved shooting, the Shift Sergeant/OIC shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or Deputy Chief.

307.4.3 NOTIFICATIONS
The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigations Unit Deputy Chief
- [OIS protocol] rollout team
- Outside agency investigators (if appropriate)
- Professional Standards Unit supervisor
- Civil liability response team
- Psychological/Peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

307.4.4 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.
   1. Involved LPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
   2. Requests from involved non-LPD officers should be referred to their employing agencies.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.

(d) A licensed psychotherapist shall be provided by the Department to each involved LPD officer. A licensed psychotherapist may also be provided to any other affected LPD members, upon request.
   1. Interviews with a licensed psychotherapist will be considered privileged.
   2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Communications with peer counselors are confidential and may only be disclosed in accordance with 5 ILCS 840/20.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved LPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

307.4.5 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved LPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.

1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any LPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional LPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved LPD officer should be given an administrative order not to discuss the incident with other involved officers or LPD members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.
307.4.6 COMMUNICATION WITH FAMILY AND NEXT-OF-KIN
When a death has resulted from an officer’s use of force or while in the custody of the Department or a department officer, notification to next-of-kin, family, or another emergency contact shall be made as soon as practicable. The information provided should include the facts surrounding the incident that are reasonably known to the member at that time and that are appropriate to provide under the circumstances given any pending investigations and in accordance with state and federal law (730 ILCS 210/3-5).

The Chief of Police shall designate an officer as the Family Liaison Officer to handle ongoing communication with the decedent’s family or next-of-kin. Responsibilities of this position include but are not limited to communicating investigation developments, practical support, and, if requested, arranging for a chaplain or suitable staff member to address matters related to faith (730 ILCS 210/3-5).

307.5 CRIMINAL INVESTIGATION
The State Attorney’s Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting that does not result in death. Officer-involved deaths shall be investigated by outside agency investigators as provided in the applicable intergovernmental agreements.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the State Attorney’s Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) LPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of LPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer’s statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.
307.5.1 REPORTS BY INVOLVED LPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved LPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved LPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LPD officer of the right to consult with legal counsel before completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures and should be included for reference in the investigation of the officer-involved shooting or death.

307.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
Officer-Involved Shootings and Deaths

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

307.5.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigation Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from outside investigatory agencies and may be assigned to separately handle the investigation of any related crimes not being investigated by outside investigatory agencies.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigation Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Deputy Chief.

307.5.4 OFFICER-INVOLVED DEATH INVESTIGATIONS
The Chief of Police should ensure that the Village of Lisle Police Department enters into appropriate intergovernmental agreements to investigate officer-involved deaths involving members of the LPD by appropriately trained outside investigators as required by the Police and Community Relations Improvement Act (50 ILCS 727/1-1 et seq.). The agreement should establish any compensation arrangement for participation in investigations and establish responsibilities for expeditiously providing a complete report to the State’s Attorney and a public report if no charge or indictment is brought against the officer.

307.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved LPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy) (50 ILCS 725/1 et seq.).

Where any conflict exists between this policy and a collective bargaining agreement, the collective bargaining agreement shall prevail and control. (5 ILCS 315/15(a)&(b)).

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a urine sample for alcohol/drug screening. Blood samples may be compelled, but shall require a search warrant. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
1. A sample shall be compelled in the case of a shooting that caused injury or death of a person as soon as practicable but no later than the end of the officer’s shift or tour of duty (50 ILCS 727/1-25).

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas, with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. The interview shall take place at the facility to which the administrative investigator is assigned or the police facility that has jurisdiction over the place where the incident occurred. The interview shall also be conducted at a reasonable time of day and during the time when the officer is on-duty as operational requirements and the nature of the incident permit. The interview shall be of reasonable duration and allow for reasonable periods of rest and personal necessities of the officer (50 ILCS 725/3.1; 50 ILCS 725/3.3; 50 ILCS 725/3.5).

3. The officer shall not be subject to professional or personal abuse, including offensive language (50 ILCS 725/3.6).

4. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview and shall inform the LPD of any person who will be present on his/her behalf (50 ILCS 725/3.4; 50 ILCS 725/3.9). The officer shall have the right to be represented by counsel and may request counsel at any time before or during the interview and shall have a reasonable time and opportunity to obtain counsel (50 ILCS 725/3.9). However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

5. A complete record of the administrative interview shall be made and a complete transcript or copy shall be made available to the officer without charge and without undue delay. Such record may be electronically recorded (50 ILCS 725/3.7). The officer may also record the interview.

6. The officer shall be informed in writing of the nature of the investigation, the interviewers, and all persons who will be present on behalf of the LPD (50 ILCS 725/3.2; 50 ILCS 725/3.4). If an officer refuses to answer questions, he/she
Officer-Involved Shootings and Deaths

should be given his/her Garrity rights in writing and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally (50 ILCS 725/3.8).

7. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

8. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

9. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

(d) Investigators should take reasonable steps to avoid interfering with the outside criminal investigation conducted under the requirements of 50 ILCS 727/1-10 (50 ILCS 727/1-15).

307.7 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV) or other video or audio recordings, but not body-worn camera footage unless a valid exception exists, prior to providing a recorded statement or completing reports (see the Portable Audio/Video Recorders Policy) (50 ILCS 706/10-20).

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn, and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or Village Attorney’s Office as appropriate.

307.8 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigations Unit Deputy Chief and Public Information Officer in the event of inquiries from the media.

No involved LPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Deputy Chief.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.
307.9 DEBRIEFING
Following an officer-involved shooting or death, the Village of Lisle Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

307.9.1 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police or the authorized designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

307.9.2 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administration Deputy Chief is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other civilian). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

307.10 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

307.11 REPORTING
The Patrol Deputy Chief will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements for any officer-involved shooting or death that qualifies to be reported to the Department of State Police (50 ILCS 709/5-12).

The Records Supervisor shall submit a written report to the Illinois Criminal Justice Information Authority whenever an officer’s use of force results in a death. There shall be a good faith effort to include all known relevant facts and circumstances in the report, and the report shall be submitted within 30 days on the required standardized form (730 ILCS 210/3-5).
Firearms

308.1 PURPOSE AND SCOPE

This policy only applies to those members who are authorized to carry firearms.

308.2 POLICY

308.2.2 PATROL LONG GUNS/AR-15/M-16 CARBINE
Patrol vehicles will be equipped with a semi-auto carbine. The carbine will be secured in an electric locking rifle rack mounted inside the police vehicle. A department approved weapon case consisting of a carbine and less lethal option may also be carried on a patrol shift and secured in the squad car trunk.

Patrol officers should carry a patrol carbine in their vehicle. The department carbine storage safe will house the carbine's when not secured in a police vehicle.

Officers shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control in a manner that will keep them inaccessible to children and irresponsible adults.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

308.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

308.5.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing
with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

308.5.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

308.5.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

308.6 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Coordinator after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty weapons carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Coordinator documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Coordinator.

308.7 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who
intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Village of Lisle Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Village of Lisle Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Village of Lisle Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

308.8 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):
Firearms

(a) The officer shall carry his/her Village of Lisle Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Vehicle Pursuits

309.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

309.1.1 VEHICLE PURSUIT DEFINED
An active attempt by a peace officer in an authorized emergency vehicle to apprehend an actual or suspected law violator, who is attempting to avoid apprehension through evasive tactics.

309.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with emergency lights and siren. The driver of an authorized emergency vehicle may proceed past a red or stop signal or stop sign, exceed the maximum speed limits, and disregard regulations governing direction of movement or turning in specified directions provided the driver slows as may be required and necessary for safe operation and does not endanger life or property (625 ILCS 5/11-205).

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).

To reduce the likelihood of a pursuit occurring, an officer intending to stop a vehicle for any violation of the law, except a traffic law, should, whenever possible and without creating a threat to public
Vehicle Pursuits

safety or officers, close the distance between the two vehicles. In situations where appropriate and prudent, awaiting the arrival of assisting officers, prior to activating emergency lights, an audible device, or otherwise signaling the suspect to stop may be warranted.

Upon approaching an intersection controlled by traffic signals or signs, or any other location at which there is an increased likelihood of a collision, the driver of any pursuit vehicle shall reduce the vehicle’s speed so as to avoid a collision with another vehicle or pedestrian.

Officers should make every reasonable effort to ensure that the way is clear before proceeding through an intersection or otherwise increasing speed. Pursuing officers are expected to maintain complete control of their vehicles at all times. Throughout the course of a pursuit, pursuing officers should not attempt to overtake, pull alongside, or pass the suspect's moving vehicle without the specific authorization of a supervisor, if feasible. Officers are discouraged from passing other units involved in a pursuit unless the passing officer receives specific permission from the Primary Unit.

309.2.1 WHEN TO INITIATE A PURSUIT

Officers will not initiate or become in pursuits for traffic offenses, property crimes, whether felony or misdemeanor, or when the suspect flees for unknown reasons except as outlined below, nor will any officer participate in a pursuit if the department vehicle is occupied by an individual who is not a police officer.

Officers may initiate a motor vehicle pursuit only when an officer has an articulable reason to believe the occupant(s) of a fleeing vehicle has committed or attempted to commit a forcible felony which involves the infliction or threatened infliction of great bodily harm, is attempting to escape by use of a deadly weapon, or otherwise indicates they will endanger human life or inflict great bodily harm unless apprehended without delay. All officers involved in a pursuit must be able to justify their reasons for initiating and continuing the pursuit.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).

(d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
Vehicle Pursuits

(f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the telecommunicator/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

309.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)’ escape.

The factors listed in the previous subsection are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

In addition to the factors listed in the previous subsection the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) Hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit,
Vehicle Pursuits

officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Directed by a supervisor.

309.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

309.3 PURSUIT UNITS
Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

309.3.1 SEMI-MARKED AND UNMARKED VEHICLES
Semi-marked units may initiate a pursuit providing the proper justification exists, but will relinquish Primary Unit status immediately upon the participation of a marked police car. Upon relinquishing Primary Unit status, semi-marked units shall terminate active involvement in a pursuit unless they are needed to fulfill Secondary Unit responsibilities or are otherwise directed by a supervisor. A semi-marked police vehicle is not identifiably marked by a distinctive color scheme; red and/or blue lights may be mounted within the vehicle, equipped with siren, and could have partial police marking.

Unmarked or other departmental vehicles, except for marked and semi-marked units, may not initiate a pursuit without the authorization of a supervisor unless there is an imminent threat to life or great bodily harm represented by the continued freedom of the suspect. An unmarked police vehicle has no distinctive identifiable marking but may have portable emergency warning lights.

309.3.2 PRIMARY UNIT RESPONSIBILITIES
The decision to initiate and/or continue a pursuit requires weighing the public safety need to immediately apprehend the suspect against the degree of risk to which peace officers and others
Vehicle Pursuits

are exposed as the result of a pursuit. Officers are reminded that they are under no legal obligation to initiate a pursuit, and that in many circumstances the safety of the public will dictate that no pursuit be initiated, and/or it be discontinued.

Upon the initiation of a pursuit, the pursuing officer shall immediately activate the vehicle’s emergency warning lights, audible device, and headlights if not already activated.

The Primary Unit will notify Dispatch that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

309.3.3 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit should immediately notify the dispatcher and supervisor, if feasible, of entry into the pursuit. Until such time that a supervisor assumes responsibility, only one Secondary Unit shall become involved in an ongoing pursuit.
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.
(d) Upon joining the pursuit or being assigned Secondary Unit responsibilities, the vehicle’s emergency warning lights, audible device, and headlights shall be activated.
(e) If so requested by the Primary Unit or if directed by a supervisor to do so, the Secondary Unit may assume Primary Unit responsibilities. Otherwise, the Secondary Unit may not attempt to overtake or pull alongside the Primary Unit.
(f) Secondary Unit personnel are responsible for serving as a backup to the Primary Unit. As such, they will respond to directions from the Primary Unit personnel unless otherwise directed by a supervisor or circumstances do not allow.

309.3.4 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) Police officers involved in a pursuit shall not proceed in a direction opposite to the flow of traffic on a divided highway without the specific authorization of a supervisor, if feasible. In the event the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspect(s).

(d) Notifying the Illinois State Police and/or other agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

309.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.
Vehicle Pursuits

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

309.3.6 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

309.3.7 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

309.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon notification that a pursuit is in progress, the supervisor shall assume responsibility for the monitoring and control of the pursuit as it progresses.

(b) The supervisor shall immediately determine whether the pursuit was initiated in accordance with the provisions of this guideline and shall permit the pursuit to be continued only if said guideline has been fully complied with to the best of the supervisor's knowledge.

(c) Upon being notified of a pursuit, the supervisor shall verify the following:

1. That no more than the required or necessary number of units are involved in the pursuit.

2. That the proper radio frequency is being used.
Vehicle Pursuits

3. That other agencies are notified as necessary and appropriate.

(d) The supervisor shall continuously review the incoming information to determine whether the pursuit should be continued or terminated.

(e) The supervisor shall order a pursuit terminated after concluding danger to the pursuing peace officers or the public outweighs the need for the immediate apprehension of the suspect.

(f) The supervisor may order a pursuit terminated if the suspect’s identity is established to the point where later apprehension is likely and there is no immediate threat to public safety.

(g) The supervisor should order a pursuit terminated whenever the weather, road, or traffic conditions substantially increase the danger to the public posed by the pursuit beyond the need for immediate apprehension.

(h) The supervisor should order a pursuit terminated whenever the distance between the pursuing and fleeing vehicles is so great that further pursuit is futile.

(i) In controlling the pursuit, the supervisor shall be responsible for the coordination of the pursuit as follows:
   1. Directing pursuit or support units into or out of the pursuit.
   2. The assignment of a Secondary Unit to the pursuit.
   3. The re-designation of Primary, Secondary, or other support units as necessary.
   4. The approval, disapproval, and coordination of pursuit tactics.
   5. The approval or disapproval to cross jurisdictional boundaries in the continuation of the pursuit.

(j) The supervisor may approve and assign additional backup or support units to assist the Primary and Secondary Units based upon their analysis of:
   1. The nature of the offense for which the pursuit was initiated.
   2. The number of suspects and any known propensity for violence.
   3. The number of peace officers in the pursuit vehicles.
   4. Any damage or injuries to the assigned Primary or Secondary Units or peace officers.
   5. The number of peace officers necessary to safely make an arrest at the conclusion of the pursuit.
   6. Any other clear and articulable facts that would justify the increased hazards caused by adding more than the Primary and Secondary Units to a pursuit.
Vehicle Pursuits

(k) When the pursuit is terminated, the supervisor shall require that all participating agencies are notified, and identify an on scene supervisor or designee to monitor the arrest and transportation procedures.

(l) The supervisor shall require throughout the duration of the pursuit that this guideline is followed by all peace officers.

309.4.1 PATROL SUPERVISOR RESPONSIBILITIES
Upon becoming aware that a pursuit has been initiated, the patrol supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The patrol supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The patrol supervisor shall review all pertinent reports for content and forward to the Deputy Chief of Operations.

309.5 COMMUNICATIONS
If the pursuit is confined within the Village limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to the ISPERN emergency channel.

309.5.1 DU-COMM RESPONSIBILITIES

(a) Upon notification that a pursuit has been initiated, Dispatch will:

1. Give priority to the Primary Unit.
2. Notify other units of pursuit, including location, direction of travel, and vehicle description.
3. Keep the channel clear.
4. Notify the patrol supervisor and/or Watch Commander if feasible.
5. Receive and records all incoming information on pursuit.
6. Keep patrol supervisor and/or the Watch Commander apprised of progress of pursuit.
7. Request status when the pursuing peace officer fails to make frequent contact.
8. Notify neighboring jurisdictions of the pursuit approaching their boundaries.
9. Perform relevant records and motor vehicle checks.
10. Coordinate and dispatch backup assistance and air support units under the direction of the supervisor.

(b) Radio frequency management:
Vehicle Pursuits

1. Pursuit communication will be handled on the frequency designated by the pursuing agency unless one or more of the following conditions exist:
   (a) The pursuit has or may extend into other jurisdictions.
   (b) The supervisor directs a switch to ISPERN.

2. Upon using the ISPERN frequency, the Primary Unit shall conform to ISPERN guidelines.

309.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspect(s). The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

309.6 INTER-JURISDICTIONAL PURSUITS
Officers involved in inter-jurisdictional pursuits are required to comply with their department's guidelines and inter-jurisdictional agreements. Only pursuit tactics permitted by this policy may be utilized by Village of Lisle Police Department officers, irrespective of what is requested by the other agency.

When a pursuit enters another agency’s jurisdiction:
   (a) The primary unit will advise Dispatch that the pursuit is leaving this jurisdiction.
   (b) The controlling supervisor will decide whether to continue the pursuit based upon the totality of circumstances known.
   (c) As soon as practicable Dispatch will notify the involved jurisdiction.
   (d) If two units from the other agency are actively involved in the pursuit, the officers will not engage in the pursuit unless directed to do so by a supervisor.

309.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Village of Lisle Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and ISP units, a request for ISP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, a request for assistance from the ISP should include confirmation that the ISP will relinquish control.
309.6.2 PURSUIT \EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit.
(b) Circumstances serious enough to continue the pursuit.
(c) Adequate staffing to continue the pursuit.
(d) The public's safety within this jurisdiction.
(e) Safety of the pursuing peace officers.

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the Village limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

309.7 PURSUIT INTERVENTION
Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Police Immobilization Technique), ramming, heading off, or roadblock procedures.

309.7.1 WHEN USE AUTHORIZED
Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.
309.7.2 DEFINITIONS

**Boxing-in/Rolling Roadblock** - The surrounding of a suspect's moving vehicle with moving pursuit vehicles which are then slowed to a stop along with the suspect's vehicle. Boxing in/rolling roadblocks are mobile stop techniques.

**Heading Off** - An attempt to terminate a pursuit by pulling ahead of, behind or toward a suspect's moving vehicle to force it to the side of the road or to otherwise come to a stop. Heading off is a forcible stop technique.

**Roadblocks** - A restriction or obstruction used or intended for the purpose of preventing free passage of motor vehicles on a roadway in order to effect the apprehension of a suspect. This includes placement of vehicles as well as use of devices to disable a vehicle. A roadblock is a stationary stop technique.

**Spikes or Tack Strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

**Vehicle Contact Action (Ramming)** - Any action undertaken by the pursuing officer intended to result in contact between the moving police vehicle and the pursued vehicle. Vehicle contact actions are forcible stop techniques.

309.7.3 USE OF FIREARMS/VEHICLE CONTACT ACTION

Officers involved in a pursuit shall not discharge any firearm from or at a moving vehicle, nor engage in any vehicle contact action except as a last resort in which it reasonably appears necessary to prevent imminent death or serious bodily injury to a peace officer or another person where deadly force would otherwise be legally justified. Where feasible, an officer should obtain authorization from a supervisor before discharging a weapon from or at a moving vehicle.

309.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to peace officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

Those tactics which reasonably may be construed to be a use of deadly force should be employed only as a last resort in which it reasonably appears necessary to prevent imminent death or serious bodily injury to a peace officer or another person where deadly force would otherwise be legally justified. Where feasible, an officer should obtain authorization from a supervisor before applying any tactic which may be reasonably foreseen to be a use of deadly force.

Intervention tactic application circumstances include:
Vehicle Pursuits

(a) Officers may use stationary stop techniques to terminate any pursuit so long as the technique is employed in a fashion that is not reasonably calculated to cause death or great bodily harm to persons in the pursued vehicle or others in the vicinity (e.g. the pursued vehicle has sufficient time and distance to stop before reaching the roadblock or the technology employed is designed to disable the vehicle without the loss of control). Where feasible, an officer should obtain authorization from a supervisor before implementing stationary stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.

(b) Officers may use mobile stop techniques to terminate any pursuit so long as the technique is employed in a fashion that is not reasonably calculated to cause death or great bodily harm to persons in the pursued vehicle or others in the vicinity. Where feasible, an officer should obtain authorization from a supervisor before implementing mobile stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.

(c) At low speeds the use of forcible stop techniques is permitted when there is legal justification for the use of force. Where feasible, an officer should obtain authorization from a supervisor before implementing forcible stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.

(d) At high speeds the use of forcible stop techniques is permitted only when there is legal justification for the use of deadly force. Where feasible, an officer should obtain authorization from a supervisor before implementing forcible stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.

309.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

309.8 REPORTING REQUIREMENTS
Officers shall complete an appropriate report of the pursuit incident and assign a case reporting number to each pursuit incident. If involved in inter-jurisdictional pursuit, obtain an Illinois State Police Emergency Radio Network (ISPERN) number in addition to their own case reporting number.
Vehicle Pursuits

(a) Pursuit incidents will be investigated thoroughly. The acquisition of statements, photographs, drawings, preliminary medical reports and any other evidentiary items that are or could be relevant to the conduct of the pursuit incident should be completed.

(b) A case report shall be completed detailing the pursuit from beginning until end and should contain the following information:

1. Date and time of pursuit.
2. Length of pursuit.
3. Involved units and officers.
4. Initial reason for pursuit.
5. Starting and termination points.
6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable.
7. Injuries and/or property damage.
9. Names of participating officers and supervisors.

(c) The "Pursuit Driving Report" shall be completed. The "Pursuit Driving Report" should be submitted through the chain of command for internal evaluation and administrative review to determine:

2. Operational needs.
3. Future training needs.

(d) The "Pursuit Driving Report" will be submitted to the Illinois Law Enforcement Training Standards Board, 600 South Second Street, Suite 300, Springfield, Illinois 62704, by each agency involved in a pursuit.

309.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
All sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

309.8.2 POLICY REVIEW
All department officers shall certify in writing that they have received, read and understand this policy initially and upon any amendments.
309.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy has been created with input from the Illinois Law Enforcement Training Standards Board; Police Pursuit Guidelines (revised March, 2004), in accordance with 50 ILCS 705/7.5.
Officer Response to Calls

310.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

310.2 RESPONSE TO CALLS
Officers dispatched using emergency lights and siren shall consider the call an emergency response and proceed immediately. Officers responding using emergency lights and siren shall continuously operate emergency lighting equipment, and shall sound the siren as reasonably necessary.

The driver of an authorized emergency vehicle may (625 ILCS 5/11-205):

(a) Park or stand, irrespective of the provisions of the Illinois Vehicle Code (625 ILCS).
(b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be required and necessary for safe operation.
(c) Exceed the maximum speed limits so long as he/she does not endanger life or property.
(d) Disregard regulations governing direction of movement or turning in specified directions.

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).

Officers should only respond using emergency lights and siren when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond using emergency lights and siren shall observe all traffic laws and proceed without the use of emergency lights and siren.

310.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
Officer Response to Calls

- The number of units required

310.3.1 NUMBER OF UNITS ASSIGNED
Normally, only two units should respond to an emergency call using emergency lights and siren unless the shift sergeant/OIC authorizes additional unit(s).

310.4 RESPONSIBILITIES OF RESPONDING OFFICER(S)
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the emergency response when directed by a supervisor.

310.5 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign an emergency response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance.
(b) Confirm the location from which the unit is responding.
(c) Notify and coordinate allied emergency services (e.g., fire and ambulance).
(d) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
(e) Control all radio communications during the emergency and coordinate assistance under the direction of the shift sergeant/OIC.

310.6 SUPERVISORY RESPONSIBILITIES
The shift sergeant/OIC shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.
310.7 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and respond accordingly. In all cases, the officer shall notify Dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Canines

311.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment law enforcement services to the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

311.2 POLICY
It is the policy of the Village of Lisle Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

311.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time and then only with the approval of the Watch Commander.

311.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Patrol Deputy Chief or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
   1. Ensure all department vehicles used to transport canines are equipped with a heat sensor monitoring device that meets the requirements of 510 ILCS 83/15.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
Canines

311.5 REQUESTS FOR CANINE TEAMS
Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Watch Commander.

311.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
(c) Calling out off-duty canine teams is discouraged.
(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

311.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

311.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.
Canines

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

311.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
Canines

311.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

311.6.3 ACCIDENTAL CANINE BITE
In the event of an accidental police canine bite, the canine shall be secured as quickly as possible. First aid should be rendered to the victim, and the injured party should be transported to an appropriate medical facility if the injury requires medical attention beyond first aid. Photographs should be taken of the bite or injury as soon as practicable after tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. It is the responsibility of the Unit Coordinator to ensure that such photographs are retained until the potential need for use in any related civil proceeding has expired.

The K-9 Officer will notify the Unit Coordinator and Deputy Chief as soon as practical after the accidental bite. A written summary of the incident, any related insurance paperwork (IRMA), and all other necessary paperwork will be completed and submitted to the Deputy Chief as soon as practical.

Prior to releasing the police canine to duty, a consultation and/or review with a K-9 Master Trainer and a well-being check-up with a licensed veterinarian must be completed.

311.6.4 REPORTING DEPLOYMENTS, BITES AND INJURIES
Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by Emergency Medical Services (EMS) personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in
Canines

accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements (510 ILCS 5/13(b)). The canine shall be under observation for 10 days following any bite. The observation shall consist of the canine being locked in a kennel, performing its official duties in a law enforcement vehicle or remaining under the constant supervision of its handler.

311.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

311.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

311.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags and other articles.

(b) Assisting in the search for narcotics during a search warrant service.

(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.
311.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
(c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

311.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.
(b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
(c) A garage that can be secured and can accommodate a canine vehicle.
(d) Living within 30 minutes travel time from the Lisle Village limits.
(e) Agreeing to be assigned to the position for a minimum of three years.

311.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Village of Lisle Police Department facility.
Canines

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the Village at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

(l) The handler shall ensure the canine receives an annual medical examination by a licensed veterinarian (510 ILCS 83/10).

311.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

311.10 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.
311.11 TRAINING
Before assignment in the field, each narcotic detection canine team shall be trained and certified to meet current requirements established by the Illinois Law Enforcement Training and Standards Board (ILETSB) (50 ILCS 705/10.12). Cross-trained canine teams or those canine teams trained exclusively for the detection of explosives also should be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members to familiarize them with how to conduct themselves in the presence of department canines. The canine coordinator shall also be responsible for scheduling periodic training for all canine handlers in the recognition and treatment of a canine's exposure to dangerous substances such as opioids.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

311.11.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Village of Lisle Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

311.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

311.11.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler's and the canine’s training file.

311.11.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Village of Lisle Police Department may work with outside trainers with the applicable licenses or permits.
Canines

311.11.5 CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(f); 720 ILCS 570/302).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Village of Lisle Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

311.11.6 CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Bureau or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.
311.12 CANINE RETIREMENT
When the Patrol Deputy Chief determines a canine is no longer fit for duty it shall be offered to the handler assigned to the animal during its service. If the handler does not wish to keep the dog, the Patrol Deputy Chief should offer the canine to another employee of the Village of Lisle Police Department, or to a nonprofit organization or no-kill shelter that may facilitate the dog’s adoption (510 ILCS 82/5).
Domestic Violence

312.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

312.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

312.2 POLICY
The Village of Lisle Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

312.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

312.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigation Unit in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence (725 ILCS 5/112A-30).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred (725 ILCS 5/112A-30). Factors that should not be used as sole justification for declining to take enforcement action include:

1. Whether the suspect lives on the premises with the victim.
2. Claims by the suspect that the victim provoked or perpetuated the violence.
3. The potential financial or child custody consequences of arrest.
4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.
Domestic Violence

312.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.
(b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

312.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
(b) Document the resolution in a report.

312.4.3 ELECTRONIC SURVEILLANCE ALERTS
Certain individuals released after a violation of an order of protection may be subject to electronic surveillance by GPS as a condition of release, probation, or conditional discharge (725 ILCS 5/110-5; 730 ILCS 5/5-8A-7).

Upon being dispatched in response to an electronic surveillance alert, officers should make a reasonable attempt to locate the domestic violence victim who is being protected and assist in providing for the victim's safety. A reasonable attempt to locate the offender should also be made.

If the offender is located within a prohibited location of the victim, an officer should consider whether an arrest for a violation of the conditional discharge, bail, supervision, or order of protection is appropriate.

Each response to an electronic surveillance alert shall be documented in an incident or arrest report.

312.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should (725 ILCS 5/112A-30):

(a) Recognize that a victim's behavior and actions may be affected.
(b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
(c) Alert the victim to any available victim advocates, shelters, and community resources.
(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
Domestic Violence

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

312.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

312.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

312.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
312.9 LEGAL MANDATES AND RELEVANT LAWS

Illinois law provides for the following:

312.9.1 STANDARDS FOR ARRESTS

(a) Whenever an officer has reason to believe that a person has been the victim of domestic abuse, the officer shall immediately use all reasonable means to prevent further abuse including arresting the abusing, neglecting and exploiting party, where appropriate (725 ILCS 5/112A-30).

(b) Officers investigating reports of domestic violence should consider the appropriate charges, including Domestic Battery, Aggravated Domestic Battery and Interfering with the Reporting of Domestic Violence (720 ILCS 5/12-3.2; 720 ILCS 5/12-3.3; 720 ILCS 5/12-3.5).

(c) Officers investigating a domestic violence incident, who encounter an individual on bail or bond for a domestic violence arrest, should attempt to determine if there are reasonable grounds to believe that the individual is violating a condition or bond or bail by making contact or communicating with the victim, or by entering or remaining at the victim’s residence within 72 hours following the defendant’s release (725 ILCS 5/110-10(d)).

312.9.2 REPORTS AND RECORDS

The Village of Lisle Police Department is required to record, compile and report to the Illinois State Police information regarding domestic crimes.

(a) Officers shall include in their reports the victim’s statements as to the frequency and severity of prior incidents of domestic violence by the person and the number of prior calls for law enforcement assistance to prevent domestic violence (750 ILCS 60/303; 725 ILCS 5/112A-29).

(b) Reports must also include information regarding the victim, suspect, date and time of the incident, any injury inflicted, any weapons involved, and the relationship between the victim and the suspect so that the Records Supervisor is provided with enough information to meet the reporting requirements of 50 ILCS 709/5-12.

312.9.3 SPECIFIC VICTIM ISSUES

Officers should:

(a) Provide or arrange for accessible transportation for the victim (and, at the victim’s request, any minors or dependents in the victim’s care) to a medical facility for treatment of injuries or to a nearby place of shelter or safety (750 ILCS 60/304).

(b) Provide the victim with one referral to an accessible service agency (750 ILCS 60/304).

312.9.4 COURT ORDER RELATED TO PEACE OFFICERS

If the respondent in an Order of Protection is a peace officer, the investigating officer shall determine if the order prohibits the peace officer from possessing any firearms during the duration of the order (725 ILCS 5/112A-14.).
Domestic Violence

If the respondent officer is employed by the Village of Lisle Police Department, the investigating officer shall take any necessary enforcement actions, promptly submit the appropriate report, and notify the Chief of Police of the incident through the chain of command.

If the respondent officer is not a member of the Village of Lisle Police Department, the investigating officer shall promptly notify the investigating officer’s supervisor. The supervisor shall ensure prompt notification to the respondent officer’s department.

312.9.5 SERVICE OF COURT ORDERS
A summons, along with the petition for protective order, supporting affidavits, if any, and any ex parte protective order that has been issued, shall be served at the earliest time possible and take precedence over service of other summonses, except those of a similar emergency nature (725 ILCS 5/112A-5.5; 725 ILCS 5/112A-17.5).

Before serving an Order of Protection, the serving officer should conduct an inquiry to determine whether the respondent has been issued a concealed carry license (CCL). If the respondent is found to be in possession of a CCL, the officer shall seize the CCL and forward the notification of the order and license to the Illinois State Police within seven days of the date the order was served (430 ILCS 66/70).

If the Village of Lisle Police Department receives a copy of an ex parte protective order issued to a person who is in custody, an officer shall make reasonable efforts to serve the protective order or a short form notification on the person before he/she is released from custody (725 ILCS 112A-22).
Workplace Violence

313.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines for responding to incidents involving workplace violence.

313.1.1 DEFINITIONS
Definitions related to this policy include:

Workplace violence - The commission or threatened commission of an act of violence, harassment or stalking as defined under the Illinois Criminal Code of 2012 against a person at his/her place of work. Place of work means any property that is owned or leased by the employer and at which the official business of the employer is conducted, as defined by the Workplace Violence Prevention Act (820 ILCS 275/10).

313.2 POLICY
It is the policy of this department to investigate workplace violence as a serious crime and to facilitate employer and victim access to appropriate civil remedies and community resources whenever feasible.

313.3 INVESTIGATIONS
The following guidelines should be followed by officers when investigating workplace violence cases:

(a) Calls of reported, threatened, imminent or ongoing workplace violence may also involve incidents of domestic violence. Members should consider whether a related domestic violence investigation should also be conducted, as provided in the Domestic Violence Policy.

(b) Members should take reasonable steps to prevent any further workplace violence, including making an arrest where appropriate.

(c) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(d) Officers should advise the employer and victim about seeking medical attention and preserving evidence (specifically including photographs of injury or damage).

(e) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
Workplace Violence

(f) All responses to calls of workplace violence should be documented in an appropriate report.

313.4 EMPLOYER AND VICTIM ASSISTANCE

Officers should:

(a) If a suspect is arrested, advise the employer and victim that there is no guarantee the suspect will remain in custody.
   1. Members should also provide the employer’s and victim’s contact information to the jail staff to enable notification upon the suspect’s release from jail.

(b) If no arrest is made, inform the victim of the victim’s right to request that a criminal proceeding be initiated where appropriate, including specific times and places for meeting with the State’s Attorney’s office, a warrant officer or other official in accordance with local procedure.

(c) Provide the victim with the department’s domestic violence information handout, if appropriate.

(d) Advise the parties of available resources, such as victim advocates, shelters or other community resources.

(e) Accompany the victim to his/her place of residence for a reasonable period of time to remove essential items of personal property if appropriate.

(f) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(g) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(h) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(i) Assist the employer and victim in obtaining an emergency order if appropriate.
   1. Victims may require assistance with transportation to apply for an emergency order of protection.
   2. Employers may apply for workplace protection orders if any act of violence, harassment or stalking has been carried out or threatened to be carried out at the workplace (820 ILCS 275/15).

(j) Officers who are investigating a workplace violence incident and encounter a workplace violence suspect who is on bail or bond for a domestic violence arrest, should attempt to determine if there are reasonable grounds to believe that the individual is violating a condition of bond or bail, for example by making contact or
Workplace Violence

communicating with a domestic violence victim within 72 hours of release (725 ILCS 5/110-10(d)).

313.5 REPORTS AND RECORDS
The Village of Lisle Police Department is required to record, compile and report to the Illinois State Police information regarding workplace crimes (750 ILCS 60/303).

(a) Officers shall include in their reports the employer’s and victim's statements as to the frequency and severity of prior incidents of violence, harassment or stalking by the person and the number of prior calls for law enforcement assistance.

(b) The Records Supervisor shall maintain and periodically report workplace violence information in the form and manner required by the Illinois State Police.
Search and Seizure

314.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Village of Lisle Police Department personnel to consider when dealing with search and seizure issues.

314.2 POLICY
It is the policy of the Village of Lisle Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

314.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be permissible. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with the subject’s clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
314.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

314.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Temporary Custody of Juveniles

315.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Village of Lisle Police Department (34 USC § 11133).

315.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

**Juvenile offender** - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated 720 ILCS 5/24-3.1 by possessing a handgun (28 CFR 31.303; 705 ILCS 405/5-105).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.
Temporary Custody of Juveniles

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession or tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

315.2 POLICY
The Village of Lisle Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Lisle Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

315.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Village of Lisle Police Department:

(a) Unconsciousness
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated
(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention, or mental health assistance, and notify a supervisor of the situation.

These juveniles should not be held at the Village of Lisle Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed.

315.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Village of Lisle Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Village of Lisle Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult, or transferred to a juvenile custody facility, or to other authority as soon as
practicable, and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Village of Lisle Police Department (34 USC § 11133; 20 Ill. Adm. Code 720.30).

315.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Village of Lisle Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133; 705 ILCS 405/5-410; 705 ILCS 405/2-6).

A juvenile taken into protective custody for prostitution should be reported to the Illinois Department of Children and Family Services (720 ILCS 5/11-14).

315.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

315.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Village of Lisle Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when (705 ILCS 405/5-401):

(a) Probable cause exists to believe he/she has violated, or attempted to violate, a law or ordinance.

(b) The juvenile has been adjudged a ward of the court and has escaped from any commitment ordered by the court.

(c) An officer reasonably believes the juvenile has violated court-ordered conditions of probation or supervision.

The officer shall promptly take the juvenile to the nearest juvenile police officer (705 ILCS 405/2-6; 705 ILCS 405/3-8).

The officer shall submit a completed report to the Watch Commander.

315.5 ADVISEMENTS
An officer who takes a juvenile into custody without a warrant shall immediately make a reasonable attempt to notify the parent, guardian or the person with whom the juvenile resides that the juvenile has been taken into custody and where the juvenile is being held (705 ILCS 405/2-6).
Temporary Custody of Juveniles

315.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including (705 ILCS 405/5-410):

(a) Identifying information about the juvenile being held.
(b) Date and time of arrival and release from the Village of Lisle Police Department.
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status.
(f) Time of all welfare checks.
(g) Any medical and other screening requested and completed.
(h) Circumstances that justify any secure custody.
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

315.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; 705 ILCS 405/5-410). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Village of Lisle Police Department shall maintain a constant, immediate presence with the juvenile, or the adult to minimize any contact. If inadvertent, or accidental contact does occur, reasonable efforts shall be taken to end the contact.

315.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Lisle Police Department shall ensure the following:

(a) The shift sergeant/OIC should be notified if it is anticipated that a juvenile may need to remain at the Lisle Police Department more than four hours. This will enable the shift sergeant/OIC to ensure no juvenile is held at the Lisle Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
Temporary Custody of Juveniles

(c) Personal visual checks and significant incidents/activities shall be noted on the log.

(d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins.

(f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

(g) Juveniles shall have reasonable access to a drinking fountain or water.

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles should have privacy during family, guardian and/or lawyer visits.

(j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(k) Blankets should be provided as reasonably necessary.

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

315.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Lisle Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the shift sergeant/OIC. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.
315.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Village of Lisle Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Village of Lisle Police Department.

315.11 SECURE CUSTODY
Only juvenile offenders 10 years of age or older may be placed in secure custody (705 ILCS 405/5-410). Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

315.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire time in custody.
(b) Juveniles shall have constant auditory access to department members.
(c) Initial placement into and removal from a locked enclosure shall be logged.
(d) Random personal visual checks of the juvenile by a staff member, no less than every 15 minutes, shall occur.
   1. All checks shall be logged.
Temporary Custody of Juveniles

2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room.

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

315.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Village of Lisle Police Department. The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigation Unit supervisor.

(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile (see the Officer-Involved Shootings and Deaths Policy for additional requirements regarding a death related to a use of force).

(c) Notification of the appropriate prosecutor.

(d) Notification of the Village Attorney.

(e) Evidence preservation.

315.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

A juvenile under 15 years of age at the time of the commission of any of the offenses listed in 705 ILCS 405/5-170 (e.g., homicide, criminal sexual assault, criminal sexual abuse) must be represented by legal counsel during the entire custodial interrogation of the juvenile.

Oral, written or sign-language statements of a juvenile under the age of 18 who is subject to custodial interrogation while in custody at a police station or other custodial location are governed by the Investigation and Prosecution Policy (705 ILCS 405/5-401.5).

A juvenile who was under the age of 18 at the time of the commission of the offense should be read the simplified Miranda warning and asked the following questions as set forth in 705 ILCS 405/5-401.5 and 725 ILCS 5/103-2.1:

(a) Do you want to have a lawyer?

(b) Do you want to talk to me?
315.13.1 JUVENILE CONTACTS AT SCHOOL FACILITIES
Absent exigent circumstances, officers should make every reasonable effort to notify responsible
school officials prior to contacting a student on campus while school is in session.

a. Reasonable efforts should be taken to coordinate with school officials to minimize disruption of
school functions and maintain a low profile police presence when contacting a student.

b. Whenever circumstances warrant the temporary detention or formal interview of a juvenile
student on a school campus, the officer should:

1. When it would not unreasonably interfere with the investigation, take reasonable steps to
notify a parent, guardian, or responsible adult, including those telephone numbers listed on any
emergency contact card on file with the school or provided by the student. All efforts to make
contact with parents, and/or reasons contact was not attempted should be documented.

2. If efforts to contact a parent, guardian, or responsible adult are unsuccessful or not attempted,
a formal interview with the juvenile may proceed without them. Upon the request of the juvenile,
a school official or attorney may be present during the interview in lieu of a parent.

3. If contacted, the selected parent, responsible adult, or school official may be permitted to be
present during any interview.

(a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult,
who in the opinion of the officer appears to be under the influence of alcohol or drugs or otherwise
unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted
to be present.

(b) If the officer reasonably believes that exigent circumstances exist which would materially
interfere with the officer's ability to immediately interview the juvenile, the interview may proceed
without the parent or other responsible adult. In such circumstances, the exigent circumstances
should be documented in a related report.

Absent exigent circumstances or authority of a court order, officers should not involuntarily detain
a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview
or physical exam without the consent of a parent or guardian. In all such cases officers should
adhere to guidelines and requirements set forth in Policy 330 Child Abuse Reporting.

315.13.2 INVESTIGATIONS ON SCHOOL PROPERTY
Before detaining and questioning a juvenile student during regular hours on school grounds, an
officer should make a reasonable effort to notify and have the juvenile’s parent or guardian present
during questioning unless the officer reasonably believes that urgent and immediate action is
necessary to do any of the following (105 ILCS 5/22-85):

(a) Prevent bodily harm or injury to a person
(b) Apprehend an armed or fleeing suspect
(c) Prevent the destruction of evidence
(d) Address an emergency or other dangerous situation
Temporary Custody of Juveniles

The officer should document the time and manner by which the attempted notification or notification of the juvenile’s parent or guardian was made.

If the juvenile’s parent or guardian is not in attendance during questioning, the officer should have a guidance counselor, nurse, social worker, and/or mental health professional of the school present. If practicable, an officer trained or certified in juvenile investigations should be present or conduct the questioning of the juvenile (105 ILCS 5/22-85).

315.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

Juveniles over the age of 10 will be fingerprinted and photographed on all offenses that would be a felony if committed by an adult and serious traffic-related offenses as described in 20 ILCS 2630/5. Fingerprints and photographs may be obtained from juveniles for all other offenses (705 ILCS 405/1-7(B)).

Fingerprints, photographs, and other required information of juveniles will be transmitted to the Department of State Police as described in 705 ILCS 405/1-7(B) and 20 ILCS 2630/5.

No student booking station shall be established or maintained on the grounds of any school (105 ILCS 5/10–20.64; 105 ILCS 5/34–18.57).
Adult Abuse

316.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Village of Lisle Police Department members as required by law.

316.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency.

316.2 POLICY
The Village of Lisle Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

316.3 MANDATORY NOTIFICATION
(a) Within 24 hours members of the Village of Lisle Police Department shall notify the Illinois Department on Aging or other designated social services agency when:

1. There is reason to believe that an eligible adult, who because of a disability or other condition or impairment, is unable to seek assistance for him/herself, and;

2. Has, within the previous 12 months, been subjected to abuse, neglect or financial exploitation (320 ILCS 20/4).

(b) For purpose of this notification, an eligible adult means either:

1. An adult whose disability impairs his/her ability to seek or to obtain protection from abuse, neglect or exploitation, and is 18 through 59 years old.

2. A person 60 years of age or older who resides in a domestic living situation.

(c) Incidents of alleged abuse shall continue to be reported pursuant to the Illinois Domestic Violence Act (320 ILCS 20/4).

(d) The Village of Lisle Police Department shall also notify the Department of Aging whenever it determines a death of an eligible adult was caused by abuse or neglect by a caregiver (320 ILCS 20/3).

316.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.
Adult Abuse

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.
(c) Present all cases of alleged adult abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (320 ILCS 20/3).

316.5 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
(b) Any relevant statements the victim may have made and to whom he/she made the statements.
(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
(e) Whether the victim was transported for medical treatment or a medical examination.
(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
(h) Previous addresses of the victim and suspect.
(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.
(j) Whether a protective order petition should be filed on behalf of the victim when there is a reasonable belief that the victim is incapable of filing a petition for him/herself (750 ILCS 60/201). Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.
Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

316.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact the Illinois Department on Aging or other designated social services agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to the Illinois Department on Aging or other designated social services agency.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

316.7 INTERVIEWS

316.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

316.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
Adult Abuse

2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

316.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

316.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

316.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including Illinois Department on Aging or other social services agency designated to investigate adult abuse, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.
316.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives there should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigation Unit supervisor so an interagency response can begin.

316.10 STATE MANDATES AND OTHER RELEVANT LAWS

316.10.1 RECORDS BUREAU RESPONSIBILITIES
The Records Bureau is responsible for:

(a) Providing a copy of the adult abuse report to the Department on Aging or the designated social services agency as required by law.

316.10.3 SUMMARY REPORTS OF DEATH INVESTIGATIONS
This department will provide, upon request, a summary of actions taken in response to a reported death of an eligible adult to a public or nonprofit agency that has been approved by the Department on Aging to receive and assess such reports (320 ILCS 20/3).

316.11 TRAINING
This department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.
Discriminatory Harassment

317.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

317.2 POLICY
The Village of Lisle Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

317.3 DISCRIMINATION PROHIBITED

317.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (775 ILCS 5/1-103; 775 ILCS 5/2–102; 820 ILCS 180/30).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
317.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment (775 ILCS 5/2–102). It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

317.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with Village or departmental rules or regulations, or any other appropriate work-related communication between supervisor and member.

317.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated (820 ILCS 180/20; 820 ILCS 180/30).

317.3.5 HARASSMENT
Harassment is any unwelcome conduct based on a classification or status protected by law that has the purpose or effect of substantially interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working environment, either within or outside of the physical area the individual is assigned to work (775 ILCS 5/2-101).

Harassment, including sexual harassment, against non-employees in the workplace or while on-duty (including contractors and consultants conducting business with the Department) is prohibited (775 ILCS 5/2-102).
317.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Administrative Services Director or the Village Manager.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violation of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

317.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

(c) Ensuring that their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Administrative Services Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

317.4.2 SUPERVISOR’S ROLE
Supervisors and managers shall be aware of the following:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating
Discriminatory Harassment

or counseling members, or issuing discipline in a manner that is consistent with established procedures.

317.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated.

317.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

317.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Administrative Services Director or the Village Manager.

317.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
Discriminatory Harassment

317.6 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

317.7 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the Village Manager, or the Administrative Services Director, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

317.8 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her affiliation with the Village of Lisle Police Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

317.8.1 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, manager, the Chief of Police, Administrative Services Director or the Village Manager for further information, direction or clarification.

317.8.2 NOTICE
A notice of member rights under the Illinois Human Rights Act summarizing the requirements of the Act and information pertaining to the filing of a charge, including the right to be free from unlawful discrimination and the right to certain reasonable accommodations, shall be posted in a conspicuous location at the Village of Lisle Police Department or in an employee handbook (775 ILCS 5/2-102(K)(1)).

317.8.3 STATE-REQUIRED TRAINING
All members should also participate annually in harassment and discrimination prevention training (5 ILCS 430/5-10.5).

The Training Coordinator should develop a training program that meets the requirements for harassment and discrimination training in 5 ILCS 430/5-10.5 and which includes sexual harassment prevention training consistent with the model sexual harassment prevention program created by the Illinois Department of Human Rights (775 ILCS 5/2-109).
Child Abuse

318.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Lisle Police Department members are required to notify the Illinois Department of Children and Family Services (DCFS) of suspected child abuse.

318.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency (325 ILCS 5/3).

318.2 POLICY
The Village of Lisle Police Department will investigate all reported incidents of alleged criminal child abuse and ensure DCFS is notified as required by law.

318.3 MANDATORY NOTIFICATION
Members of the Village of Lisle Police Department shall notify DCFS when they have reasonable cause to believe a child known to them in their official capacity was abused by a parent, immediate family member, any person responsible for the child's welfare, any individual residing in the same home as the child or a paramour of the child's parent. Members must also report any case of a neglected child (325 ILCS 5/4; 325 ILCS 5/3).

For purposes of notification, abuse includes physical injuries, risk of physical injuries, sex offenses, torture, excessive corporal punishment, female genital mutilation, etc. Neglect includes failure to provide necessary nourishment or medical care or blatant disregard of parent or caretaker responsibilities. Full definitions of abuse and neglect are provided in 325 ILCS 5/3.

318.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (325 ILCS 5/7):

(a) All notifications of suspected child abuse or neglect shall be made immediately, either to DCFS on the statewide, toll-free telephone number, in person or by telephone through the nearest DCFS office (325 ILCS 5/7.6; 89 Ill. Adm. Code 300.30).

(b) Notification, when possible, shall include:

1. The name and address of the child and his/her parents or other persons having custody.
2. The child's age, the nature of the child's condition, including any evidence of previous injuries or disabilities.

3. Any other information that the person filing the report believes might be helpful in establishing the cause of abuse or neglect and the identity of the person believed to have caused such abuse or neglect.

(c) A member who suspects that a child has died as a result of child abuse or neglect shall also immediately report his/her suspicion to the appropriate Coroner (325 ILCS 5/4.1).

318.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

318.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(k) Other investigative steps taken in compliance with any applicable county Child Advocacy Advisory Board protocol the Village of Lisle Police Department follows (55 ILCS 80/3).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

318.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DCFS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DCFS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (325 ILCS 5/5):

(a) A court has ordered the removal of the child.

(b) A court has not ordered the removal of the child but there is reason to believe the child cannot be cared for at home or in the custody of the person responsible for the child’s welfare without endangering the child's health or safety, and there is no time to apply for a court order for temporary custody of the child.
318.6.1 PROCEDURE
A department member taking a child into temporary protective custody shall immediately (325 ILCS 5/5):

(a) Make every reasonable effort to notify the person responsible for the child's welfare.

(b) Notify DCFS.

See the Abandoned Newborn Infant Protection Policy for guidance regarding the Abandoned Newborn Infant Protection Act (325 ILCS 2/10 et seq.).

318.7 INTERVIEWS

318.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

318.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

318.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.
318.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

318.9.1 SUPERVISOR RESPONSIBILITIES
The Investigation Unit Supervisor should:

(a) Work with professionals from the appropriate agencies, including DCFS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigation Unit Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

318.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigation Unit Supervisor so an interagency response can begin.

318.10 STATE MANDATES AND OTHER RELEVANT LAWS
Illinois requires or permits the following:

318.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (325 ILCS 5/11).

322.3 PREVENTING AND PREPARING FOR LIKELY HATE CRIMES
While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for potential hate crimes by among other things:

(a) Officers should make an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes to form and cooperate with prevention and response networks.

(b) Accessing assistance by community and victim groups when necessary.

(c) Providing victim assistance and follow-up as outlined below, including community follow-up.

322.4 PROCEDURE FOR INVESTIGATING HATE CRIMES
Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

(a) Officer(s) will be promptly assigned to contact the victim, witness, or reporting party to investigate the matter further as circumstances may dictate.

(b) A supervisor should be notified of the circumstances as soon as practical.

(c) Once “in progress” aspects of any such situation have been stabilized (e.g., treatment of victims, apprehension of present suspects, etc.), the assigned officer(s) will take all reasonable steps to preserve available evidence that may tend to establish that a hate crime was involved.

(d) The assigned officer(s) will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime.

(e) Depending on the situation, the assigned officer(s) or supervisor may request additional assistance from detectives or other resources to further the investigation.
Hate Crimes

(f) The assigned officer(s) will include all available evidence indicating the likelihood of a hate crime in the relevant report(s). All related reports will be clearly marked as “Hate Crimes” and, absent prior approval of a supervisor, will be completed and submitted by the assigned officer(s) before the end of the shift.

(g) The assigned officer(s) will provide the victim(s) of any suspected hate crime with a brochure on hate crimes. Such brochures will also be available to members of the general public upon request. The assigned officer(s) should also make reasonable efforts to assist the victim(s) by providing available information on local assistance programs and organizations.

(h) The assigned officer(s) and supervisor should take reasonable steps to ensure that any such situation does not escalate further (e.g., Possible Temporary Restraining Order through the State’s Attorney or Village Attorney).

322.4.1 INVESTIGATION UNIT RESPONSIBILITY
If a case is assigned to the Investigation Unit, the assigned detective will be responsible for following up on the reported hate crime as follows:

(a) Coordinate further investigation with the State’s Attorney and other appropriate law enforcement agencies, as appropriate. Federal law also prohibits discrimination-based acts and may be considered in addition to or in lieu of state law, depending on the circumstances (18 USC § 245).

(b) Maintain contact with the victim and other involved individuals as needed.

(c) Ensure that the Records Supervisor is provided with enough information to meet the reporting requirements of 50 ILCS 709/5-12.

Professional Standards

323.1 PURPOSE AND SCOPE
This policy establishes standards of conduct that are consistent with the values and mission of the Village of Lisle Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

323.2 POLICY
The continued employment or appointment of every member of the Village of Lisle Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

323.3 DIRECTIVES AND ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

323.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

323.3.2 SUPERVISOR RESPONSIBILITIES
Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

(a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.

(b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

323.4 GENERAL STANDARDS
Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Illinois Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

323.5 CAUSES FOR DISCIPLINE
The following are illustrative of causes for disciplinary action. Information Technology Use

324.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Computer system** - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented or licensed by the Village of Lisle Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

**Hardware** - Includes, but is not limited to, computers, computer terminals, network equipment, electronic devices, telephones, including cellular and satellite, pagers, modems or any other tangible computer device generally understood to comprise hardware.

**Software** - Includes, but is not limited to, all computer programs, systems and applications, including shareware. This does not include files created by the individual user.

**Temporary file, permanent file or file** - Any electronic document, information or data residing or located, in whole or in part, on the system including, but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs or videos.

324.2 POLICY
It is the policy of the Village of Lisle Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

324.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.
The Department shall not request, require or coerce a member to provide a username, password or other related account information, or require or coerce a member to invite other members to join a group affiliated with any personal account of the member or to join a member's list of contacts in order to gain access to the member’s account or profile on a personal online account (820 ILCS 55/10).

324.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or Village-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

324.4.2 HARDWARE
Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.
Information Technology Use

324.4.3 INTERNET USE
Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information shall be limited to messages, mail and data files.

324.4.4 OFF-DUTY USE
Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

324.5 PROTECTION OF AGENCY SYSTEMS AND FILES
All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

324.6 INSPECTION OR REVIEW
A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Information Technology Use

involving one of its members or a member’s duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

Report Preparation

325.1 PURPOSE AND SCOPE
Report preparation is a major part of each officer’s job. The purpose of reports is to document sufficient information to refresh the officer’s memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

325.1.1 REPORT PREPARATION
Employees should ensure that reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee’s opinions should not be included in reports unless specifically identified as such.

325.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

325.2.1 CRIMINAL ACTIVITY
When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Incidents to be documented in a written report include:

(a) All arrests
(b) All felony crimes
(c) Non-felony incidents involving crimes against persons, threats or stalking behavior
(d) Situations covered by separate policy (see the corresponding policy for guidance). These situations include:
1. Use of Force
2. Domestic Violence
3. Child Abuse
4. Adult Abuse
5. Hate Crimes
6. Suspicious Activity Reports
   (e) All misdemeanor crimes where the victim desires a report.

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved alternative reporting method (e.g., dispatch log).

325.2.2 NON-CRIMINAL ACTIVITY
Incidents that shall be documented using the appropriate approved report include:
   (a) Anytime an officer points a firearm at any person.
   (b) Any use of force against any person by a member of this department (see the Use of Force Policy).

   (e) Any found property or evidence.
   (f) Any traffic crashes above the minimum reporting level (see the Traffic Crash Reporting Policy).
   (g) Suspicious incidents that may indicate a potential for crimes against children or that a child’s safety is in jeopardy.
   (h) All protective custody detentions.
   (i) Suspicious incidents that may place the public or others at risk.
   (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

325.2.3 DEATH CASES
Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigation Policy. The handling officer should notify and apprise a supervisor of the circumstances surrounding the incident to determine how to proceed. The following cases shall be appropriately investigated and documented using the approved report:
   (a) Sudden or accidental deaths.
Report Preparation

(b) Suicides.
(c) Homicide or suspected homicide.
(d) Unattended deaths (No physician or qualified hospice care in the 20 days preceding death).
(e) Found dead bodies or body parts.

325.2.4 INJURY OR DAMAGE BY VILLAGE PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a Village employee. Additionally, reports shall be taken involving damage to Village property or Village equipment.

325.2.5 MISCELLANEOUS INJURIES
Any injury that is reported to this department shall require a report when:

(a) The injury is a result of drug overdose.
(b) Attempted suicide.
(c) The injury is major/serious, whereas death could result.
(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

325.2.6 STOLEN VEHICLE REPORTS
All incidents involving the theft or recovery of any stolen or converted vehicle shall be reported as soon as practicable to the Illinois State Police as provided in 625 ILCS 5/4-107.

325.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

325.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

325.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.
325.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should return the report, stating the reasons for rejection. The report should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

325.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Bureau for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Bureau may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.
Media Relations

326.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

326.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Deputy Chiefs, Supervisors and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

326.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

326.3 MEDIA ACCESS
Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

   1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should
Media Relations

be coordinated through the department Public Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFR should be routed through the shift sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.

(d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

326.3.1 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

326.4 SCOPE OF INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Public Information Officer. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
Media Relations

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner’s Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Records Supervisor. Such requests will generally be processed in accordance with the provisions of the Illinois Freedom of Information Act (5 ILCS 140/1, et seq.).

326.4.1 RESTRICTED INFORMATION
It shall be the responsibility of the authorized member dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and Peace Officer Personnel Files policies) (5 ILCS 140). When in doubt, authorized and available legal counsel should be obtained.
Subpoenas and Court Appearances

327.1 PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court. It will allow the Village of Lisle Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

327.2 POLICY
Village of Lisle Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

327.3 SUBPOENAS
Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so.

Service of a subpoena shall not be accepted unless witness fees are tendered as allowed by law (705 ILCS 35/4.3).

327.3.1 CIVIL SUBPOENA
The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by any current collective bargaining agreement or Village personnel rules.

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

327.3.2 OFF-DUTY RELATED SUBPOENAS
Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

327.3.3 SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the Village Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the Village or one of its members, as a result of his/her official capacity, is a party.

(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.

(c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Village of Lisle Police Department.

(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Village of Lisle Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

327.4 FAILURE TO APPEAR
Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

327.5 STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

327.6 COURTROOM PROTOCOL
When appearing in court, members shall:

(a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.

(b) Dress in the department uniform or business attire.

(c) Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

327.6.1 TESTIMONY
Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

327.7 OVERTIME APPEARANCES
When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with any current collective bargaining agreement or Village personnel rules.

It is the policy of the Village of Lisle Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

328.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the supervisor’s office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

328.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Village of Lisle Police Department shall notify his/her supervisor or the Dispatch center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

328.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.
Mutual Aid and Outside Agency Assistance

328.5 REPORTING REQUIREMENTS

The documentation should include:

(a) The conditions relative to sharing.

(b) The training requirements for:
   1. The use of the supplies and equipment.
   2. The members trained in the use of the supplies and equipment.

(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Coordinator should maintain documentation that the appropriate members have received the required training.
Registered Offender Information

329.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Village of Lisle Police Department will address issues associated with certain offenders residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

329.2 POLICY
It is the policy of the Village of Lisle Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

329.3 REGISTRATION
The Investigation Unit Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Illinois State Police (ISP) (730 ILCS 150/8; 730 ILCS 154/45).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

329.4 CONTENTS OF REGISTRATION
The Investigation Unit Supervisor shall assign a detective/officer to reasonably accommodate registration. The assigned detective/officer will (730 ILCS 150/3; 730 ILCS 150/8; 730 ILCS 154/45):

(a) Obtain proof of identity and residency.
(b) Conduct a criminal history check.
(c) Utilize the appropriate ISP Offender Registration Form to process registration and obtain the offender’s signature on the completed form.
(d) Photograph and fingerprint the individual.
(e) Provide the offender with a registration receipt.
(f) Enter registration information into Law Enforcement Agencies Database System (LEADS).
329.5  MONITORING OF REGISTERED OFFENDERS
The Investigation Unit Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

(b) Review of information on the ISP website.

(c) Contact with a registrant’s parole or probation officer.

Any discrepancies should be reported to the assigned Investigation Unit detective.

The Investigation Unit Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Village of Lisle Police Department personnel, including timely updates regarding new or relocated registrants.

329.6  DISSEMINATION OF OFFENDER INFORMATION
Employees will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the Illinois Sex Offender Information website or the Village of Lisle Police Department’s website.

The Records Supervisor shall release local registered offender information to residents in accordance with applicable state law and in compliance with a Freedom of Information Act request (730 ILCS 152/120; 730 ILCS 154/95).

329.6.1  RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
329.6.2  MANDATORY OFFENDER INFORMATION DISSEMINATION

Information on registered offenders shall be posted at department headquarters (730 ILCS 152/120; 730 ILCS 154/95) and must be made available for public inspection to any person, no later than 72 hours or three business days from the date of a request (730 ILCS 152/120/ 730 ILCS 154/95).

Upon registration of a juvenile sex offender who is also enrolled in school, the department shall provide a copy of the sex offender registration form only to the principal or chief administrative officer of the school and any guidance counselor designated by the chief administrative officer (730 ILCS 152/121).

329.6.3  OFFENDER INFORMATION AVAILABLE VIA THE INTERNET

Information that may be posted on the department’s website regarding registered offenders includes (730 ILCS 152/120; 730 ILCS 154/95):

(a) The offender’s name, address and date of birth.

(b) The offense for which the offender was convicted.

(c) The offender’s photograph or other such information that will help identify the sex offender or violent offender against youth.

(d) Offender employment information.

(e) For sex offenders, the following additional information may be posted on the department’s website: adjudication as a sexually dangerous person, e-mail addresses, instant messaging identities, chat room identities and other Internet communications identities, all Uniform Resource Locators (URLs) registered or used by the sex offender, and all blogs and other Internet sites maintained by the sex offender or to which the sex offender has uploaded any content or posted any messages or information.
Major Incident Notification

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

330.2 POLICY
The Village of Lisle Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

330.3 MINIMUM CRITERIA FOR NOTIFICATION
Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Deputy Chief. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Traffic accidents with fatalities
- Officer-involved shooting - on or off duty (see Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to employee - on or off duty
- Death of a prominent Lisle official
- Arrest of Department employee or prominent Lisle official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths

330.4 SUPERVISOR RESPONSIBILITY
The shift sergeant/OIC is responsible for making the appropriate notifications. The shift sergeant/OIC shall make reasonable attempts to obtain as much information on the incident as possible before notification. They shall attempt to make the notifications as soon as practical. Notification should be made by calling the cellular phone first and then the home telephone number.

330.4.1 STAFF NOTIFICATION
In the event an incident occurs described in the Minimum Criteria for Notification section of this policy, the Chief of Police shall be notified along with the Deputy Chief and the Investigations Unit Supervisor if that division is affected.
Major Incident Notification

330.4.2 DETECTIVE NOTIFICATION
If the incident requires that a detective respond from home, the Investigations Unit supervisor, or designee shall be contacted who will then contact the appropriate detective.

330.4.3 PUBLIC INFORMATION OFFICER (PIO)
The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.
Death Investigation

331.1 PURPOSE AND SCOPE
The investigation of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

331.2 INVESTIGATION CONSIDERATIONS
Death investigations require certain actions be taken. Paramedics shall be called in all suspected death cases unless the cause of death is obvious (e.g., when the subject has been decapitated or the body is decomposed). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations. The Coroner should be notified in all deaths and shall be notified under those conditions listed below in this policy.

The responsible supervisor should determine whether follow-up investigation is required and ensure that a lead investigator is assigned when appropriate.

Only officers who have successfully completed the Illinois Law Enforcement Training and Standards Board (ILETSB) program in death and homicide investigations, or who have been granted a waiver by the board, shall be assigned as lead investigator on any death or homicide investigation (50 ILCS 705/10.11).

331.2.1 CORONER REQUEST
Every Coroner has the responsibility to investigate the following as soon as he knows or is informed that the dead body of any person is found, or lying within his/her county, whose death is suspected of being (55 ILCS 5/3-3013):

(a) A sudden or violent death, whether apparently suicidal, homicidal or accidental.
(b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature.
(c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined.
(d) A death where addiction to alcohol or to any drug may have been a contributory cause.
(e) A death where the decedent was not attended by a licensed physician.

The body shall not be disturbed or moved from the position or place of death without permission of the Coroner.

331.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in 55 ILCS 5/3-3013. The only exception is
that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card. If such a donor card is located, the Coroner or Deputy Coroner shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or Deputy Coroner; the investigating officer shall first obtain verbal consent from the Coroner or Deputy Coroner (55 ILCS 5/3-3019).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Deputy Coroner, a receipt shall be obtained. This receipt shall be attached to the death report.

331.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner or Medical Examiner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

331.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.

331.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

331.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Unit shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

331.3 SPECIMEN SUBMISSION
As soon as possible, but no later than 30 days after receipt of any blood, buccal or tissue specimen from the Coroner, the Investigations Unit Deputy Chief shall ensure the specimen and department case number is submitted to an approved National DNA Index System (NDIS) participating laboratory within this state for analysis and categorizing into genetic marker groupings and that the results are submitted to the Illinois State Police (55 ILCS 5/3-3013).

331.4 UNUSED MEDICATIONS
If an officer collects any unused prescription medication at the scene of a death investigation, the officer shall (210 ILCS 150/18(g)):
Death Investigation

(a) Document the number or amount of medication to be disposed of.

(b) If the medication is collected as evidence, photograph the unused medication and its container or packaging, if available, and include the photograph and documentation with the report.
Identity Theft

332.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

332.2 REPORTING
(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft shall initiate a report for victims residing within the jurisdiction of this department (720 ILCS 5/16-35). For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
   1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides.
(b) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
(c) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus and U.S. Postal Service with all known report numbers).
(d) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

332.3 VICTIM ASSISTANCE
(a) Officers should provide all victims of identity theft with the Attorney General’s Identity Theft Resource Guide.
(b) In a case where another person has been arrested, cited or charged in the victim’s name, where a criminal complaint was filed against a perpetrator in the victim’s name or where the victim’s name has been mistakenly associated with a criminal conviction, the reporting officer should inform the victim of identity theft of his/her right to obtain an expedited judicial determination of factual innocence (720 ILCS 5/16-35(b)).
Limited English Proficiency Services

333.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

333.1.1 DEFINITIONS
Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Village of Lisle Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

333.2 POLICY
It is the policy of the Village of Lisle Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

333.3 LEP COORDINATOR
The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Deputy Chief of Operations or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:
Limited English Proficiency Services

(a) Coordinating and implementing all aspects of the Village of Lisle Police Department's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each patrol supervisor and Dispatch Supervisor. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

333.4 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:
Limited English Proficiency Services

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

333.5 TYPES OF LEP ASSISTANCE AVAILABLE
Village of Lisle Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

333.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

333.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

333.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.
Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other Village departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

333.9 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

333.9.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other Village departments.
• Individuals employed exclusively to perform interpretation services.
• Contracted in-person interpreters, such as state or federal court interpreters, among others.
• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.
333.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

333.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

333.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Village of Lisle Police Department will take reasonable steps and will work with the Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

333.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.
Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

333.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

333.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.
Limited English Proficiency Services

333.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

333.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

333.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.
Limited English Proficiency Services

The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training on a periodic basis. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.
Communications with Persons with Disabilities

334.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

334.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters shall have a valid Illinois license to practice interpreting for the deaf (225 ILCS 443/15), unless they are exempt under 225 ILCS 443/25.

334.2 POLICY
It is the policy of the Village of Lisle Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

334.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Deputy Chief of Administration or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the Village ADA coordinator regarding the Village of Lisle Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each patrol supervisor and Dispatch Supervisor. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
334.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual’s choice of auxiliary aid or service.

The individual’s preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Village of Lisle Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

334.6 TYPES OF ASSISTANCE AVAILABLE
Village of Lisle Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

334.7  AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

334.8  QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speech reading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a)  Available within a reasonable amount of time but in no event longer than one hour if requested.
(b)  Experienced in providing interpretation services related to law enforcement matters.
(c)  Familiar with the use of VRS and/or video remote interpreting services.
(d)  Certified in either American Sign Language (ASL) or Signed English (SE).
(e)  Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f)  Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

334.9  TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

### 334.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

### 334.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

### 334.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
334.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

334.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
(b) Exchange of written notes or communications.
(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

334.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual...
Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.15 ARRESTS AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

334.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

334.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
334.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training on a periodic basis. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.
Public Safety Video Surveillance System

335.1 PURPOSE AND SCOPE
This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

335.2 POLICY
The Village of Lisle Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the Village to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist Village officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

335.3 OPERATIONAL GUIDELINES
Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

335.3.1 PLACEMENT AND MONITORING
Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected Village divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

(a) To prevent, deter and identify criminal activity.
(b) To target identified areas of gang and narcotics complaints or activity.
(c) To respond to critical incidents.
Public Safety Video Surveillance System

(d) To assist in identifying, apprehending and prosecuting offenders.
(e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
(f) To augment resources in a cost-effective manner.
(g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Commander’s office and Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

335.3.2 CAMERA MARKINGS
All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

335.3.3 INTEGRATION WITH OTHER TECHNOLOGY
The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

335.3.4 CAMERA MARKINGS
Except in the case of covert operations or confidential investigations, all public areas that are monitored by public safety cameras shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs shall be well lit to ensure visibility.
335.4 VIDEO SUPERVISION
Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

335.4.1 PROHIBITED ACTIVITY
Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target protected individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

335.5 STORAGE AND RETENTION OF MEDIA
All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

335.5.1 EVIDENTIARY INTEGRITY
All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

335.6 RELEASE OF VIDEO IMAGES
All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Village of Lisle Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to a supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.
335.7 TRAINING
All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.
Child and Dependent Adult Safety

336.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

336.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Village of Lisle Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

336.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, the officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

The officer shall assist the arrestee in the placement of the children or dependent adult with a relative or other responsible person designated by the arrestee. If the officer has reasonable cause to believe that a child may be a neglected child as defined in the Abused and Neglected Child Reporting Act, he/she shall report it immediately to the Department of Children and Family Services (725 ILCS 5/107-2(2)).

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.
Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

336.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify the Illinois Department of Children and Family Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.
Child and Dependent Adult Safety

336.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

336.3.3 REPORTING
(a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
   1. Name
   2. Sex
   3. Age
   4. Special needs (e.g., medical, mental health)
   5. How, where and with whom or which agency the child was placed
   6. Identities and contact information for other potential caregivers
   7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting employee will document the following information:
   1. Name
   2. Sex
   3. Age
   4. Whether he/she reasonably appears able to care for him/herself
   5. Disposition or placement information if he/she is unable to care for him/herself

336.3.4 SUPPORT AND COUNSELING REFERRAL
If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

336.4 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.
Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

336.5 TRAINING
The Training Coordinator is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.
Service Animals

337.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

337.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, the horse is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i); 720 ILCS 5/48-8).

Service animal also includes any animal that is trained in obedience and task skills to meet the needs of a person with a disability or that is trained or being trained as a hearing animal, a guide animal, an assistance animal, a seizure alert animal, a mobility animal, a psychiatric service animal, an autism service animal, or an animal trained for any other physical, mental or intellectual disability (510 ILCS 70/2.01c; 720 ILCS 5/48-8).

337.2 POLICY
It is the policy of the Village of Lisle Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

337.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
Service Animals

- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or to follow daily routines.

337.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed (720 ILCS 5/48-8; 775 ILCS 30/3). Department members are expected to treat individuals with service animals with the same courtesy and respect that the Village of Lisle Police Department affords to all members of the public (28 CFR 35.136).

337.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

337.4.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

337.4.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to
Service Animals

an individual with disabilities. Members of this department are expected to provide all services that are reasonably available to an individual with a disability, with or without a service animal.

337.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Abandoned Newborn Infant Protection

338.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the proper managing of incidents of newborn infant abandonment according to the Abandoned Newborn Infant Protection Act (325 ILCS 2/10).

338.2 ACCEPTANCE
Officers must accept a newborn infant relinquished at the Department (325 ILCS 2/20 (c)). The State of Illinois defines a newborn infant as a child who a licensed physician reasonably believes is 30 days old or less at the time the child is initially relinquished (325 ILCS 2/10). Although a person relinquishing a newborn infant retains the right to limited immunity and anonymity, officers should request the person's personal information. Absent any other information, officers should attempt to obtain any known medical information about the newborn infant. Any information obtained should be documented in the report and, if appropriate, transmitted to the hospital or medical facility to which the newborn infant is taken.

If there is no evidence of abuse or neglect of the newborn infant, the relinquishing person has the right to remain anonymous and leave the premises at any time without being pursued or followed. The act of relinquishing a newborn infant does not, in and of itself, constitute a basis for a finding of abuse, neglect or abandonment. If there is suspected abuse or neglect that is not based solely on the newborn infant's relinquishment, the relinquishing person no longer has the right to remain anonymous (325 ILCS 2/30).

338.3 MEDICAL CONSIDERATIONS
After accepting a relinquished newborn infant the officer will request paramedics for a medical evaluation and transportation to the nearest hospital (325 ILCS 2/20 (c)). If the infant is not being transported by the paramedics, the officer will see that transportation of the infant to the nearest hospital is accomplished as soon as transportation can be arranged. Newborn infants will not be transported in a department vehicle equipped with a prisoner screen or in any department vehicle without the appropriate child safety restraint and/or which does not allow for the proper placement of such child safety restraint.

338.4 NOTICE TO RELINQUISHING PERSON
When accepting a newborn infant, officers will offer the relinquishing person an information packet prepared and maintained by the Department for this purpose (325 ILCS 2/35). If possible, the employee will also inform the relinquishing person of the following:

- His/her acceptance of the information is completely voluntary.
- Registration with the Illinois Adoption Registry and Medical Information Exchange is voluntary.
- He/she will remain anonymous if they complete a Denial of Information Exchange.
Abandoned Newborn Infant Protection

- He/she has the option to provide medical information only and still remain anonymous.
- By relinquishing the child anonymously, he/she will have to petition the court of jurisdiction if he/she desires to prevent the termination of parental rights and regain custody of the child.

338.4.1 SUPERVISOR NOTIFICATION
When accepting a newborn infant, officers will notify their immediate supervisor as soon as practical.

338.4.2 DOCUMENTATION
When accepting a newborn infant, officers will generate a report and document all pertinent information.

338.5 RIGHT OF PARENT TO RETURN
If the parent of a relinquished newborn infant returns to reclaim the infant within 72 hours after relinquishing the infant at the Department, an officer must inform the parent of the name and location of the hospital where the infant was transported (325 ILCS 2/20 (c)).

338.6 INFORMATION DISCLOSURE
Employees will not publicly disclose any information concerning the relinquishment of a newborn infant and the individuals involved, except as otherwise provided by law (325 ILCS 2/37).

338.7 INVESTIGATIVE RESPONSIBILITIES
Neither a child protective investigation nor a criminal investigation should be initiated solely because a newborn infant is relinquished (325 ILCS 2/25 (c)).

After accepting a newborn infant, or upon being contacted to assist in regards to a newborn infant relinquished elsewhere, the handling employee should take the necessary steps to ensure that the infant is not a missing child.

If there is suspected child abuse or neglect that is not based solely on the newborn infant's relinquishment, as mandated reporters under the Abused and Neglected Child Reporting Act officers shall report their observations (325 ILCS 2/25(b)). In this instance, officers shall begin their criminal investigation.

338.8 REQUIRED SIGNAGE
The Deputy Chief will ensure that an appropriate sign is posted in a conspicuous place on the exterior of the police facility informing persons that a newborn infant may be relinquished at the facility. The sign and its placement will comply with the prescribed specifications to ensure statewide uniformity (325 ILCS 2/22).
Volunteer Program

339.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

339.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid auxiliary officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

339.2 VOLUNTEER MANAGEMENT

339.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator shall be appointed by the Administration Deputy Chief. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
Volunteer Program

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

339.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

339.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. A Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the Illinois Law Enforcement Agencies Data System (LEADS).
(b) Employment
(c) References
(d) Drug Screening
(e) Volunteer Experience

A polygraph exam may be required of each applicant depending on the type of assignment.

339.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Human Resource Department. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the personnel manual and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

339.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.
Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or their Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

339.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver's license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

339.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

339.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be
Volunteer Program

responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

339.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

339.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

339.5.1 RADIO AND MDC USAGE

Volunteers shall successfully complete LEADS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and LEADS training is provided for volunteers whenever necessary.
Volunteer Program

339.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

339.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

339.7 EVALUATIONS
Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

340.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Village of Lisle Police Department with respect to taking law enforcement action while off-duty.

340.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

340.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed any amount of an alcoholic beverage or taken any drugs or medication or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

340.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
Off-Duty Law Enforcement Actions

(c) The lack of equipment, such as handcuffs, OC spray or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

340.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call, or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Village of Lisle Police Department officer until acknowledged. Official identification should also be displayed.

340.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

340.4.3 CIVILIAN RESPONSIBILITIES
Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

340.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

340.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify their Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Department Use of Social Media

341.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).
- Use of social media as part of a criminal investigation, other than disseminating information to the public on behalf of this department (see the Investigation and Prosecution Policy).

341.1.1 DEFINITIONS
Definitions related to this policy include:

Social media - Any of a wide array of internet-based tools and platforms that allow for the sharing of information, such as the department website or social networking services.

341.2 POLICY
The Village of Lisle Police Department may use social media as a method of effectively informing the public about department services, issues, investigations and other relevant events.

Department members shall ensure that the use or access of social media is done in a manner that protects the constitutional rights of all.

341.3 AUTHORIZED USERS
Only members authorized by the Chief of Police or the authorized designee may utilize social media on behalf of the Department. Authorized members shall use only department-approved equipment during the normal course of duties to post and monitor department-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member’s chain of command.

341.4 AUTHORIZED CONTENT
Only content that is appropriate for public release, that supports the department mission and conforms to all department policies regarding the release of information may be posted.
Examples of appropriate content include:

(a) Announcements.
(b) Tips and information related to crime prevention.
(c) Investigative requests for information.
(d) Requests that ask the community to engage in projects that are relevant to the department mission.
(e) Real-time safety information that is related to in-progress crimes, geographical warnings or disaster information.
(f) Traffic information.
(g) Press releases.
(h) Recruitment of personnel.

341.4.1 INCIDENT-SPECIFIC USE
In instances of active incidents where speed, accuracy and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Public Information Officer or the authorized designee will be responsible for the compilation of information to be released, subject to the approval of the Incident Commander.

341.5 PROHIBITED CONTENT
Content that is prohibited from posting includes but is not limited to:

(a) Content that is abusive, discriminatory, inflammatory, or sexually explicit.
(b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal, or local laws.
(c) Any information that could compromise an ongoing investigation.
(d) Any information that could tend to compromise or damage the mission, function, reputation, or professionalism of the Village of Lisle Police Department or its members.
(e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects, or the public.
(f) Any content posted for personal use.
(g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

341.5.1 PUBLIC POSTING PROHIBITED
Department social media sites shall be designed and maintained to prevent posting of content by the public.
The Department may provide a method for members of the public to contact department members directly.

341.5.2 BOOKING PHOTOGRAPHS
Booking photographs in connection with civil, petty, and business offenses, and Class B and C misdemeanors may not be published on department social media sites unless the photograph is posted to assist in the search for a fugitive, person of interest, missing person, or individual wanted in relation to a crime other than a petty or business offense, or Class B or C misdemeanor (5 ILCS 140/2.15).

341.6 MONITORING CONTENT
The Chief of Police will appoint a supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

341.7 RETENTION OF RECORDS
The Administration Deputy Chief should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

341.8 TRAINING
Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.
Private Person’s Arrest

342.1  PURPOSE AND SCOPE
This policy provides guidance for the handling and acceptance of a private person’s arrest.

342.2  POLICY
It is the policy of the Village of Lisle Police Department to accept a private person’s arrest only when legal and appropriate.

342.3  ARRESTS BY PRIVATE PERSON
A private person may arrest another when the person has probable cause to believe the other person has committed an offense other than an ordinance violation (725 ILCS 5/107-3).

342.4  OFFICER RESPONSIBILITIES
An officer confronted with a person claiming to have made a private person’s arrest should determine whether such an arrest is lawful.

If the officer determines that the private person’s arrest is unlawful, the officer should:

(a)  Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.

(b)  Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.

(c)  Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a private person’s arrest is justified, the officer may take the individual into custody and proceed in the same manner as with any other arrest.

342.5
Community Relations

343.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for community relationship-building.

Additional guidance on community relations and outreach is provided in other policies, including the:

- Hate Crimes Policy.
- Limited English Proficiency Services Policy.
- Communications with Persons with Disabilities Policy.
- Patrol Function Policy.
- Suspicious Activity Reporting Policy.

343.2 POLICY
It is the policy of the Village of Lisle Police Department to promote positive relationships between department members and the community by treating community members with dignity and respect and engaging them in public safety strategy development and relationship-building activities, and by making relevant policy and operations information available to the community in a transparent manner.

343.3 MEMBER RESPONSIBILITIES
Officers should, as time and circumstances reasonably permit:

(a) Make casual and consensual contacts with community members to promote positive community relationships (see the Contacts and Temporary Detentions Policy).
(b) Become reasonably familiar with the schools, businesses and community groups in their assigned jurisdictional areas.
(c) Work with community members to identify issues and solve problems related to community relations and public safety.
(d) Conduct periodic foot patrols of their assigned areas to facilitate interaction with community members. Officers carrying out foot patrols should notify Dispatch of their status (i.e., on foot patrol) and location before beginning and upon completion of the foot patrol. They should also periodically inform Dispatch of their location and status during the foot patrol.

343.4 COMMUNITY AND YOUTH ACTIVITIES AND PROGRAMS
The police department should organize or assist with programs and activities that create opportunities for department members and community members, especially youth, to interact in a positive setting. Examples of such programs and events include:

(a) Department-sponsored athletic programs (e.g., baseball, basketball, soccer, bowling).
Community Relations

(b) Police-community get-togethers (e.g., cookouts, meals, charity events).
(c) Youth leadership and life skills mentoring.
(d) School resource officer/Drug Abuse Resistance Education (D.A.R.E.®) programs.
(e) Neighborhood Watch and crime prevention programs.

343.5 INFORMATION SHARING

3. Preparing or obtaining a search warrant prior to attempting service of the firearms restraining order.

(c) Coordinating with the Training Coordinator to provide officers who may be involved in petitioning for or serving firearms restraining orders with appropriate training. Training should include determining when a petition is appropriate, the process for seeking a firearms restraining order, and the service of firearms restraining orders.

(d) Reviewing each petition for a firearms restraining order (and associated affidavits or court documents, if applicable) to ensure compliance with this policy, department procedures, and state law.
346.4  **FIREARMS RESTRAINING ORDERS**
An officer who reasonably believes that a firearms restraining order is appropriate should obtain supervisor approval prior to seeking an order.

346.4.1  **STANDARDS**
Firearms restraining orders may be appropriate if a person poses an immediate and present danger of causing personal injury to him/herself or others by having a firearm in his/her custody or control (430 ILCS 67/35; 430 ILCS 67/40).

If the person subject to the firearms restraining order refuses to surrender all items subject to the order or if an officer serving a firearms restraining order reasonably believes there are items ordered to be relinquished in the person’s custody, control, or possession that have not been surrendered, the officer should consider whether to seek a search warrant.

Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION
Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Lisle, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions.

(b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.

(c) Calls for service, both routine and emergency in nature.

(d) Investigation of both criminal and non-criminal acts.

(e) The apprehension of criminal offenders.

(f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature.

(g) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies.

(h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies.

(i) Traffic direction and control.

400.1.2 TERRORISM
It is the goal of the Village of Lisle Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigation Unit Supervisor in a timely fashion.
400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Village of Lisle Police Department.

400.2.1 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.2 PATROL ROLL CALLS
Patrol supervisors and detectives are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Roll Calls as time permits.

400.2.3 BULLETIN BOARDS
A bulletin board will be kept in the Roll Call room and the Investigation Unit for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at Roll Calls and shift meetings.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.
Bias-Based Policing

401.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Village of Lisle Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department’s relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach and partnerships).

401.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY
The Village of Lisle Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

401.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.
Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING STOPS
The Chief of Police or the authorized designee shall ensure stop cards are created and available to members, and contain all of the information required by 625 ILCS 5/11-212 for traffic and pedestrian stops. Officers shall complete one of these cards when they detain, conduct a pat-down search of or arrest a pedestrian in a public place, issue a summons to a pedestrian, search a pedestrian’s property or conduct a traffic stop.

401.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations of this policy in accordance with the Personnel Complaints Policy.

   (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

      1. Supervisors should document these discussions, in the prescribed manner.

   (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.

      1. Supervisors should document these periodic reviews.

      2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

   (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

   (d) Supervisors should prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 STATE REPORTING
The Records Bureau shall compile the required data on the standardized law enforcement data compilation form and transmit the data to the Illinois Department of Transportation. This shall be done by March 1 for data collected during July through December of the previous calendar year, and by August 1 for data collected during January through June of the current calendar year (625 ILCS 5/11-212).
401.7 ADMINISTRATION
Each year, the Operations Deputy Chief shall review the efforts of the Department to prevent racial- or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors shall review the required state reporting forms and the annual report and discuss the results with those they are assigned to supervise.

401.8 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Unit.
Roll Call Training

402.1 PURPOSE AND SCOPE
Roll Call training is generally conducted at the beginning of the officer’s assigned shift. Roll Call provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Roll Call; however officers may conduct Roll Call for training purposes with supervisor approval.

Roll Call should accomplish, at a minimum, the following basic tasks:

   (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.

   (b) Notifying officers of changes in schedules and assignments.

   (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.

   (d) Reviewing recent incidents for training purposes.

   (e) Providing training on a variety of subjects.

402.2 PREPARATION OF MATERIALS
The supervisor conducting Roll Call is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to an officer in his/her absence or for training purposes.
Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY
It is the policy of the Village of Lisle Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.

403.4 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.
403.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.
METRO SWAT

404.1 PURPOSE AND SCOPE
METRO SWAT is a multi-jurisdictional team made up of officers from MERIT member agencies. It is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The multi-jurisdictional unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

404.1.1 ACTIVATING METRO SWAT
Patrol supervisors are encouraged to contact Metro SWAT when needed, by contacting DuPage Sheriff Radio Room.

Supervisors will need to leave a return telephone number for the SWAT commander to contact them.

The supervisor will provide the SWAT commander with the details of the incident to determine if a Metro SWAT response is warranted.

404.2 SWAT TEAM
A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public safety issues warrant the use of such a unit.

404.3 METRO SWAT POLICY
It is the purpose of this policy to establish the governing regulations in the selection, training, equipping and use of the Metro SWAT Team.

The presence of a highly trained, highly skilled police tactical unit has been shown to substantially reduce the risk of injury or loss of life to citizens, police officers and suspects. A well managed, "team" response to critical incidents usually results in successful resolution of critical incidents. It is the intent of the Metro SWAT Team to provide a highly trained and skilled tactical team as a resource for the handling of critical incidents.

404.3.1 MISSION
The mission of the Metro SWAT Team is to respond to high-risk critical incidents requiring specialized training and equipment, and to resolve those incidents while minimizing the potential for injury or loss of life to civilians, officers or suspects. When a critical incident occurs, the Metro SWAT Team will be activated. Critical incidents are defined as follows:

Hostage Situations: The holding of any person against their will by an armed or potentially armed suspect.
Barricade Situations: The standoff created by an armed or potentially armed suspect in any location, whether fortified or not, who is refusing to comply with police orders for surrender.

Sniper Situations: The firing upon citizens and/or police by an armed stationary or mobile suspect.

High-Risk Apprehension: The arrest or apprehension of armed or potentially armed suspects where the likelihood of armed resistance is high.

High-Risk Warrant Service: The service of search and arrest warrants where the high-risk elements or policy recommends or requires the use of the SWAT Team.

Personal Protection: The security of special persons, such as dignitaries, witnesses, or suspects, based on threat or potential threat to the well being of those persons.

Special Assignments: Any assignment, approved by the Metro SWAT Coordinator, based upon a high level of threat.
Ride Along Program

405.1 PURPOSE AND SCOPE
The Ride Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride Along Program.

405.1.1 ELIGIBILITY
The Village of Lisle Police Department Ride Along Program is offered to residents, students and those employed within the Village. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

405.2.1 PROGRAM REQUIREMENTS
Once approved, civilian ride-alongs will be allowed to ride no more than once per 12-month period. An exception would apply to the following: Volunteers, Interns, police applicants, and all others with approval of the Deputy Chief.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

405.2.2 SUITABLE ATTIRE
Any person approved to ride along is required to be suitably dressed in business casual attire (collared shirt, or jacket, slacks and shoes). Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The supervisor may refuse a ride along to anyone not properly dressed.

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and an Automated check through LEADS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Village of Lisle Police Department).

405.3 OFFICER'S RESPONSIBILITY
The officer shall advise DU-COMM that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time. The Deputy Chief shall be immediately notified of any injury or noteworthy incident involving the ride-along.

Upon completion of the ride-along, the Ride Along Program waiver form shall be returned to the Records Bureau with any comments which may be offered by the officer. Any injury or noteworthy incident involving the ride-along shall be documented or reported appropriately.

405.4 CONTROL OF RIDE-ALONG
The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:
Ride Along Program

(f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.

406.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure.

406.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous materials are characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

406.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in a department memorandum that shall be forwarded via chain of command to the Deputy Chief. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure.
Hazardous Material Response

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

6. End-of Service-Life Indicator (ESLI)," A system that warns the respirator user of the approach of the end of adequate respiratory protection, for example, that the sorbent is approaching saturation or is no longer effective.

7. Escape-Only Respirator," Means a respirator intended to be used only for emergency exit.

8. Fit Factor," A quantitative estimate of the fit of a particular respirator to a specific individual, and typically estimates the ratio of the concentration of a substance in ambient air to its concentration inside the respirator when worn.

9. Fit Test," A test to ensure that an issued respirator is the proper size for the wearer and that an air-tight seal is achieved between their face and the respirator in order to determine a correct respirator size and fit.

10. Immediately Dangerous to Life or Health (IDLH)," An atmosphere that poses an immediate threat to life, would cause irreversible adverse health effects, or would impair an individual's ability to escape from a dangerous atmosphere.

11. Maximum Use Concentration (MUC)," The maximum atmospheric concentration of a hazardous substance from which an employee can be expected to be protected when wearing a respirator, and is determined by the assigned protection factor of the respirator or class of respirators and the exposure limit of the hazardous substance. The MUC can be determined mathematically by multiplying the assigned protection factor specified for a respirator by the required OSHA permissible exposure limit, short-term exposure limit, or ceiling limit. When no OSHA exposure limit is available for a hazardous substance, an employer must determine an MUC on the basis of relevant available information and informed judgment.

13. Physician or Other Licensed Health Care Professional (PLHCP)," Means an individual whose legally permitted scope of practice (i.e., license, registration, or certification) allows him/her to independently provide or delegate the responsibility to provide some or all of the health care services required of this policy.

15. Qualitative Fit Test (QLFT)," A pass/fail test to assess the adequacy of respirator fit that relies on the individual's response to a test agent.

16. Quantitative Fit Test (QNFT)," An assessment of respirator fit by numerically measuring the amount of leakage into the respirator.

17. Service Life," The period of time that a respirator, filter or sorbent, or other respiratory equipment provides adequate protection to the wearer.
RESPIRATORY PROTECTION PROGRAM

18. User Seal Check -- An action conducted by the respirator user to determine if the respirator is properly sealed to the face.

407.4 SELECTION OF RESPIRATORS
1. The Department selected the AVON FM-12 Air-Purifying Respirator. This respirator is also widely used by the military for respiratory protection and with the issued canister will protect the wearer from nuclear, biological, and chemical respiratory threats for a limited amount of time.

A. If air-purifying respirators are used, then the respirator must be equipped with an End-of-Service-Life Indicator (ESLI), or a filter change schedule must be implemented. This filter change schedule will include replacing the filter cartridge, which is factory sealed in the plastic covering, when the cartridge reaches the expiration date marked on the cartridge. If the filter cartridge is removed from the factory sealed plastic covering prior to reaching the expiration date, the user shall write the date on the cartridge to indicate the date the plastic covering was removed. The filter cartridge shall be replaced within one year of the date it was removed from the factory covering.

B. For protection against gases and vapors, either atmosphere-supplying respirators or air-purifying respirators must be provided. If air-purifying respirators are used, they must be equipped with filters certified by NIOSH 42 CFR Part 84. Their use will be in accordance with NIOSH 42 CFR Part 84 and according to the NIOSH Respirator Decision Logic Sequence and NIIOSH Flow Chart.

C. Assigned Protection Factors (APFs)
1. Must use APFs that meet or exceeds the required level of employee protection.

2. When using a combination respirator, e.g. airline respirators with an air-purifying filter, employers must ensure that the APF is appropriate to the mode of operation in which the respirator is being used.

D. Maximum Use Concentration (MUC)
1. The employer must select a respirator for employee use that maintains the employee's exposure to the hazardous substance, when measured outside the respirator, at or below the MUC.

2. Employees must not apply MUCs to conditions that are IDLH.

3. When the calculated MUC exceeds the IDLH level for a hazardous substance, or the performance limits of the cartridge or canister, then the employer must set the maximum MUC at the lower limit.

407.5 ADMINISTRATION OF RESPIRATORY PROTECTION PROGRAM
The Lisle Police Department is designated to administer the Respiratory Protection Program. The Program Administrator will coordinate/facilitate actions needed for the administration of this policy, and may delegate certain tasks as are necessary.
RESPIRATORY PROTECTION PROGRAM

407.6 MEDICAL EVALUATIONS
1. Using a respirator may place a physiological burden on employees that varies with the type of respirator worn, the job and workplace conditions in which the respirator is used, and the medical status of the employee.

2. Prior to the issuing of an APR to any employee, a medical evaluation questionnaire will be completed by the employee. The evaluation form will contain the mandatory OSHA questions.

3. Each evaluation form will be completed and turned over to the Program Administrator, who will handle the information in a confidential manner. The Program Administrator will then submit the form to a licenses healthcare professional (LHCP) for review, as required by OSHA Regulation 29 CFR 1910.134 (e) (1) through (e) (7) and Appendix C of same.

4. If the PLHCP needs to clarify any question, he/she will contact the employee directly.

5. If the PLHCP feels a medical condition of the employee may restrict their ability to safely wear and use a respirator, the employee must submit to further examination.

6. After consulting with the employee, the physician will then be requested to communicate their findings with the Chief of Police regarding the employee's ability to safely wear and use the respirator.

7. All employees who have passed the medical evaluation must be fit-tested according to OSHA standards and guidelines.

8. The medical evaluation questionnaire and PLHCP's Medical Clearance for Respirator Use report will be maintained, on file, with the Administration Department for the Lisle Police Department.

9. If any employee is not able to wear the respirator, per the physician, the employee will be removed from any contaminated "Hot Zone Area" and reassigned to a safe zone by the shift supervisor.

407.7 FIT-TESTING PROCEDURES
1. At the time of initial issuance and thereafter on an annual basis, a respirator fit-test shall be used to determine the ability of each member to obtain a satisfactory fit with the issued APR, as required by OSHA Regulation 29 CFR 1410.134 (f) (1) through (f) (8) (iii) and Appendix A of same.

2. Fit testing will be conducted by a trained employee within the department.

3. Fit testing will be conducted using the quantitative or qualitative method.

4. A written record of the fit-test will be completed and maintained by the Program Administrator of the Respiratory Protection Program.

5. Any facial hair must not come between the sealing surfaces of the face piece or interfere with the valve function. In order to meet this OSHA requirement, sideburns that extend to the sealing surface are prohibited, as well as any mustaches which extend beyond the lip line. Beards and goatees are prohibited as well.
RESPIRATORY PROTECTION PROGRAM

407.8 USE OF RESPIRATORS

1. Each sworn officer and civilian assigned to patrol duties will be issued the following equipment.

A. One AVON FM-12 Respirator
B. One NBC & Toxic Agent Filter Canister
D. One Canvass bag

2. Use of Prescription Eyewear

A. Use of prescription eyeglasses is not recommended for use with an APR Respirator.

B. Personnel who wear prescription eyeglasses to correct their normal vision will be provided with monocle inserts for the respirator that have been made to the individual's eyewear prescription by an optometrist of the Department's choosing, at no cost to the individual.

C. Personnel who need monocle inserts for their respirators will make arrangements with the Program Administrator for production of the inserts to their prescription.

3. Whenever an employee reasonably believes that an imminent threat of nuclear, biological, or chemical nature exists, they should put on the respirator, along with the canister that was provided with it.

4. Canisters are to remain in their sealed bag until needed. The normal shelf life of a canister in a sealed bag is ten years. Once the canister has been removed from the sealed bag, the shelf life is reduced to approximately one year.

5. After putting the respirator on, the employee should ensure that it has a proper seal by performing a negative pressure test as demonstrated in training, as required by OSHA Regulation 29 CFR 1910.134 (g) (1) (iii) and Appendix B-1 of same, or procedures recommended by the respirator manufacturer that the employer demonstrates are as effective as those in Appendix B-1.

6. If possible, employees should remove themselves from the area of the threat before taking off the respirator.

7. If the employee is unable to be removed from the threat area, it is imperative that the respirator remains intact and properly seals the face throughout the duration of the incident.

8. All personnel who have been issued a respirator will include the respirator as part of their issued Personal Protective Equipment (PPE)/Bloodborne Pathogen Equipment the individual carries in their assigned vehicle.

A. In the event the State of Illinois, Department of Homeland Security raises the Threat Condition Advisory to Condition Red (severe risk of terrorist attack), an incident of Weapons of Mass Destruction has already occurred in Illinois or an attempt is imminent. All personnel who have been issued a respirator will carry it on their person while on duty until further notice.

B. Department personnel may be required to carry the respirator at other times when directed by supervisory personnel.
RESPIRATORY PROTECTION PROGRAM

407.9 MAINTENANCE AND INSPECTION
1. Cleaning
   A. Employees shall be responsible for cleaning the respirator after each use and replacing the filters when necessary.
   B. Cleaning will be done according to the procedures set forth in the training conducted for the Respiratory Protection Program.

2. Documentation
   For respirators maintained for emergency use, the Respiratory Program Administrator must certify the respirator by documenting date of inspection, name of inspector, findings, remedial action, and a serial number or other means of identifying the inspected respirator.

407.10 TRAINING
1. All sworn personnel, and civilian personnel assigned to patrol duties, shall be trained prior to using a respirator.

2. Training shall cover the proper use of the respirators, including:
   A. The units limitations and capabilities.
   B. Checking proper fit and seal.
   C. Recognizing medical signs and symptoms that may limit, or prevent the effective use of the respirator.
   D. Putting on the respirator.
   E. Putting the canister on the respirator.
   F. Taking off the respirator.
   G. Storage of the respirator.
   H. Proper care and cleaning.

3. Refresher training will be conducted on an annual basis and more often if the Respiratory Protection Program Administrator deems necessary.

407.11 PROGRAM EVALUATION
1. The Respiratory Protection Program will be evaluated on an annual basis.

2. The purpose of the evaluation will be to determine the effectiveness of the program.

3. The Program Administrator will be responsible for conducting the evaluation and making any changes to the program based on feedback from the evaluation.
RESPIRATORY PROTECTION PROGRAM

407.12 RECORD KEEPING
1. Retain records of medical evaluations and fit testing results (required by OSHA Regulations 29 CFR 1910.134 and 29 CFR 1910.1020) for at least five years.

2. Retain a written copy of the current respiratory protection program, and all previous respiratory protection programs covering the previous five years.

3. Make all retained written materials available upon written request to affected employees and to the Illinois Department of Labor (IDOL), Division of Safety and Health, for examination and copying according to HIPAA.
Hostage and Barricade Incidents

408.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

408.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

408.2 POLICY
It is the policy of the Village of Lisle Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

408.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

408.3.1 EMERGENCY COMMUNICATIONS
Should circumstances at the scene permit, Department supervisors or negotiators may promptly contact the Office of the State Attorney for assistance in obtaining an ex parte order to intercept audio communications at the scene (725 ILCS 5/108B-3).
Additionally, Department negotiators or individuals summoned by officers to provide assistance, may use an eavesdropping device, including a camera or audio device, during an ongoing hostage and barricade incident when such use is necessary to protect the safety of officers or members of the general public (720 ILCS 5/14-3(o)).

408.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

408.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
Hostage and Barricade Incidents

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

408.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
Hostage and Barricade Incidents

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

408.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

(h) Ensure adequate law enforcement coverage for the remainder of the Village during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.
Hostage and Barricade Incidents

408.6 CRISIS RESPONSE UNIT RESPONSIBILITIES
It will be the Incident Commander’s decision, with input from the SWAT Team Commander, whether to deploy the SWAT Team during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Team Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT Team. The Incident Commander and the SWAT Team Commander or the authorized designee shall maintain communications at all times.

408.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

409.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Village of Lisle Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

409.2 POLICY
It is the policy of the Village of Lisle Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

409.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the supervisor is immediately advised and informed of the details. This will enable the supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

409.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

409.4.1 VILLAGE OF LISLE POLICE DEPARTMENT FACILITY
If the bomb threat is against the Village of Lisle Police Department facility, the supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

409.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Village of Lisle Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the supervisor deems appropriate.
Response to Bomb Calls

409.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

409.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the Village of Lisle, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

409.5.1 ASSISTANCE
The supervisor should be notified when police assistance is requested. The supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the supervisor determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
Response to Bomb Calls

(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:

1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

409.6 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

1. Two-way radios
2. Cell phones
3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
(i) Promptly relay available information to the Watch Commander including:

1. The time of discovery.
Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

409.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

409.7.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

409.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Deputy Chief of Operations
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate
Response to Bomb Calls

409.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

409.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Civil Commitments

410.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may place an individual under a civil commitment (405 ILCS 5/1-100 et seq.).

410.2 POLICY
It is the policy of the Village of Lisle Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

410.3 AUTHORITY
An officer responding to or handling a call involving a suspected civil commitment may take that person into custody and transport him/her to an approved mental health facility when the officer has reasonable grounds to believe the person is in need of immediate hospitalization to protect him/herself or others from physical harm (405 ILCS 5/3-606).

Upon arrival at the facility, the officer should complete the written petition for involuntary admission, which includes (405 ILCS 5/3-601):

- A detailed statement of the reason for the commitment, including observed signs and symptoms, a description of any acts, threats, other behavior or pattern of behavior, and the time and place of occurrence.
- The name and address of the spouse, parent, guardian, substitute decision-maker, if any, and close relative, or if none, the name and address of a known friend. If this information is unavailable, the officer shall state that diligent inquiry was made.

If the petition is not completed by the officer transporting the person, the transporting officer's name, badge number and department shall be included in the petition (405 ILCS 5/3-606).

410.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
(b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
(c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.
Civil Commitments

410.3.2 MINORS
An officer may take a minor into custody and transport the minor to a mental health facility when there is reasonable grounds to believe that the minor has a mental illness or emotional disturbance of such severity that hospitalization is necessary to protect him/herself or others from physical harm, and that the minor is likely to benefit from inpatient treatment (405 ILCS 5/3-503; 405 ILCS 5/3-504(b)).

Upon arrival at the facility, the officer should complete the written petition for involuntary admission and shall further include (405 ILCS 5/3-503; 405 ILCS 5/3-504(b)):

- A detailed statement of the reason for the commitment, including a description of any acts or significant threats, and the time and place of occurrence.
- The name, address and telephone number of any witness.

410.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the individual’s action or stated intentions.
(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

410.5 TRANSPORTATION
When transporting any individual for a civil commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

410.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should
Civil Commitments

provide the staff member with the written petition for involuntary admission and remain present to provide clarification of the grounds for detention, upon request (405 ILCS 5/3-606).

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

410.7 DOCUMENTATION
The officer should complete a petition for involuntary admission, provide it to the facility staff member assigned to the individual and retain a copy of the petition for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

410.7.1 NOTIFICATION TO ILLINOIS STATE POLICE
A member who reasonably determines that a person poses a clear and present danger because he/she has engaged in verbally or physically threatening behavior (e.g., violent, suicidal or assaultive threats or actions), shall ensure this information is reported to the Illinois State Police (ISP) within 24 hours (430 ILCS 65/8.1). The fact that the ISP has been notified and the manner of notification should be documented.

410.8 CRIMINAL OFFENSES
When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
(c) Facilitate the individual’s transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

410.9 FIREARMS AND OTHER WEAPONS
Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon.
Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any confiscated firearm or other weapon that has been taken into custody.

410.9.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer should detail those facts and circumstances in a report. The report should be forwarded to the Investigation Unit, which shall be responsible for contacting the Illinois State Police Firearms Services Bureau.

410.10 TRAINING
This department will endeavor to provide training approved by the Illinois Law Enforcement Training and Standards Board on interaction with mentally disabled persons, civil commitments and crisis intervention.
Notice to Appear or Summons Releases

411.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of the Village of Lisle Police Department with guidance on when to release adults who are suspected offenders on a summons, notice to appear in court, or citation for a criminal offense, rather than having the person held in custody for a court appearance or on condition of pretrial release.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

411.2 RELEASE
An officer shall issue a citation to appear within 21 days in court for an individual accused of traffic and Class B and C criminal misdemeanor offenses or petty and business offenses when the individual (725 ILCS 5/109-1):

(a) Presents valid identification.
(b) Poses no obvious threat to members of the community or any person.
(c) Does not reasonably appear to have any obvious medical or mental health issues that pose a risk to his/her safety

An officer may issue a summons to appear within 21 days when arresting an individual for an offense for which pretrial release may not be denied (725 ILCS 5/109-1). A notice to appear may also be issued for certain individuals arrested without a warrant (725 ILCS 5/107-12).

411.3 CONSIDERATIONS
In determining whether to cite and release a person when discretion is permitted, officers should consider:

(a) The type of offense committed.
(b) The known criminal history of the suspected offender.
(c) The ability to identify the suspected offender with reasonable certainty.
(d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
(e) The individual’s ties to the area, such as residence, employment or family.
(f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

411.4 POLICY
The Village of Lisle Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons, notice to appear, or citation when authorized to do so.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

#### 412.3 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

#### 412.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
Foreign Diplomatic and Consular Representatives

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

1. Diplomatic-level staff of missions to international organizations and recognized family members
2. Diplomatic agents and recognized family members
3. Members of administrative and technical staff of a diplomatic mission and recognized family members
4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:

1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
2. Support staff of missions to international organizations
3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
4. Honorary consular officers

412.5 POLICY
The Village of Lisle Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.6 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.
(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.
(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
Foreign Diplomatic and Consular Representatives

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
Rapid Response and Deployment

413.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of
individuals who are determined to target and kill persons and to create mass casualties presents a
difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors
that will assist responding officers in situations that call for rapid response and deployment.

413.2 POLICY
The Village of Lisle Police Department will endeavor to plan for rapid response to crisis situations,
and to coordinate response planning with other emergency services as well as with those that are
responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members
of the Department in protecting themselves or others from death or serious injury.

413.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger,
first responding officers should consider reasonable options to reduce, prevent or eliminate the
threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances,
whether to advance on the suspect, take other actions to deal with the threat or wait for additional
resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening
activity toward others, officers should take immediate action, if reasonably practicable, while
requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-
location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat
to others. Any advance or engagement should be based on information known or
received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an
individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with
reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel
or resources.
Rapid Response and Deployment

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

413.4 TRAINING
The Training Coordinator should include rapid response to critical incidents in the department training plan.

This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

413.5 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.6 PLANNING
The Patrol Deputy Chief should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.
Rapid Response and Deployment

(c) Communications interoperability with other law enforcement and emergency service agencies.
(d) Training opportunities in critical incident target sites, including joint training with site occupants.
(e) Evacuation routes in critical incident target sites.
(f) Patrol first-response training.
(g) Response coordination and resources of emergency medical and fire services.
(h) Equipment needs.
(i) Mutual aid agreements with other agencies.
(j) Coordination with private security providers in critical incident target sites.

413.6.1 SCHOOL SAFETY DRILLS
The Training Coordinator should work with the administration of public and private elementary and secondary schools that offer education to persons under 21 to schedule annual on-site drills within 90 days after the first day of the school year to respond to school shooting incidents (105 ILCS 128/15; 105 ILCS 128/20).
Immigration Violations

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Village of Lisle Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY
It is the policy of the Village of Lisle Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or Illinois constitutions.

414.4 DETENTIONS
An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.
An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

414.4.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT
Generally, an officer will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges. Notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE
Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; 5 ILCS 805/5):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 or any other hold request unless the person has been charged with a federal crime or the detainer is accompanied by a judicial warrant. Notification to the federal authority issuing the detainer should be made prior to the release (5 ILCS 805/15).

414.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). The
Investigation Unit supervisor is designated to complete the law enforcement certification for a U visa.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). The Investigation Unit supervisor is designated to complete a law enforcement declaration for a T visa (5 ILCS 825/10).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Unit supervisor assigned to oversee the handling of any related case. The Investigation Unit supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. The certification form should be completed within 90 business days of the request unless (5 ILCS 825/10):

   (a) There is a written agreement with the victim or the victim's representative extending the time to complete the certification form.

   (b) The victim is eligible for expedited completion of the certification form.

3. Complete and reissue a certification form within 90 days of a request to reissue by a victim unless the circumstances of the victim require that the completion and reissuance of the certification form be expedited (5 ILCS 825/10).

(d) Provide written notice to the victim or the victim's representative if it cannot be determined based on the evidence that the victim is qualified for a U visa or T visa (5 ILCS 825/10).

(e) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.8.1 NON-DISCLOSURE OF IMMIGRATION STATUS
No member shall disclose the immigration status of the victim or the person requesting the certification form unless authorized in writing by the individual or as required by law (5 ILCS 825/10).

414.8.2 PUBLICATION OF DECLARATION AND CERTIFICATION FORM PROCESS
The Investigation Unit supervisor should make the department's procedures for certification requests publicly available for victims and their representatives (5 ILCS 825/10).
414.9 TRAINING
The Training Coordinator should ensure officers receive training on this policy.

Training should include:

(a) Identifying civil versus criminal immigration violations.
(b) Factors that may be considered in determining whether a criminal immigration offense has been committed.
Emergency Utility Service

415.1 PURPOSE AND SCOPE
The Village Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

415.1.1 BROKEN WATER LINES
The Village’s responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen’s residence or business is the customer’s responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the Village side of the meter, emergency personnel should be called as soon as practical by Dispatch.

415.1.2 ELECTRICAL LINES
Village Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The appropriate utility company or Public Works should be promptly notified.

415.1.3 RESERVOIRS, PUMPS, WELLS, ETC.
Public Works maintains the public water equipment and may maintain other municipal utility equipment as well. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

415.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

415.2 TRAFFIC SIGNAL MAINTENANCE
The Village of Lisle contracts with a private maintenance company to furnish maintenance for all traffic signals within the Village, other than those maintained by the Illinois Department of Transportation or other unit of government.

415.2.1 OFFICER’S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the officer will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.
Patrol Rifles

416.1 PURPOSE AND SCOPE

PATROL RIFLES
In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Village of Lisle Police Department will make patrol rifles available to qualified patrol officers as an additional and more immediate tactical resource.

DESIGNATED MARKSMAN RIFLES
In order to provide increased accuracy, range, and observation abilities, the Village of Lisle Police Department may authorize additional equipment and training to supplement the standard patrol rifle.

416.2 DEFINITIONS

PATROL RIFLE – A rifle authorized by the Department and made available to properly trained and qualified officers, for carry and use in general patrol duties. Patrol rifles may be issued by the department or personally owned by the individual officer. Personally owned rifles must first be approved and authorized for carry by the department Rangemaster.

DESIGNATED MARKSMAN RIFLES – A rifle authorized by the Department and made available to properly trained and qualified officers as a supplemental resource to the patrol rifle. A designated marksman rifle (DMR) may be equipped with additional features to enhance accuracy, precision, range, and observation abilities. Such rifles may be issued by the department or personally owned by the individual officer. Personally owned rifles must first be approved and authorized for carry by the department Rangemaster.

416.3 SPECIFICATIONS
Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police, and issued by the Department may be used by officers in their law enforcement responsibilities.
416.4 RIFLE MAINTENANCE

(a) Primary responsibility for maintenance of patrol rifles shall fall on the Officer who is issued or uses the weapon. The Rangemaster shall periodically inspect and service each patrol rifle.

(b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.

(c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.

(d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.

(e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.

(f) No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster.

416.5 TRAINING

Patrol Rifle

Officers shall not carry or utilize the patrol rifle unless they have successfully completed departmental training. This training shall consist of an initial patrol rifle user's course and qualification score with a qualified patrol rifle instructor. Officers shall thereafter be required to successfully complete assigned training and qualification conducted by a qualified patrol rifle instructor.

Designated Marksman Rifle

Officers shall not carry or utilize the DMR until they have successfully completed department approved DMR training. Thereafter, the officer will be required to successfully complete department approved qualification and training on a quarterly basis, or as assigned by the department Rangemaster.

Any officer who fails to qualify or who fails to successfully complete two or more department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle or DMR, without first successfully completing remedial training to the satisfaction of the department Rangemaster.
416.6 DEPLOYMENT OF THE PATROL RIFLE
Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the officer reasonably anticipates an armed encounter.
(b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
(c) Situations where an officer reasonably expects the need to meet or exceed a suspect’s firepower.
(d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
(e) When an officer reasonably believes that a suspect may be wearing body armor.
(f) When authorized or requested by a supervisor.
(g) When needed to euthanize an animal.

416.7 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Department’s Deadly Force Policy, Policy Manual § 300.

416.8 PATROL READY
Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in the “patrol ready” condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

416.9 RIFLE STORAGE

(a) At the start of each assigned shift, any qualified, on-duty officer may access a department weapons safe to obtain their assigned patrol rifle.
(b) When not deployed, in-service patrol rifles should be secured in the vehicle in a locked gun rack or locked in the trunk.
(c) At the end of the assigned officer's shift, the patrol rifle will be returned and secured in the department weapons safe.
Obtaining Air Support Assistance

417.1 PURPOSE AND SCOPE
The use of a law enforcement helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

417.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Law Enforcement helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements.

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.

(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.

(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.

(e) Vehicle pursuits.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

418.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

418.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

418.2 POLICY
The Village of Lisle Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
 Contacts and Temporary Detentions

418.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Village of Lisle Police Department to strengthen community involvement, community awareness, and problem identification.

418.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual’s:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
(b) Actions suggesting that he/she is engaged in a criminal activity.
(c) Presence in an area at an inappropriate hour of the day or night.
(d) Presence in a particular area is suspicious.
(e) Carrying of suspicious objects or items.
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
(g) Location in proximate time and place to an alleged crime.
(h) Physical description or clothing worn that matches a suspect in a recent crime.
(i) Prior criminal record or involvement in criminal activity as known by the officer.

418.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or area where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
Contacts and Temporary Detentions

(f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

418.5 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

418.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

418.7 DISPOSITION OF PHOTOGRAPHS
If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file.
418.8 STOP RECEIPTS
Whenever an officer stops a person in a public place and pat-down searches the person or the person’s property, the officer should issue a stop receipt providing the reason for the stop and containing the member’s name and badge number (725 ILCS 5/107-14).

418.9 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.

1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Field Training

419.1 PURPOSE AND SCOPE
The Field Training Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Village of Lisle Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Program that is designed to prepare the new officer to perform in a patrol assignment possessing all skills needed to operate in a safe, skillful, productive and professional manner.

419.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING
The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

419.2.1 SELECTION PROCESS
FTOs will be selected based on the following requirements:

(a) Desire to be an FTO.
(b) Minimum of three years of patrol experience, two of which shall be with this department.
(c) Demonstrated ability as a positive role model.
(d) Participate and pass an internal selection process.
(e) Evaluation by supervisors.
(f) Possess an ILETSB certificate.

419.2.2 TRAINING
An officer selected as a Field Training Officer shall, prior to assignment as an FTO, successfully complete an ILETSB certified (40-hour) Field Training Officer’s Course.

419.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR
The Field Training Officer Program supervisor will be selected from the rank of sergeant or above by the Chief of Police or his/her designee, and shall when practical, have completed the ILETSB certified (40 hour) Field Training Officer's Course.

The responsibilities of the FTO Program Supervisor include the following:

(a) Assignment of trainees to FTOs.
(b) Conducting FTO meetings.
(c) Maintain and ensure FTO/Trainee performance evaluations are completed.
Field Training

(d) Maintain, update and issue the Field Training Manual to each trainee.
(e) Monitor individual FTO performance.
(f) Monitor the overall FTO Program.
(g) Maintain liaison with FTO Coordinators of other agencies.
(h) Maintain liaison with academy staff on recruit performance during the academy.
(i) Develop ongoing training for FTOs.

The FTO Program supervisor will be required to successfully complete an ILETSB approved Field Training Administrator's Course, preferably within one year of appointment to this position.

419.4 TRAINEE DEFINED
Any entry level, lateral police officer, or person granted Conservators of the Peace Power newly appointed to the Village of Lisle Police Department who has successfully completed an ILETSB training course.

419.5 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 15 weeks.

After graduation from a state certified police academy, Probationary Officers will be assigned to the Patrol Division, where they will begin Phase I in the training process, a structured training and evaluation program, (minimum of 15 weeks), divided into three, five-week steps. At the completion of each five-week step, the Field Training and Evaluation Program Board will hold a Cadre meeting to discuss the progress of the Probationary Officer.

Probationary Officers receive credit for a training day only if assigned with a Field Training Officer, and a formal Daily Observation Report (D.O.R.) is completed.

Probationary Officers will not receive a Daily Observation Report during the initial week of training (minimum of four working days), and must complete a minimum of fifty-six Daily Observation Reports to complete Phase I of the Field Training Program. The Field Training and Evaluation period may be extended for the Probationary Officer at the direction of the Chief of Police or designee. During an extension of training (Recycle Period), a Performance Improvement Plan will be completed by the Field Training Officer, approved by the Field Training Unit Supervisor, and implemented as remedial training for the Probationary Officer.

After the completion of the formal Field Training Program, the Probationary Officer will enter Phase II. During this phase, the Probationary Officer is assigned where needed for the balance of their 18-month probationary period. This phase is used to allow the Probationary Officer an opportunity to demonstrate that they can perform the duties of a Police Officer safely and efficiently, with little assistance.
The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

To the extent practicable, officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

Sworn officers who have not worked as a patrol officer for a period of 180 calendar days or more will be assigned to a Field Training Officer for a minimum four (4) day period. During the time in which a sworn officer is assigned to a F.T.O., they will not be formally evaluated using the Daily Observation Report. The F.T.O.'s function is to re-familiarize the officer with department forms, updated Policies and Procedures, and the general duties of the Patrol Division.

419.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Village of Lisle Police Department. The manual is not intended to cover every contingency, but will be periodically reviewed and adjusted as appropriate. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Village of Lisle Police Department.

419.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

419.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete a written evaluation on the performance of his/her assigned trainee on a daily basis.

(b) Review the Daily Observation Report with the trainee each day.

(c) Complete a detailed Weekly Summary Report on his/her assigned trainee at the end of each week of training.

The FTO program supervisor shall review and approve the Weekly Summary Report and forward the information to the Chief of Police.
419.6.3  **TRAINEE**  
At the completion of the Field Training Program, the Probationary Officer shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

419.7  **DOCUMENTATION**  
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a)  Daily Observation Reports.
(b)  Weekly Summary Reports.
(c)  Training Tasks.
(d)  End of phase evaluations.
Criminal Organizations

419.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Village of Lisle Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

419.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

419.2 POLICY
The Village of Lisle Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

419.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.

(b) Use of every criminal intelligence system is appropriately reviewed and audited.

(c) Any system security issues are reasonably addressed.

419.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any
supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

**419.3.2 SWORD SYSTEM ENTRIES**

It is the designated supervisor's responsibility to approve the entry of any information into the Statewide Organized Criminal Gang Database (SWORD) criminal intelligence system (20 ILCS 2605/2605-305). Entries into such a database should be based upon reasonable suspicion of criminal activity or actual criminal activity, and should be supported by documentation, where documentation is available.

The designated supervisor may approve creation or submission of information into the SWORD criminal intelligence system when the individual has been arrested and there is a reasonable belief that the individual is a member or affiliate of an organized gang. The designated supervisor may notify the appropriate prosecutor of the individual's alleged gang membership or gang affiliate status (20 ILCS 2640/15).

**419.4 TEMPORARY INFORMATION FILE**

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

**419.4.1 FILE CONTENTS**

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Bureau, but should be copies of, or references to, retained documents such as copies of reports, field interviews (FI) forms, Dispatch records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

419.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

419.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Coordinator to train members to identify information that may be particularly relevant for inclusion.

419.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

419.7 CRIMINAL STREET GANGS
The Investigation Unit supervisor should ensure that there are an appropriate number of department members who can:
Criminal Organizations

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.

(b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

419.8 TRAINING
The Training Coordinator should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Mobile Audio/Video

420.1 PURPOSE AND SCOPE
The Village of Lisle Police Department has equipped marked patrol cars with Mobile Audio and Video (MAV) recording systems to provide records of events and assist uniformed officers in the performance of their duties by providing a visual and/or audio record of patrol-related activities when permitted by law (720 ILCS 5/14-3(h)). This policy provides guidance on the use of these systems.

420.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car video and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

420.2 POLICY
It is the policy of the Village of Lisle Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

420.3 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Village of Lisle Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.
420.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit’s emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

420.4.1 REQUIRED ACTIVATION OF MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident. In some circumstances it is not possible to capture images of the incident, due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated as soon as practicable in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct, within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian stops
   9. DWI/DUI investigations including field sobriety tests
   10. Crimes in progress
   11. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify Dispatch

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
   2. Disturbance of peace calls
   3. Offenses involving violence or weapons
(d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording

(e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

420.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

420.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

420.5 REVIEW OF MAV RECORDINGS
All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements

(b) By a supervisor investigating a specific act of officer conduct

(c) By a supervisor to assess officer performance

(d) To assess proper functioning of MAV systems

(e) By a department investigator who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation

(f) By department personnel who request to review recordings

(g) By an officer who is captured on or referenced in the video or audio data and uses such data for any purpose relating to his/her employment
Mobile Audio/Video

(h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee

(i) By the media through proper process or with permission of the Chief of Police or the authorized designee

(j) To assess possible training value

(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer’s objection

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

420.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report.

420.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 90 days and disposed of in compliance with the established records retention schedules (720 ILCS 5/14-3(h-15).

420.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

420.7.2 MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Village of Lisle Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.
420.7.3 RECORDING RETENTION REQUIREMENTS
Notwithstanding the 90 day retention period in 720 ILCS 5/14-3(h-15), if the Department receives funds under the Illinois Law Enforcement Camera Grant Act, MAV video records must be stored for no less than two years (50 ILCS 707/15).

420.8 SYSTEM OPERATIONAL STANDARDS
(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer’s recommendations.
(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
(c) The MAV system may not be configured to record audio data occurring prior to activation.
(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
(e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

420.9 MAV TECHNICIAN RESPONSIBILITIES
The MAV technician is responsible for:
(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
   1. Ensures it is stored in a secure location with authorized controlled access.
   2. Makes the appropriate entries in the chain of custody log.
(c) Erasing of media:
Mobile Audio/Video

1. Pursuant to a court order.

2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.

(d) Assigning all media an identification number prior to issuance to the field:
   1. Maintaining a record of issued media.

(e) Ensuring that an adequate supply of recording media is available.

(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

420.9.1 ADDITIONAL MAV TECHNICIAN RESPONSIBILITIES FOR GRANT FUNDING
If the Department receives any grants under the Illinois Law Enforcement Camera Grant Act, the MAV technician is also responsible for (50 ILCS 707/15):

(a) Remaining familiar with the applicable requirements of the Illinois Law Enforcement Camera Grant Act including any model rules developed by the Illinois Law Enforcement Training and Standards Board (ILETSB).

(b) Ensuring the MAV system includes audio of the officer when the officer is outside of the vehicle.

(c) Limiting access to the camera to the officer’s supervisor.

(d) Working with the Records Supervisor to develop procedures to process requests from other law enforcement agencies and local State’s Attorneys for video recordings, including procedures for protecting identities of individuals not related to the recorded incident.

(e) Completing the annual MAV report required by 50 ILCS 707/15.

420.10 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

420.11 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

(a) Beginning and end-of-shift recording procedures are followed.

(b) Logs reflect the proper chain of custody, including:
   1. The tracking number of the MAV system media.
Mobile Audio/Video

2. The date it was issued.
3. The law enforcement operator or the vehicle to which it was issued.
4. The date it was submitted.
5. Law enforcement operators submitting the media.
6. Holds for evidence indication and tagging as required.

(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.
Mobile Digital Computer Use

421.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

421.2 POLICY
Village of Lisle Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

421.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

421.4 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

421.4.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages
Mobile Digital Computer Use

that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

421.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

421.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

421.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a supervisor is notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

421.6 EQUIPMENT CONSIDERATIONS

421.6.1 MALFUNCTIONING

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
421.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Medical Marijuana

422.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of cannabis under the Illinois Compassionate Use of Medical Cannabis Program Act (the Act) (410 ILCS 130/1 et seq.).

422.1.1 DEFINITIONS
Definitions related to this policy include (410 ILCS 130/10):

**Authorized amount** - No more than 2.5 ounces of usable cannabis unless the person has a Department of Public Health-approved quantity waiver for more than 2.5 ounces. The pre-mixed weight of cannabis used in making cannabis-infused products shall apply toward the authorized amount of cannabis.

**Cardholder** - A person who has been issued a valid registry identification card or valid provisional registration by the Department of Public Health (410 ILCS 130/55).

**Dispensary** - An organization or business that is registered by the Department of Financial and Professional Regulation to acquire medical cannabis from a registered cultivation center for the purpose of dispensing cannabis, paraphernalia, or related supplies and educational materials to cardholders.

**Medical use of cannabis** - The acquisition, administration, delivery, possession, transfer, transportation, or use of cannabis to treat or alleviate a person’s debilitating medical condition or symptoms associated with the debilitating medical condition.

**Qualifying patient** - A person who has been diagnosed by a physician, an advanced practice registered nurse, or a physician assistant as having a debilitating medical condition listed in 410 ILCS 130/10(h).

**Registered designated caregiver** - A person who has a valid registry identification card to assist a qualifying patient with the medical use of cannabis.

**Registry identification card** - A document issued by the Department of Public Health that identifies a person as a registered qualifying patient or registered designated caregiver.

**Usable cannabis** - The seeds, leaves, buds, and flowers of the cannabis plant. It does not include the stalks and roots of the plant or the weight of any non-cannabis ingredients combined with cannabis, such as ingredients added to prepare a topical administration, food, or drink.

422.2 POLICY
It is the policy of the Village of Lisle Police Department to prioritize resources to avoid making arrests related to cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.
Medical Marijuana

Illinois medical cannabis laws are intended to provide protection from arrest and prosecution to those who comply with the registration requirements of the law and who use, possess or provide care to mitigate the symptoms of certain chronic or debilitating medical conditions, or produce or deliver cannabis. However, Illinois medical cannabis laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of cannabis. The Village of Lisle Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Illinois law and the resources of the Department.

422.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of cannabis generally fall into one of two categories:

(a) Investigations when no person makes a medicinal claim
(b) Investigations when a medicinal claim is made by a cardholder

422.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production, or use of cannabis or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana (410 ILCS 705/10-5). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis was possessed or produced for medicinal purposes.

422.3.2 INVESTIGATIONS INVOLVING A CARDHOLDER
No enforcement action should be taken when a person is in possession of, delivers, or uses cannabis or cannabis paraphernalia when the following amounts of cannabis are not exceeded (410 ILCS 130/25; 410 ILCS 130/10; 410 ILCS 705/10-5):

(a) 2.5 ounces of cannabis obtained from a dispensary
(b) More than 2.5 ounces of cannabis obtained from a dispensary if the person has a Department of Public Health-approved quantity waiver
(c) Five plants more than 5 inches tall (unless properly licensed to possess more plants under a special license)

The total amount possessed between the patient and caregiver shall not exceed the patient’s adequate supply.

Despite the existence of a valid registry identification card, if there is evidence that the conduct related to cannabis was not for the purpose of treating or alleviating the qualifying patient’s medical condition or symptoms associated with the medical condition, a criminal investigation should occur (410 ILCS 130/25(a)-(d)).

Registered qualifying patients and their designated caregivers are required to possess their registry identification cards at all times when engaging in the medical use of cannabis (410 ILCS...
130/70). However, officers who reasonably believe that a person who does not have a registry identification card in his/her possession has been issued a card may treat the investigation as if the person has the card in his/her possession.

422.3.3 ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving cannabis possession, delivery, production, or use (410 ILCS 130/25):

(a) No person may be arrested solely for:
   1. Selling cannabis paraphernalia to a cardholder, if the person is employed and registered as a dispensing agent of a dispensary.
   2. Being in the presence or vicinity of the medical use of cannabis.
   3. Assisting a qualifying patient in possession of a registry identification card with the act of administering cannabis.

(b) Cannabis, cannabis paraphernalia, illegal property, or interest in legal property that is possessed, owned, or used in connection with the medical use of cannabis may not be seized or forfeited. However, nothing in this policy prohibits cannabis exceeding the authorized amounts or unrelated to any cannabis that is possessed, manufactured, transferred, or used under the Act from being seized or forfeited.

(c) Possession of, or application for, a registry identification card or registration certificate does not itself constitute reasonable suspicion or probable cause to search, nor does it preclude the existence of other independent probable cause.

(d) Because enforcement of medical cannabis laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
   1. The suspect has been identified and can be easily located at another time.
   2. The case would benefit from review by a person with expertise in medical cannabis investigations.
   3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
   4. There are any other relevant factors, such as available department resources and time constraints.

(e) Registered cultivation centers and dispensaries, as well as their officers, agents, and employees, may not be searched or seized solely because they are a cultivation center or dispensary, or are officers, agents, or employees of such facilities.

(f) Before proceeding with enforcement related to a cultivation center, officers should consider conferring with appropriate legal counsel or the medical department of the state police (410 ILCS 705/15-135).
Medical Marijuana

422.3.4 EXCEPTIONS
This policy does not apply to the following offenses. Officers may take enforcement action if the person (410 ILCS 130/30):

(a) Undertakes any task under the influence of cannabis when doing so would constitute negligence, professional malpractice, or professional misconduct.

(b) Possesses or uses cannabis:
   1. In a school bus, except as provided under 105 ILCS 5/22-33.
   2. On the grounds of any preschool, or primary, or secondary school, except as provided under 105 ILCS 5/22-33.
   3. In any correctional facility.
   4. In a vehicle, except that a person may possess medical cannabis if it is in a reasonably secured, sealed, container and is reasonably inaccessible while the vehicle is moving (see 625 ILCS 5/11-502.15 for how recreational marijuana may be transported in a motor vehicle).
   5. In a private residence that is used at any time to provide licensed child care or other similar social service care on the premises.

(c) Uses cannabis:
   1. In any motor vehicle.
   2. In any place except a private residence where an individual could reasonably be expected to be observed by others, except as provided under 105 ILCS 5/22-33.
   3. Knowingly in close physical proximity to anyone under the age of 18, except as provided under 105 ILCS 5/22-33.
   4. As an active duty law enforcement officer, correctional officer, correctional probation officer, or firefighter.
   5. As a person with a school bus permit or a Commercial Driver’s License (CDL).

(d) Smokes medical cannabis in any place where smoking is prohibited under the Smoke Free Illinois Act.

(e) Operates, navigates, or is in actual physical control of any motor vehicle, aircraft, or motorboat while using or under the influence of cannabis, in violation of Sections 11-501 and 11-502.1 of the Illinois Vehicle Code.

(f) Uses or possesses cannabis if that person does not have a debilitating medical condition and is not a registered qualifying patient or registered designated caregiver.

(g) Allows another person who is not allowed to use cannabis under the Act to use cannabis that a cardholder is allowed to possess.

(h) Transfers cannabis to any person contrary to the provisions of the Act

(i) Drives any vehicle in violation of Section 11-503 of the Illinois Vehicle Code (reckless driving).
**Medical Marijuana**

**422.4  FEDERAL LAW ENFORCEMENT**
Officers should provide information regarding a cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

**422.5  PROPERTY AND EVIDENCE BUREAU SUPERVISOR RESPONSIBILITIES**
The Property and Evidence Bureau supervisor should ensure that cannabis, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. The Property and Evidence Bureau supervisor is not responsible for caring for live cannabis plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Bureau supervisor should return to the person from whom it was seized any useable cannabis, plants, drug paraphernalia or other related property.

The Property and Evidence Bureau supervisor should not destroy cannabis that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence Bureau supervisor may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Unit supervisor.
Bicycle Patrol Unit

423.1 PURPOSE AND SCOPE
The Village of Lisle Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

423.2 POLICY
Patrol bicycles may be used for regular patrol/special duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or a Watch Commander.

423.3 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit a letter of interest to their assigned sergeant. A copy will be forwarded to the Bicycle Patrol Unit supervisor. Candidates will be selected by Command Staff. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Special skills or training as it pertains to the assignment.
(c) Good physical condition.
(d) Willingness to perform duties using the bicycle as a mode of transportation.

423.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Patrol Deputy Chief or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
(c) Scheduling maintenance and repairs.
(d) Evaluating performance of bicycle officers.
(e) Coordinating activities with the Patrol Division.
(f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

423.4 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive periodic in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles
- Basic bicycle care and maintenance

423.5 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches and department-approved bicycle patrol pants or shorts.

Optional equipment includes jacket in colder weather, turtleneck shirts or sweaters when worn under the uniform shirt, and a radio head set and microphone.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

423.6 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle with an attached gear bag.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a Police decal affixed to each side of the crossbar or the bike’s saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front lights, and a siren/horn satisfying the requirements of the Illinois Vehicle Code (625 ILCS 5/11-1507). A bicycle is a police vehicle as authorized by 625 ILCS 5/1-162.3.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.
Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with an oscillating, rotating or flashing red and/or blue warning light that is visible from the front, sides, or rear of the bicycle (625 ILCS 5/12-215).

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a memorandum will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

423.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers operating an authorized emergency vehicle may park or stand, irrespective of the provisions of the Illinois Vehicle Code (625 ILCS); proceed past a red or stop signal or stop sign, but only after slowing down as may be required and necessary for safe operation; exceed the maximum speed limits so long as he/she does not endanger life or property; disregard regulations governing direction of movement or turning in specified directions (625 ILCS 5/11-205).

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).
Shift Supervisors

424.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each shift.

424.2 DESIGNATION AS ACTING WATCH COMMANDER
When a Sergeant is unavailable for duty as a shift supervisor, in most instances an Officer in Charge shall be designated as acting shift supervisor.
Citation Dismissal, Correction, and Voiding

424.1 PURPOSE AND SCOPE
This policy outlines the responsibility for citations, the procedure for dismissal, correction, and voiding of citations.

424.2 RESPONSIBILITIES
The Records Supervisor shall be responsible for the development and design of all Department citations in compliance with County standards, state law, or the Illinois Supreme Court.

The Records Bureau shall be responsible for the supply and accounting of all citations issued to employees of this department.

424.3 DISMISSAL OF CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the generating member’s Deputy Chief.

Upon a review of the circumstances involving the issuance of the citation, it is the decision of the Deputy Chief to recommend dismissal of the citation. If approved, the citation will be forwarded to the prosecutor’s office with a request for dismissal. All recipients of citations whose request for the dismissal of a citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the prosecutor to dismiss the citation. Upon dismissal of the citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Deputy Chief for review.

424.4 VOIDING CITATIONS
Voiding a citation may occur when a citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records Bureau.

424.5 CORRECTION OF CITATIONS
When a citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Records Bureau. The Records Bureau shall prepare a letter of correction to the State’s Attorney’s Office having jurisdiction and to the recipient of the citation.
Citation Dismissal, Correction, and Voiding

424.6 DISPOSITION OF CITATIONS
The court and file copies of all citations issued by members of this department may be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with this department, all employees issued citations books shall return any unused citations to the Records Bureau.
Foot Pursuits

425.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue a pursuit of suspects on foot.

425.2 POLICY
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

425.3 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances present at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
Foot Pursuits

(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

425.4 GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
(b) The officer is acting alone.
(c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
(d) The officer is unsure of his/her location and direction of travel.
(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
(k) The officer loses possession of his/her firearm, radio, or other essential equipment.
(l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
(m) The suspect’s location is no longer known.
(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
Foot Pursuits

(o) The officer’s ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

425.5 RESPONSIBILITIES IN FOOT PURSUIT

425.5.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

425.5.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

425.5.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;
Foot Pursuits

the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

425.5.4 DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

425.6 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.
Foot Pursuits

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted. In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Homeless Persons

426.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Village of Lisle Police Department recognizes that members of the homeless community are often in need of special protection and services. It is the goal of the Village of Lisle Police Department to address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

426.1.1 POLICY
It is the policy of the Village of Lisle Police Department to provide law enforcement services and to protect the rights, dignity and private property of all members of the community, regardless of their socioeconomic status. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

426.2 HOMELESS COMMUNITY LIAISON
If appropriate for proper handling of contacts with homeless persons and adherence to this policy, the Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, including procedures for owners to reclaim their property in accordance with the Property and Evidence Bureau Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.
1. This should include what constitutes a reasonable expectation of privacy for the property of a homeless person (775 ILCS 45/5).

426.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers may consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest. However, nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

426.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
(e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Adult Abuse Policy.
(f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
(g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

426.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public (775 ILCS 45/10(a)(7)). Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of homeless persons.
Homeless Persons

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, is a blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

426.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (See the Civil Commitments Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

426.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to our environment has or is likely to occur. Significant impacts to the environment may warrant a case report, investigation, supporting photographs and supervisor notification.
Firearm Concealed Carry

427.1 PURPOSE AND SCOPE
This policy provides guidance for responding to situations involving individuals who possess concealed carry handgun licenses under the provisions of the Illinois Firearm Concealed Carry Act (430 ILCS 66/1 et seq.).

427.2 POLICY
The Village of Lisle Police Department respects the rights of individuals to carry concealed handguns in compliance with the Illinois Firearm Concealed Carry Act.

It is the policy of the Village of Lisle Police Department to not unreasonably interfere with or discriminate against individuals who lawfully carry concealed handguns.

427.3 OFFICER RESPONSIBILITY
When an officer initiates an investigative stop, including a traffic stop, and determines that any persons contacted, including passengers, are in possession of concealed firearms and are license holders, the duration of the contact may only be extended by the amount of time reasonably necessary to verify the validity of the license or to verify that possession of the weapon is lawful, absent reasonable suspicion of other criminal activity.

If an officer reasonably believes a person is a clear and present danger because the person has engaged in verbally or physically threatening behavior (e.g., violent, suicidal or assultive threats or actions), the officer shall report this information to the Illinois State Police (ISP) within 24 hours (430 ILCS 65/8.1). The fact that ISP has been notified and the manner of notification should be documented.

The officer should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent). Officers are cautioned that a search warrant may be needed before seizing weapons or entering a residence or other place to search, unless a lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

427.3.1 OFFICER SAFETY
If an officer reasonably believes it is necessary for the safety of anyone present, the officer may secure a firearm or direct that it be secured during any contact with a licensee lawfully carrying a firearm or non-resident lawfully transporting a firearm in a vehicle. The officer shall return the firearm to the person after it is determined he/she is not a threat to the safety of any person present unless he/she is being transported to another location for treatment, in which case the officer shall proceed as provided in the Firearms in Non-Custody Situations section of this policy (430 ILCS 66/10(h-1)).
Firearm Concealed Carry

427.4  FIREARMS IN CUSTODY SITUATIONS
No person shall be transported in a department vehicle or be brought into a department facility or other prohibited facility while armed. If no other reasonable accommodation for the firearm is available, officers should take possession of the firearm, safely secure it during transport and retain possession until the person is released. If the person is not released, the firearm will be submitted to the Property and Evidence Bureau as evidence or for safekeeping.

If a licensee’s vehicle is towed and his/her firearm is in the vehicle, officers should handle the vehicle inventory in a manner that is consistent with the Vehicle Towing Policy. The officer should remove any firearms and submit them to the Property and Evidence Bureau for either safekeeping or evidence, whichever is appropriate for the circumstances.

If the firearm is locked in a storage container inside the vehicle and is not considered evidence, officers should ask the licensee whether he/she prefers to have the firearm secured for safekeeping in the Property and Evidence Bureau or left with the vehicle. If the licensee chooses to leave the firearm with the vehicle, his/her decision should be documented in the incident report or towed vehicle report.

The handling officer should provide a receipt, along with instructions for regaining possession of the firearm. Any firearm retained and stored for safekeeping shall be returned to the lawful owner, without fees, in accordance with the Property and Evidence Bureau Policy.

427.5  FIREARMS IN NON-CUSTODY SITUATIONS
If a licensee who is in lawful possession of a firearm is encountered under circumstances where he/she cannot adequately secure the firearm, (i.e., is incapacitated or being transported to the hospital for medical reasons), the firearm shall be retained and submitted to the Property and Evidence Bureau for safekeeping.

The handling officer should provide a receipt documenting the make, model, caliber and serial number of the firearm, along with instructions for regaining possession of the firearm. Any firearm retained and stored for safekeeping shall be returned to the lawful owner, without fees, in accordance with the Property and Evidence Bureau Policy (430 ILCS 66/10(h-1)).

427.6  OBJECTIONS TO LICENSE APPLICATIONS
State law allows law enforcement agencies to file an objection to a license applicant when there is reasonable suspicion that the applicant is a danger to him/herself or others, or poses a threat to public safety (430 ILCS 66/15(a)). Any member who becomes aware of a license applicant who the member reasonably suspects is a danger to him/herself or others, or who poses a threat to public safety should promptly forward an incident report or a memorandum, as appropriate, to the Chief of Police or the authorized designee for approval and forwarding to ISP.

427.7  SURRENDER OR SEIZURE OF LICENSES
Members receiving a concealed carry license that has been voluntarily surrendered to the department because it has been revoked, suspended or denied shall provide the individual...
Firearm Concealed Carry

surrendering the license with a receipt and ensure that the license is forwarded to ISP (430 ILCS 66/70).

Officers should seize concealed carry licenses when the officer serves an order of protection and the person served is known to possess a concealed carry license. A notification of the order and the license must be forwarded to ISP within seven days of the date the order was served (430 ILCS 66/70).

It is a misdemeanor for a person to fail to surrender a concealed carry license within 48 hours of receiving notice of the revocation, denial or suspension of the license. Officers observing a license in the possession of a person whose license has been revoked, suspended or denied should consider seizing the license as evidence, if there are articulable facts that establish the person was aware of the revocation, suspension or denial. If the license is seized as evidence, ISP should be notified as soon as practicable. A copy of the report should be forwarded to ISP.
Public Recording of Law Enforcement Activity

428.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence (50 ILCS 706/10-20).

428.2 POLICY
The Village of Lisle Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

428.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (720 ILCS 5/14-2; 50 ILCS 706/10-20).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to (50 ILCS 706/10-20):

1. Inciting others to violate the law.
2. Being so close to the activity as to present a clear safety hazard to the officers.
3. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.
4. Engaging in any other action that could interfere with an officer’s ability to maintain safety and control, secure crime scenes and accident sites, protect the integrity and confidentiality of investigations or protect the public safety and order.

428.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.
Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

428.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

428.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
Public Recording of Law Enforcement Activity

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Bureau Policy.

428.7 DISCIPLINE
Departmental discipline consistent with the Personnel Complaints Policy and criminal prosecution may result from unlawful confiscation or destruction of a public recording of law enforcement activity (50 ILCS 706/10-20).
Crisis Intervention Incidents

429.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

429.1.1 DEFINITIONS
Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

429.2 POLICY
The Village of Lisle Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

429.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia
Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

429.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Deputy Chief to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

429.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
(d) Attempt to determine if weapons are present or available.
(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
(f) Secure the scene and clear the immediate area as necessary.
(g) Employ tactics to preserve the safety of all participants.
(h) Determine the nature of any crime.
(i) Request a supervisor, as warranted.
(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.
429.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

429.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

429.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:
Crisis Intervention Incidents

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Deputy Chief.
(f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

429.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

429.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

429.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS
Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.
**Crisis Intervention Incidents**

**429.11 EVALUATION**
The Deputy Chief designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

**429.12 TRAINING**
Subject to available resources, the Department will provide training to department members to enable them to effectively interact with persons in crisis.

Training may include the ILETSB’s training on crisis response (50 ILCS 705/10.17).
Portable Audio/Video Recorders

430.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties (50 ILCS 706/10-20). Portable audio/video recording devices include all recording systems whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Village of Lisle Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

430.1.1 DEFINITIONS
Definitions related to this policy include (50 ILCS 706/10-10):

Body-worn camera or camera - An electronic camera system for creating, generating, sending, receiving, storing, displaying and processing audiovisual recordings that may be worn about the person of a law enforcement officer.

Law enforcement-related activities - Activities in which the member is enforcing the law, including traffic or pedestrian stops, arrests, searches, interrogations, investigations, pursuits, crowd and traffic control. It does not include tasks unrelated to the investigation of a crime such as participating in town halls or other community outreach; helping a child find his/her parents; providing death notifications; performing in-home or hospital well-being checks on the sick, elderly or persons presumed missing; or completing paperwork while alone or only in the presence of another law enforcement officer.

Portable recorder or recorder - Either an audio-only recording device or a body-worn camera.

430.2 POLICY
The Village of Lisle Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public (50 ILCS 706/10-15).

430.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

430.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in
good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable (50 ILCS 706/10-20). Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner whenever in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, LPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

430.5 ACTIVATION OF THE AUDIO/VIDEO RECORDER
This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

Members wearing body-worn cameras and any clothing or any indication they are law enforcement shall have the body-worn camera turned on at all times while they are on-duty and are responding to calls for service or engaged in law enforcement-related activities (50 ILCS 706/10-20).

Other portable recorders should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview situations

(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops

(c) Self-initiated activity in which an officer would normally notify Dispatch

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

If exigent circumstances prevent an officer from turning on a body-worn camera when required, the camera shall be turned on as soon as practicable (50 ILCS 706/10-20).
Members shall not record interactions with confidential informants unless exigent circumstances exist or the informant has or is committing a crime (50 ILCS 706/10-20).

Members should remain sensitive to the dignity of all individuals being recorded and unless recording with a body-worn camera is required, exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

430.5.1 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that the member’s direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Body-worn cameras shall be turned off when a victim, or a witness or a community member reporting a crime requests that the camera be turned off. The request should be captured on the recording. However, an officer may continue to record or resume recording a victim or witness if exigent circumstances exist or the officer has a reasonable articulable suspicion that the victim or witness has committed or is in the process of committing a crime. Under these circumstances, the officer should indicate on the recording the reason for continuing to record despite the request of the victim or witness (50 ILCS 706/10-20).

Officers are permitted to turn off body-worn cameras while inside a patrol car equipped with Mobile Audio/Video (MAV). Cameras may also be turned off when the officer is not engaged in law enforcement-related activities, when completing paperwork alone or while only in the presence of another member, or when inside a correctional facility or courthouse with a camera system (50 ILCS 706/10-20).

430.5.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER
Illinois law prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation is private or confidential (720 ILCS 5/14-2).

However, officers using body-worn cameras are not prohibited from recording a private conversation if the person is provided notice of the recording and proof of that notice is captured on the recording. If exigent circumstances exist that prevent the officer from providing notice, notice must be provided as soon as practicable (50 ILCS 706/10-20).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.
430.5.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

430.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

430.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
(b) A complainant, victim or witness has requested non-disclosure.
(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.
(g) The recording or portions of the recording may be protected under the Freedom of Information Act or the Law Enforcement Officer-Worn Body Camera Act (5 ILCS 140/7.5; 50 ILCS 706/10-20).
Portable Audio/Video Recorders

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

430.7.1 BODY-WORN CAMERAS
With respect to body-worn camera recordings, the recording member and supervisor are prohibited from redacting, labelling, duplicating, or altering the recording (50 ILCS 706/10-20).

430.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings, and use them as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less-detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing a member’s performance.

The supervisor of the recording member shall document in the report or other documentation if the supervisor or the recording member reviewed body-worn camera recordings prior to completing the report or other documentation.

No member shall have access to or review the member’s own body-worn camera recordings or the body-worn camera recordings of another officer prior to completing reports or other documentation when the member:

(a) Has been involved in or is a witness to an officer-involved shooting, use of deadly force incident, or use of force incident resulting in great bodily harm.
(b) Is ordered to write a report in response to or during the investigation of a misconduct complaint against the member.

If the member prepares a report related to the circumstances listed above, subject to a supervisor’s approval, a member may file a supplemental report after viewing body-worn camera recordings. The member shall document in the supplemental report that the member reviewed recordings (50 ILCS 706/10-20).

Recorded files may also be reviewed:

- Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation, or criminal investigation.
- Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- By media personnel with permission of the Chief of Police or the authorized designee.
- In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.
Portable Audio/Video Recorders

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

430.9 BODY-WORN CAMERA COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for (50 ILCS 706/10-20):

(a) Identifying members who are assigned body-worn cameras.
(b) Identifying members permitted to access recordings in order to redact, label, or duplicate recordings.
(c) Ensuring body-worn cameras acquired on or after July 1, 2015, are equipped with pre-event recording of least the 30 seconds prior to camera activation and are capable of recording for a period of at least 10 hours.
(d) Establishing procedures for:
   1. The care and maintenance of body-worn cameras, including reasonable efforts to be made by supervisors to correct or repair body-worn camera equipment upon notice from a member experiencing technical difficulties, failures, or problems with the equipment.
   2. Compliance with the Law Enforcement Officer-Worn Body Camera Act and guidelines established by the Illinois Law Enforcement Training and Standards Board (ILETSB) for the use of body-worn cameras.
   3. Security of recordings including access controls.
   4. Redacting, labeling, and duplicating recordings.
   5. Supervisor and member review of recordings.
(e) Providing an annual report to the ILETSB pursuant to 50 ILCS 706/10-25.
(f) Ensuring the Department uses authorized body-worn camera recording media (50 ILCS 706/10-10).
(g) Designating members permitted to redact, label, or duplicate recordings (50 ILCS 706/10-20).

430.10 RETENTION OF RECORDINGS

All recordings other than those made with body-worn cameras shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 90 days unless the recordings are made a part of an arrest or the recordings are deemed evidence in any criminal, civil, or administrative proceeding and then the recordings must only be destroyed upon a final disposition and/or an order from the court (720 ILCS 5/14-3(h-15)).
430.10.1 RETENTION REQUIREMENTS FOR BODY-WORN CAMERA RECORDINGS
Recordings made on body-worn cameras shall be retained for 90 days. Recordings shall not be altered, erased, or destroyed prior to the expiration of the 90-day storage period. In the event any recording is altered, erased, or destroyed prior to the expiration of the 90-day storage period, the Chief of Police shall maintain a written record including the name of the individual who made such alteration, erasure, or destruction, and the reason for any such alteration, erasure, or destruction for one year (50 ILCS 706/10-20).

After the 90-day storage period, recordings must be destroyed unless any of the following occur (50 ILCS 706/10-20):

(a) A formal or informal complaint has been filed.
(b) The officer discharged a firearm or used force during the encounter.
(c) Death or great bodily harm occurred to any person in the recording.
(d) The encounter resulted in a detention or arrest other than a traffic stop resulting in only a minor traffic offense or a petty offense with a fine of more than $1,000.
(e) The officer is the subject of an internal investigation or otherwise being investigated for possible misconduct.
(f) The supervisor of the officer, prosecutor, defendant, or court determines that the encounter has evidentiary value in a criminal prosecution.
(g) The recording officer requests that the video be retained for official purposes related to the officer's official duties.

Under these circumstances, the recording of the encounter shall not be altered or destroyed for two years. If the recording is used in a criminal, civil, or administrative proceeding, the recording shall not be destroyed except upon a final disposition and order from the court.

Recordings may be retained any time a supervisor designates the recording for training purposes and may be viewed by officers, in the presence of a supervisor or training instructor, for the purposes of instruction, training, or ensuring compliance with department policies.

430.10.2 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.
Medical Aid and Response

431.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

431.2 POLICY
It is the policy of the Village of Lisle Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

431.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so (720 ILCS 5/7-15).

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
431.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

431.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

431.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

431.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.
Medical Aid and Response

The Patrol Deputy Chief should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

431.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member should use an AED only after he/she has successfully completed a course of instruction in accordance with the standards of a nationally recognized organization or rules existing under the AED Act, 410 ILCS 4/20.

431.8.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the supervisor who is responsible for ensuring appropriate maintenance.
Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member using an AED shall notify Dispatch as soon as possible and request response by EMS (410 ILCS 4/20).

431.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

431.8.3 AED TRAINING AND MAINTENANCE
The Training Coordinator shall ensure that the Village of Lisle Police Department is equipped with at least one operational and functional AED and that all AED are appropriately maintained and tested (55 ILCS 5/3-6040; 65 ILCS 5/11-1-13; 410 ILCS 4/20).

Records of all maintenance and testing should be maintained in accordance with the established records retention schedule.

The Training Coordinator shall ensure that an adequate number of members receive training in the use of an AED (55 ILCS 5/3-6040; 65 ILCS 5/11-1-13; 410 ILCS 4/20).

431.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
The Training Coordinator shall maintain written procedures to manage the department’s acquisition, storage, transportation, training and administration of opioid overdose medication (20 ILCS 301/5-23).

Members who have received training may administer opioid overdose medication in accordance with protocol specified by the health care professional who prescribed the overdose medication for use by the member (20 ILCS 301/5-23).

431.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the DuPage Narcan Program coordinator.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

431.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.
Medical Aid and Response

431.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Coordinator should ensure training is provided to members authorized to administer opioid overdose medication that includes information and training on drug overdose prevention, recognition, the administration of an overdose medication and care for the person after administration of the medication as provided in 20 ILCS 301/5-23.

431.10 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

431.11 FIRST AID TRAINING
Subject to available resources, the Training Coordinator should ensure officers receive periodic first aid training appropriate for their position.
Civil Disputes

432.1 PURPOSE AND SCOPE
This policy provides members of the Village of Lisle Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Illinois law.

432.2 POLICY
The Village of Lisle Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace.

When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

432.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
Civil Disputes

432.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

432.4.1 STANDBY REQUESTS
Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

432.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

432.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
First Amendment Assemblies

433.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

433.2 POLICY
The Village of Lisle Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

433.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disorderly conduct. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
433.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

Care should be taken to ensure that any simultaneous audio recording does not violate the Illinois Eavesdropping Act (720 ILCS 5/14-2; 720 ILCS 5/14-3).

433.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

433.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

433.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

433.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with Village government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
First Amendment Assemblies

(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.

433.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

433.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

433.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

433.8 ARRESTS
The Village of Lisle Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see Cite and Release Policy).

433.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

433.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
First Amendment Assemblies

433.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, Dispatch records/tapes
(g) Media accounts (print and broadcast media)

433.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with Village legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

433.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions through active police patrol and violator contacts. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, citizen complaints and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Village of Lisle Police Department. Traffic crash information provided by the Illinois Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT
A. Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of citations issued by any officer shall not be used as criterion for evaluating officer overall performance, but the number of traffic stops completed, arrests, written warnings, and crime prevention measures are appropriate evaluation criterion (55 ILCS 5/5-1136; 65 ILCS 5/11-1-12).

B. Uniform Traffic Enforcement Procedures
1. Enforcement action shall be carried out in a fair, impartial, and courteous manner. The officer's actions should demonstrate a positive and professional demeanor at all times.

2. Officers shall carry and refer to the following as appropriate:
   (a) Illinois Vehicle Code
   (b) Warning and Citation books
   (c) Bond and court date schedules

C. Effective and equitable enforcement involves the following:
   1. The nature and seriousness of the violation
   2. Traffic and other conditions at the time
   3. The exercise of experience and good judgment
   4. Whether all elements of the violation are present and the officer is certain of the events
   5. Enforcing traffic laws equally to private vehicles, public carriers, and commercial vehicles.

D. Newly Passed Laws and Ordinances
   (a) It is the policy of the department, to issue warnings for a minimum of 14 days after such law becomes effective, in lieu of special orders to the contrary or observing an offense that the officer determines that a citation is appropriate.

E. Officers may use the following methods for speed timing:
   1. Pace - The officer shall maintain a constant speed for at least 1/10 of a mile, not gaining any distance on the paced vehicle. In the event the officer maintains constant speed and the vehicle being paced increases its distance from the officer's vehicle, it may be assumed that the vehicle is traveling, at a minimum, the speed of the police vehicle.
   2. Radar - The officer may use police radar in either the moving or stationary mode
   3. Laser - The officer may use police LASER in stationary mode.
   4. Lidar - The officer may use police LIDAR in stationary mode.

F. Special Enforcement Problems
   A. Non-residents
      1. Residents of states that are members of the "Non-resident Violators Compact" shall be afforded the reciprocal provisions thereof. Officers shall carry a current listing of members states.
2. Residents of non-compact states shall be allowed to post bond as set by rule of court. Those unable to post bond shall be given and individual bond or brought before a judge as soon as possible.

B. Commercial Vehicle/Public Carrier Violators - The following guidelines shall be used when taking formal enforcement action if there are passengers or valuable cargo involved.

1. Non-continuing violation (such as speeding, yield right of way, defective equipment, etc.). Take the approved bond at the scene.

2. Continuing violation (no driver's license, suspended license, D.U.I.) where the driver will be detained, have passengers make their arrangements at the scene or the department.

C. Juveniles

1. Juvenile Traffic violators shall be released by a "Promise to Comply" bond.

2. Officers issuing a citation to a juvenile should advise them regarding prepayment or court appearance.

3. If a juvenile is arrested, the parent/guardian shall be notified as soon as possible.

D. Military Personnel and Legislators

1. All military personnel assigned to local installations should be treated as residents. The home state operator's license of military personnel is valid for 90 days after separation from active duty.

2. Military personnel not assigned to local installations should be treated as non-residents.

3. Members of the military reserve forces and National guard, shall in all cases except treason, felony, or breach of the peace, be privileged from arrest during their attendance of official meetings and in going to and returning from the same.

4. Members of the United States Electoral College shall, in all cases except treason, felony, or breach of the peace, be privileged from arrest during their attendance at official meetings, and in going to and returning from the same.

5. Senators and Representatives shall, in all cases except treason, felony, or breach of the peace, be privileged from arrest during their attendance at official meetings, and in going to and returning from the same.

E. Reporting Incompetent Drivers

1. When an officer encounters an operator with a physical or mental condition which might prevent the person from operating a motor vehicle in a safe and reasonable manner, he shall prepare a Medical
Reporting and Re-examination Request form and submit it to the Secretary of State, Driver Services Department.

F. Pedestrian/Bicycle Traffic
   1. Enforcement measures utilized in dealing with pedestrian and bicycle traffic shall be governed by the policies and procedures previously outlined in the directive, including:
      (a) Analysis of traffic crash reports involving pedestrians and/or bicycles, and
      (b) Planning public information and/or enforcement activities based upon traffic crash analysis.
   2. Officers shall be familiar with laws that are applicable to pedestrian and bicycle traffic and take enforcement action when violations are observed.

G. Mopeds, Mini-bikes and Off-road Vehicles
   1. All Officers shall be familiar with laws that are applicable to mopeds, mini-bikes, and off-road vehicles and take enforcement action when violations are observed.
   2. Related vehicle traffic crashes, trespass to property, and juvenile offenders shall be handled according to statute and current departmental procedures.

H. Suspended or Revoked Driver's Licenses - Officers frequently encounter drivers who are unable to produce a valid operator's license.
   1. If the officer is unsure of the status of the violator's license, he should issue a citation for "failure to have license/permit on person". If it is later determined that the license was suspended/revoked, the officer should prepare a report to be forwarded to the appropriate prosecutor for an issuance of a warrant.
   2. If probable cause exists to believe the violator's license is suspended or revoked, the officer shall may issue the appropriate citations to the subject.
   3. The officer shall include a drivers license abstract from the Secretary of State with the case file.
   4. Release on bond shall follow the current rule of court bonding procedures.

Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS
Verbal Warnings, written warnings, or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations. Keep in mind that a written warning is a positive contact and has a greater remedial effect than a verbal warning.
Traffic Function and Responsibility

If a warning is issued, the officer shall complete a "stop card" and submit the appropriate documentation to the records department by the end of shift or detail.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate, based upon the violator's unsafe or jeopardizing movement of pedestrian or vehicular traffic. This includes operating unsafe of improperly equipped vehicles, and serious license and registration violations.

It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation.

1. Officers should provide the following information at a minimum:
   (a) Explanation of the violation or charge.
   (b) Bonding options.
   (c) Court appearance procedure including the optional or mandatory appearance by the motorist.
   (d) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

2. Officers shall not:
   (a) Quote non-scheduled bond amounts on the street
   (b) Predict the actions of the court
   (c) Make legal recommendations

Officers shall submit the citation and stop card to the records department by the end of their shift or detail.

500.3.3 PHYSICAL OR CUSTODIAL ARREST

1. Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Criminal Code. These physical arrest cases usually deal with, but are not limited to:
   (a) Reckless homicide.
   (b) Felony and misdemeanor driving under the influence of alcohol/drugs.
   (c) Felony or misdemeanor hit-and-run.
   (d) Fleeing or eluding police.
   (e) Resisting arrest.
   (f) Reckless driving
   (g) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.

2. Traffic Offenses, Fingerprinting
Traffic Function and Responsibility

(a) The Illinois State Police Bureau of Identification is responsible for defining the offenses which require fingerprinting.

(b) The Department is responsible for ensuring fingerprints taken of offenders are forwarded to the State Bureau of Identification.

(c) In accordance with current state statutes, persons arrested for Class A misdemeanors and/or felony offenses should be fingerprinted.

Officers shall submit the citation, stop card, and any other required documentation to the records department by the end of their duty shift or detail.

500.3.4 MULTIPLE VIOLATION PROCEDURES - ALL CLASSIFICATIONS

1. Violations shall be dealt with individually

2. When similar violations occur, cite the more hazardous or serious event. For example, use "failure to yield at an intersection" rather than "improper turn".

3. Related events shall not be cited separately if they are the same elements of all-inclusive violation stemming from the same vehicle operations, such as reckless driving or eluding.

4. Applicable non-hazardous events such as license, registration, or equipment violations, would be cited along with any moving violations involved.

500.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.
Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VEST
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Coordinator should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.5 STOP RECEIPTS
Whenever an officer stops a motorist under 725 ILCS 5/107-14 and pat-down searches the person or the person’s property, the officer should issue a stop receipt providing the reason for the stop and containing the member’s name and badge number.

500.6 SEIZURE OF ITEMS
Officers who reasonably believe that any certificate of title, registration card, permit, license, registration plate, license plate, disability license plate, parking decal or device, or registration sticker is fictitious, expired, revoked, cancelled, suspended or unlawfully issued shall seize such items for return of the items to the Secretary of State (625 ILCS 5/2-111).
Stopping and Approaching the Traffic Violator

501.1 PURPOSE
In order to ensure the safety of the officers, traffic violators and other users of the roadway, officers shall at all times adhere to specified procedures when stopping and approaching traffic violators. Traffic law enforcement is a dangerous task for police officers. For many motorists being stopped is an emotionally trying experience. Officers should be aware of this and strive to make each contact educational and leave the impression that the officer has performed his duty in a professional and friendly manner. In case of citation or arrest it is essential that the motorist fully understands the rights, options, and requirements involved.

This order consists of the following numbered sections
(a) Detection of Traffic Violation
(b) General Guidelines
(c) Known Risk Vehicle Stops
(d) Stopping Oversize / Overweight Vehicles

501.1.1 DETECTION OF TRAFFIC VIOLATION
(a) When a violation is observed and contact is made, the primary objectives are to take the appropriate enforcement action and favorably influence future driving behavior.
(b) Prior to the traffic stop officers shall:
1. Be alert at all times
2. Be absolutely certain of their observations of the violation
3. Be prepared with necessary equipment and forms

501.1.2 GENERAL GUIDELINES
A. MAKING THE TRAFFIC STOP
1. When the officer begins the stopping procedure, he/she shall notify the Dispatch Center of his/her location and the license/registration affixed to the vehicle being stopped. The vehicle description, direction of travel, and the number of occupants are optional information that may be given at this time.
2. The officer should anticipate the location of the stop, preferably one with good lighting, and avoid a stop in hazardous areas such as hills, curves, intersections, or high traffic volume locations.
3. The officer should signal the violator to stop. This signal should be with the emergency lights and, if necessary, an audible signal, such as an air horn or siren. These signals also alert other drivers of the officer's intent and will usually facilitate securing the right of way for the stopping maneuver.
4. The violator should be signaled to the side of the roadway close to the curb or on the shoulder.
Stopping and Approaching the Traffic Violator

5. On multi-lane roadways, the officer should ensure the safety of the violator during lane changes by gradually changing from lane to lane with the violator until the side of the roadway is reached.

6. Should the violator stop abruptly in the wrong lane or in another undesirable location, he/she should be promptly directed to move to a safer location. Officers should use the public address system to instruct violators to move to a safer location. If gestures are insufficient for direction, the officer should quickly exit from the patrol vehicle and give verbal instruction. If it appears that the driver is impaired, the violator should not be permitted to move his/her vehicle once it has stopped.

7. In the event an officer observes the occurrence of a traffic violation in oncoming traffic (violator is coming towards the officer), the officer should take the following actions:
   (a) Drive the police vehicle safely to the extreme right portion of the roadway.
   (b) As the violator approaches, signal for the violator to stop.
   (c) Do not leave the police vehicle in an attempt to stop the violator by hand signals, as this places the officer in an extremely hazardous position.
   (d) If the violator observes the signal and stops, the officer shall turn the police vehicle around and position it appropriately to the rear of the violator’s vehicle.
   (e) Should the violator fail to recognize the officer’s signals, the officer shall turn around when this maneuver can be made safely and catch up to the violator, stopping and approaching as usual.

8. Once the violator has stopped, the officer should position the police vehicle approximately one-half to one car length behind the violator’s vehicle. Additionally, the police vehicle should be positioned so the left front is offset approximately two feet to the left of the violator’s vehicle. This position provides maximum safety to the violator, the officer, and other users of the roadway.

9. Notify the Dispatch Center of the final stop location.

B. APPROACHING THE VIOLATOR AFTER THE STOP

1. The officer shall be alert to passing traffic while exiting the patrol vehicle and watchful for any suspicious actions by the occupants in the violator’s vehicle.

2. During the encounter with the driver, officers should:
   (a) Present a professional image in language, bearing, and manner
   (b) Explain the reason for the stop
   (c) Ask for a driver’s license
   (d) Ask for proof of insurance and, if appropriate, registration

3. Officers shall not allow drivers, or other occupants, to stand in the traveled portion of the roadway or stand between stopped vehicles.
4. Approaching the right-hand side of the violator’s vehicle is an acceptable option in those cases where passing traffic is so close as to constitute a danger to the officer, or it gives the officer a tactical advantage.

5. In those cases where the violator’s car has occupants in both the front and rear seats, the officer shall approach to a point near the leading edge of the left front door, being alert for any unusual actions on the part of the occupants and choosing a path so the door cannot be used as a weapon. From this position, the officer can communicate with the violator and keep all occupants in view.

6. In traffic stops made by two-officer patrol vehicles, the passenger officer shall provide security for his fellow officer. During the traffic stop, the officer should exit the vehicle and act as the cover officer. Generally, the two officers should not approach the violator together.

7. The procedure is basically the same at night, with additional emphasis placed on exercising caution in selecting an appropriate place for the traffic stop, signaling the violator, and positioning the police vehicle. The spotlight should be used to illuminate the interior of the violator’s vehicle.

C. ENFORCEMENT ACTION

1. The officer shall follow the guidelines for enforcement action enumerated in policy 500.

D. CLOSING THE STOP

1. The officer shall return the driver's license (if not taken as bond), proof of insurance, registration card, and any additional information collected.

2. The officer shall present the violator and court communication copies of the traffic citation or driver's copy of a written warning.

3. Be alert to any emotional condition of the driver and allow them to calm down before proceeding if necessary.

4. Assist the driver in re-entering traffic if necessary.

501.1.3 KNOWN RISK VEHICLE STOPS

A. When a suspect vehicle driven by a known or suspected criminal is located by an officer, he/she shall notify the Dispatch Center immediately. The officer shall inform the telecommunicator of the location and direction of travel, and give a thorough description of the vehicle and the occupants.

B. The officer shall keep the suspect vehicle in view and request assistance in making the stop. The officer shall keep backup units informed of the location and direction of travel to facilitate their approach with minimal use of emergency equipment.

C. High risk traffic stops may be used by officers to stop suspects known to be armed and/or dangerous and/or vehicles or occupants suspected to be involved in felony activity. These are tense, uncertain and rapidly evolving situations.
Stopping and Approaching the Traffic Violator

1. Officers should initiate the stop considering the safety of the public, responding officers and the suspect. The following are considerations the officer should consider prior to initiating the stop:
   (a) location
   (b) appropriate number of officers
   (c) traffic volume
   (d) location of officers and uninvolved parties are not in the line of fire
   (e) the time of day
   (f) type of vehicle
2. Officers should notify the dispatch center of the location of the stop and request that the air be held
3. Officers should make attempts to give direction to the occupants of the vehicle and give clear and concise commands while taking them into custody
4. Officers should attempt to take only one suspect into custody at a time
5. Officers shall secure all occupants prior to clearing the vehicle

501.1.4 STOPPING OVERSIZE AND/OR OVERWEIGHT VEHICLES
A. In the event officers observe a traffic violation committed by an unusually large or heavy vehicle, the following procedures should be followed:
   1. Stop the vehicle in the usual manner.
   2. Approach the driver and direct him/her to a safe location with sufficient space to contain and support the vehicle’s weight.
   3. After relocating the vehicle, the approach should be from a direction that is most beneficial to the officer.

4. To restore the safe and orderly movement of vehicular and pedestrian traffic at the accident scene as soon as practical.

5. To create and maintain an accurate and adequately comprehensive base of accident related information to support analysis, planning and evaluation of traffic law enforcement and other traffic safety programs and to support and coordinate traffic engineering countermeasures.

C. PROPERTY DAMAGE TRAFFIC ACCIDENTS

1. During periods when all available officers are assigned to higher priority calls for service and/or when there are a high number of accidents (i.e., poor roadway conditions due to inclement weather), the watch commander may initiate an emergency traffic plan that requires motorists involved in property-damage-only accidents to appear at the police station to complete the necessary reports.

502.3 DEFINITIONS

A. TRAFFIC ACCIDENT INVESTIGATION

1. Collection of factual information identifying and describing people, roads, and vehicles involved; describing the results of the accident in terms of danger to vehicles and roadside objects, injuries to people, marks and residue on the road, and final positions of vehicles and bodies; interpretation of these facts in terms of behavior of road users involved; and, sometimes, an attempt to specify the peculiar combination of factors required to produce that particular accident.

B. TRAFFIC ACCIDENT REPORTING

1. Basic data collection to identify and classify a traffic accident and the persons, vehicles, time/location, and planned movements involved, and possible contributing factors such as traffic law violations.

2. All crashes involving Village of Lisle vehicles must be done as "Type B" crash reports.

C. RATIONALE FOR DEFINITIONS

1. Without lessening the potential importance of any accident to traffic safety, and traffic law enforcement, or to the individuals directly involved, it is nevertheless true that the majority of accidents require limited (if any) traffic accident management services. Typically this extends to the reporting of certain basic information only. For more severe accidents or those involving certain special circumstances, investigative and possibly emergency services are required.

502.4 ASSIGNMENT TO TRAFFIC ACCIDENTS

A. CRITERIA FOR ASSIGNMENT TO TRAFFIC ACCIDENT SCENE

1. Patrol officers will conduct on-scene investigation of all traffic accidents. The CSO can be dispatched to private property crashes.
Traffic Crash Reporting and Scene Management

2. Depending upon the nature, severity, and location of the traffic accident, one or more officers, or the CSO, will be assigned to the scene of any traffic accident, in order to conduct an investigation.

   (a) Crashes with reported disturbances between principals will have additional officers assigned to the call for service. In the event Telecommunicators fail to assign extra officers, the shift supervisor will assign an officer.

3. When, in the judgment of the on duty supervisor, the severity of the accident warrants, the Deputy Chief and Chief of Police will be notified and any additional resources needed will be summoned.

502.5 RESPONSE TO AND STABILIZATION OF TRAFFIC ACCIDENT SCENES

A. DISPATCH OF OFFICERS TO SCENE

1. When directed to respond to a traffic accident, the member will be informed of the exact location, the severity of the accident, whether traffic is blocked, and other units assigned (including ambulance, wrecker, and fire apparatus), to the extent that this information is available to the 911 Dispatch Center.

2. Officers directed to respond to an accident scene should choose the best possible approach route, considering traffic flow and congestion problems, based on their knowledge of conditions normally existing in the vicinity. Officers should drive safely to the scene, consistent with the need for prompt response.

3. While en route to the scene, officers should be alert for vehicles which give an indication of involvement in the accident.

B. NOTIFICATION BY OFFICERS OF ENCOUNTERED ACCIDENTS

1. As soon as possible upon encountering an unreported traffic accident, officers will notify 911 Central Dispatch of the accident location, possible injuries, and any other pertinent circumstances.

C. APPROACH AND ARRIVAL AT SCENE

1. While approaching traffic accident scenes, officers should be alert for, and avoid obliterating or destroying evidence such as tire marks, etc.

2. During the approach to the scene, and upon arrival, officers should be alert for specific conditions or factors that may have contributed to the accident (such as visibility/view obstructions, inoperative traffic control device, hazards, etc.).

3. Upon arrival at the scene, officers should park police vehicles in such a way as to provide maximum protection to the scene, but without endangering the public.

4. Officers should assess the scene to determine needs for assistance in protecting the scene and/or controlling traffic, and should summon appropriate assistance.

5. Officers also will assess the scene to determine if additional investigative skill is required.

D. DEALING WITH PERSONAL INJURIES

5. In the event that injuries are present, officers shall check injured persons to identify those most seriously injured, and fatalities.

E. PROTECTING THE ACCIDENT SCENE/CLEARING THE ROADWAY

1. Officers shall use the patrol vehicle’s overhead lights, cones, and other appropriate warning devices, as necessary, to protect the accident scene and to alert approaching traffic.

   (a) Scene protection and warning is especially important if victims of the accident, their vehicles, or hazardous debris are in the roadway.

2. Officers shall take the necessary steps to control the property belonging to accident victims so as to prevent theft or pilferage. If taken into police custody, proper inventory procedures will be followed.

3. If it is evident that the accident involves property damage only, officers will direct all motorists involved in the accident immediately to remove their vehicles from the roadway, unless it is impossible or impractical to remove those vehicles.

4. Consistent with the need to preserve evidence, if the roadway is blocked by debris and/or vehicles only, and if there are not injuries requiring immediate attention, officers will clear the roadway as soon as possible.

5. To prevent congestion, and to permit emergency vehicles to move freely and safely, officers will direct vehicles at the scene (emergency and otherwise) to be parked safely off the roadway as soon as practicable.

6. Officers should direct passersby (except witnesses) to leave the scene.

7. Officers will be alert to actual and potential dangers at accident scenes, including but not limited to fire hazards (e.g., spilled gasoline and other flammable substances) and other hazardous materials. Officers will notify the fire department through 911 and provide hazmat information, if known.

8. As necessary, department personnel will conduct traffic direction and control activities to protect the accident scene; clear the roadway; promote the safe and expeditious movement of traffic in the vicinity; and, prevent additional collisions.
F. POTENTIAL FIRE HAZARD AND HAZARDOUS MATERIALS AT ACCIDENT SCENES

1. An important responsibility of officers responding to any accident scene is to keep the situation from becoming worse. This responsibility may take on added importance and complexity when actual or potential fire hazard or hazardous material is present at the scene. Under such circumstances, officers may be called upon to perform certain special activities, and to coordinate their activities with those of personnel from various other agencies. Priorities for action are likely to be affected by the extent and nature of the hazards present.

2. The department will continue to be cognizant of the responsibilities, practices and procedures of other agencies that respond to and/or provide technical assistance relating to fire hazards and hazardous material incidents. Officers will be kept informed of these responsibilities, practices and procedures to ensure that the best possible coordination and delivery of services at traffic accident scenes involving such hazards occurred.

3. Officers will continue to be cognizant of the fact that any traffic accident involving a cargo vehicle potentially is a hazardous material incident, and will be cautious and observant for any evident/indication of hazardous material before approaching cargo vehicles involved in accidents.

4. Handling Fire Hazards
   (a) If fire is a potential, officers will take appropriate action to:
       1. protect the scene.
       2. remove persons near the hazard.
       3. call the fire department
   (b) Officers will attempt to eliminate the possibility of sparks or other ignition from smoking, electricity or any other source, to the maximum extent possible.
   (c) If the fire is existing, officers will rescue persons in the vicinity of the fire (if possible); extinguish the fire (if possible); and, summon firefighting assistance, when necessary.
   (d) Depending upon the extent of the fire, officers will evacuate the surrounding area and maintain isolation of the area until the fire is suppressed.
   (e) Officers should carefully control the movement of vehicles within the vicinity of the fire or potential fire hazard, detouring traffic if necessary.

5. Handling Hazardous Materials
   (a) Upon arrival at the scene of a traffic accident involving a cargo vehicle, officers will attempt to make a preliminary identification of the cargo on the basis of placards visible from a safe distance and contact the fire department to assist in determining any risks or hazards.
(b) When there is any question whether spilled material at an accident may be hazardous, officers will avoid contacting the material and keep other persons from contacting the material, to the maximum possible extent.

502.6 AT SCENE ACCIDENT INVESTIGATION

A. PATROL OFFICERS
   1. Patrol officers will conduct such on-scene traffic accident investigation activities, as are necessary and appropriate, when called to the scene.
   2. The assigned officer will assess the circumstances of the accident and make a determination whether additional assistance is needed for traffic control or security of the scene.
   3. The assigned officer will be in charge of the accident scene and responsible for the completion of the crash report except when relieved of those duties by the on duty supervisor.

B. BASIC AT SCENE ACCIDENT INVESTIGATION PROCEDURES
   1. The nature and circumstances of the accident will determine the scope of the on-scene and/or follow-up investigation and the type of information and evidence to be collected, to include, but not restricted to:
      (a) questioning drivers and witnesses
      (b) examining vehicle condition (by trained accident investigator)
      (c) examining road and weather conditions
      (d) taking photographs
      (e) sketches and measurements

      (c) DuPage County Coroner's Office
   3. Notifications shall be made to the Operations Deputy Chief

D. HIT AND RUN ACCIDENTS
1. Upon ascertaining that the accident is a hit and run, officers will attempt to obtain the best possible descriptions of the hit and run vehicle; probable damage to the vehicle, the driver, and/or passengers; and, the direction of travel.

2. The descriptive information will be relayed to the 911 Center for dissemination to other patrol units and neighboring law enforcement agencies.

3. If a license number is received in the description, the TCO will check for license registration utilizing LEADS, and National Crime Information Center data, if evidence suggests that the vehicle may be stolen.

4. Officers at the scene will attempt to locate, photograph, collect, and preserve all physical evidence which may be useful in the identification of the missing vehicle. Types of physical evidence include, but are not limited to, blood, hair, soil, fabric, automotive parts and accessories, and paint.

7. When a suspect vehicle is located, officers will establish positive identification utilizing physical evidence collected at the scene.

8. Officers will interview the owner and determine the identity of the driver at the time of the accident.

9. Officers will take the appropriate enforcement action.

502.7 ACCIDENT REPORTS

A. UNIFORM ACCIDENT REPORT FORM

1. The Lisle Police Department utilizes Illinois Traffic Crash Repor, Form SR1050, on all reported traffic accidents.

2. The department classifies accidents, compiles data, and prepares the required summary reports in conformance with the requirement of the Illinois Department of Transportation and manual on Classification of Motor Vehicle Traffic Accidents.

502.8 TRAFFIC ENFORCEMENT ACTION

A. VIOLATION OF TRAFFIC STATUTE OR ORDINANCE

1. Officers are expected to take positive enforcement action whenever their traffic accident investigation or reporting activities produce probable cause to believe that a violation of law or ordinance has occurred.

2. Officers specific enforcement actions arising from traffic accident investigation or reporting, e.g., physical arrest, citation, written warning, etc., will be consistent
with the nature of the alleged violation and with all of this department's written
directives concerning traffic law enforcement.

3. In taking any positive enforcement action, the Officers must establish all
elements of the violation. Elements that the officer has not personally witnessed
must be established through investigation. The investigation may include, but
not be limited to:
   (a) statements or admissions made by the alleged violator to the officer
   (b) statements of the witnesses
   (c) accident scene measurements
   (d) physical evidence

502.9 TERMINATING OF SCENE ACTIVITIES
A. CLEARING THE ACCIDENT SCENE
   1. Consistent with the need to deal appropriately with injuries and actual or potential
      hazards, and with the need to obtain and preserve evidence, officers will arrange
      for the prompt and safe removal from the scene of all involved vehicles and
      debris.
   2. When vehicles are to be driven from the scene (accident involved vehicles,
      emergency vehicles, or others), officers will assist the drivers, as necessary, in
      entering the traffic stream safely.
   3. Once the scene has been cleared of vehicles, debris, etc., officers will arrange
      for the prompt removal of warning devices that may have been employed to
      protect the scene (i.e., cones).

502.10 FOLLOW-UP ACCIDENT INVESTIGATIONS
A. CRITERIA FOR FOLLOW-UP ACCIDENT INVESTIGATION
   1. The department will perform follow-up traffic accident investigation services
      in support of on-going or anticipated criminal prosecution, as necessary and
      appropriate. The department does not perform such services in support of civil
      litigation, since the public has access to ample private resources/agencies for
      that purpose.

B. FOLLOW-UP INVESTIGATION ACTIVITIES
   1. Development of follow-up information on traffic accidents is undertaken in
      support of possible criminal prosecution. When warranted, this follow-up
      information should include:
         (a) collecting "off-scene" data
         (b) obtaining/recording formal statements from witnesses
         (c) reconstructing accidents
(d) preparing formal reports to support criminal charges arising from the accidents.

C. USE OF EXPERT AND TECHNICAL ASSISTANCE

1. The department recognizes that, from time to time, follow-up accident investigations may require special skills and technical assistance beyond that available from its own personnel. When necessary, and appropriate, the department will approve the use of outside expert and technical assistance.

2. Requests for expert and technical assistance in follow-up investigations will specify the precise assistance to be rendered, the names and qualifications of the personnel proposed to provide the assistance, and adequate justification of the need for that assistance.

3. All such requests must have approval of the Chief of Police, Deputy Chief, or On Duty Supervisor, before the expert assistance is authorized.

502.11 REPORTING SITUATIONS

502.11.1 TRAFFIC CRASHES INVOLVING VILLAGE VEHICLES
Traffic crash investigation reports shall be taken when a Village-owned vehicle is involved in a traffic crash upon a roadway or highway or on private property when any damage or injury results. Whenever there is damage to a Village vehicle, the required insurance report shall be completed and forwarded to the appropriate contact person.

Photographs of the crash scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.11.2 TRAFFIC CRASHES WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on-duty or off-duty, is involved in a traffic crash within the jurisdiction of the Village of Lisle Police Department, the shift supervisor should be advised and they should notify an allied agency, the County Sheriff, or the Illinois State Police for assistance.

502.11.3 TRAFFIC CRASHES WITH OTHER VILLAGE EMPLOYEES OR OFFICIALS
The Traffic Sergeant or on-duty supervisor should request assistance from an allied agency, the County Sheriff, or the Illinois State Police for the investigation of any traffic crash involving any Village official or employee where a serious injury or fatality has occurred.

502.11.4 TRAFFIC CRASHES ON PRIVATE PROPERTY
Generally, traffic crash reports shall not be taken for traffic crashes occurring on private property, unless there is a death or injury to any person involved, damage to the property of any one person in excess of $1,500 (or $500 if any of the involved vehicles are uninsured in violation of 625 ILCS 5/7-601), a hit-and-run violation, other criminal traffic violation or a school bus is involved. An Incident Report may be taken at the discretion of any supervisor (625 ILCS 5/11-406).
Traffic Crash Reporting and Scene Management

502.11.5 TRAFFIC CRASHES ON ROADWAYS OR HIGHWAYS
Traffic crash reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the crash.
(b) When there is damage to the property of any one person valued over $500, including the driver.
(c) When there is an identifiable violation of the Illinois Vehicle Code or similar local ordinance.
(d) When a report is requested by any involved drivers.
(e) Whenever a school bus is involved.

502.12 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION
In the event of a serious injury or death related traffic crash, the shift supervisor shall notify the Investigations Unit supervisor to relate the circumstances of the traffic crash and seek assistance from the Investigations Unit.

502.12.1 SUPERVISORY DISCRETION
A supervisor may, if appropriate to the circumstances, request assistance from an allied agency, the County Sheriff, or the Illinois State Police for the investigation of any traffic crash.
Traffic Direction and Control

503.1 PURPOSE
To provide guidelines and Department policy for traffic direction and control.

503.2 POLICY
Traffic direction and control include personnel, equipment, and procedures designed to promote the safe and efficient movement of vehicles and pedestrians.

The Department will carry out its responsibilities in conjunction with other authorities, by providing and directing personnel and other resources in numbers and kinds to deal with expectations concerning the need for traffic direction and control services which may be required to assist traffic movement at the scenes or locations of the following:

(a) Traffic Accidents
(b) Fires
(c) Periods of adverse road or weather conditions
(d) Circumstances warranting manual operation of traffic control devices
(e) Periods of high pedestrian traffic
(f) First amendment gathers
(g) Parades

503.2.1 TRAFFIC DIRECTION AND CONTROL FUNCTION

1. Traffic direction and control functions are performed by Sworn Officers, Community Service Officers, Volunteers 4 Lisle and Adult School Crossing Guards to different extents.

   1. All are responsible for the orderly and safe flow of vehicular and pedestrian movement.

   2. Personnel frequently must perform traffic direction/control activities at times and places where police intervention is required, until the traffic flow problem is resolved. The majority of traffic control and direction will be unstaffed mechanical devices, signals, and signs.

   3. School crossing guards are specifically assigned to provide traffic control at locations where there are identified needs to facilitate the movement of children to and from school, by observing safe gaps in vehicular traffic, and directing children to cross through those gaps, when and as appropriate.

503.3 MANUAL TRAFFIC DIRECTION

1. Manual direction of traffic by Department personnel will be handled in a manner that would enable drivers and pedestrians to recognize and respond to verbal and gestured motions.
Traffic Direction and Control

1. To stop traffic, personnel should extend their arm outward with the palm toward the car to be stopped. Personnel may use verbal and/or whistle commands to enhance the physical gesture.

2. To start traffic from a stopped position, personnel will extend their arm and index finger toward the vehicle, and look directly at the driver to be started. They will then move the pointing arm in a manner that indicates the traffic may now proceed.

3. To allow right turns, personnel shall gesture to the driver of a vehicle turning right to perform the turn by extending the arm toward the direction in which the turn is to be made.

4. Left turns are to be made only when there is a gap in traffic or oncoming traffic is completely stopped. Personnel will point in the direction of the turn when such movement can be made safely.

2. Personnel may use flashlights or road flares while manually directing traffic. These will be used in a manner to enhance visibility.

3. Personnel should remain calm and professional whenever directing traffic. There are times when drivers and pedestrians do not understand or may be confused because of the surrounding circumstances. Personnel will handle these instances with courtesy and professionalism within the guidelines of accepted procedures.

4. All personnel involved in manual traffic direction and control will wear the Department approved high visibility reflective apparel.

503.4 ESCORTS

1. Emergency escorts, using a police vehicle using emergency lights and siren to lead the way for a civilian vehicle, are prohibited. Emergency escorts are extremely dangerous to the officer and motorists.
   (a) If the request for the emergency escort is because of a medical problem, the officer should summon an ambulance to the scene.
   (b) All requests for non-emergency escorts will be routed to the supervisor.
   (c) Non-emergency escorts include parades, public officials and dignitaries, funerals, oversize construction vehicles, and vehicles with hazardous cargo.

2. When the Department elects to honor a request for a scheduled escort, the following elements will be established:
   (a) The trip route and vehicles involved.
   (b) Speed to be maintained along the route.
   (c) If emergency equipment will be used.
Traffic Direction and Control

503.5 SCHOOL CROSSING GUARDS
The Department will authorize and provide, as necessary, non-sworn personnel to serve as Adult School Crossing Guards.

Adult crossing guards are responsible for the safe movement of children to and from school, at those key intersections identified by the Department.

When carrying out their assignment, the adult crossing guard will wear the reflective apparel and utilize the appropriate equipment provided by the Department.
Vehicle Towing

504.1 PURPOSE AND SCOPE
This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

504.2 POLICY
The Village of Lisle Police Department will tow vehicles when appropriate and in accordance with the law.

504.3 REMOVAL OF VEHICLES DUE TO HAZARD
When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Dispatch to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (625 ILCS 5/4-203).

Vehicles that are not the property of the Village should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or comply with posted signs.

Vehicles that are not a hazard and are not subject to being towed as part of an arrest that are on private property shall not be towed. Towing of a vehicle from private property is at the discretion of the property owner.

504.4 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. However, the vehicle shall be stored whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored, for example, the vehicle would present a traffic hazard if not removed or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

The vehicle shall also be stored as mandated by law. Examples of situations where storage may be mandated include, but may not be limited to the following:

- When the driver has a suspended or revoked license and is uninsured (625 ILCS 5/6-303(e)).
- When the officer reasonably believes that a violation of § 11-501 of the Illinois Vehicle Code or similar provision is likely to continue upon release of the arrested person (625 ILCS 5/4-203(e)).
Vehicle Towing

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages.

504.5 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the Tow Report. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

504.6 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

504.7 TOWING SERVICES
Members shall not show preference among towing services that have been authorized for use by the Department. A rotation system established by the Department for tow services should be followed (625 ILCS 5/4-203.5).

504.7.1 TOW ROTATION LIST
The Patrol supervisor is responsible for ensuring that tow rotation lists to be used by department members when authorizing tows is established and maintained (625 ILCS 5/4-203.5). All
complaints regarding the process for inclusion on a tow rotation list or the use of a tow rotation list shall be forwarded to the Chief of Police.

Members should only deviate from the rotation list in the following circumstances (625 ILCS 5/4-203.5):

(a) A safety emergency justifies deviation.

(b) The tow service next on the list is incapable of or not properly equipped for handling a specific task related to the tow that requires special skills or equipment.

Members should document the reason for any deviation.

Towing firms are prohibited from soliciting tows that have not been requested by a member or the owner or operator of a disabled vehicle. Members should tell any such tow operator who is present or arrives to leave the scene (625 ILCS 5/4-203.5).

504.8 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY
If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or his/her agent to request a hearing to contest the tow.

504.9 VEHICLE INVENTORY
The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

(a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.

(b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
Vehicle Towing

(c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks, and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.

(d) Closed containers located either within the vehicle or any of the vehicle’s compartments will be opened for inventory purposes if the container can be opened without damaging it.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report.

When practicable and appropriate, cash, jewelry, or other small valuables located during the inventory process should be removed from the vehicle and given to the owner, or booked into property for safekeeping in accordance with the Property and Evidence Bureau Policy. A copy of the property record should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members, and protecting the Department against fraudulent claims of lost, stolen, or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.
Vehicle Tow, Storage and Impound Hearings

505.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

505.2 VEHICLE TOWS, STORAGE OR IMPOUNDS
When a vehicle is towed or stored by any member of the Village of Lisle Police Department, a hearing may be conducted upon the request of the registered or legal owner of the vehicle or their agent. Hearings for vehicles that are impounded pursuant to a local impound ordinance (10-1-13) shall follow hearing procedures provided within the ordinance. Vehicles that are impounded for the purpose of statutory seizure shall have hearings in compliance with the statute.

505.2.1 HEARING PROCEDURES
The vehicle tow or storage hearing is an informal process to evaluate the validity of the tow or storage of a vehicle. Any relevant evidence may be submitted and reviewed by the hearing officer to determine if the vehicle in question was properly towed and/or stored in accordance with the law and Village of Lisle Police Department policies and procedures. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

Within twenty-one (21) days after a motor vehicle is towed and impounded pursuant to an Administrative Impoundment, the Village of Lisle shall notify the owner of record of the vehicle of the date, time and location of a final hearing, to be conducted in accordance with Subsection 10-1-12(F) of the Village Code. Such notice shall be mailed by certified mail, return receipt requested, to the owner of record, as shown on the records of the Illinois Secretary of State. Notice by certified mail need not be given when the owner of the vehicle has been personally served with notice in written form of the time, date and location of the hearing.

The hearing officer shall consider all information provided and determine the validity of the towing and/or storage of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of period the vehicle is impounded.

If a decision is made that the vehicle was properly towed and/or stored within the law and department policy, and that mitigating circumstances are not a factor, the hearing officer shall so advise the inquiring party.

A decision that the vehicle was not towed and/or stored in a lawful manner or within department policy will require that the vehicle in storage be released immediately and any or all towing and storage fees will be waived.

If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage, or assessment of fees as warranted.
If a decision is made that the vehicle was not towed and/or stored in a lawful manner or within department policy, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the Deputy Chief. The hearing officer will recommend to the Deputy Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

506.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

506.2 POLICY
The Village of Lisle Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Illinois’s impaired driving laws.

506.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

506.4 FIELD TESTS
The Traffic Sergeant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

506.4.1 MEDICAL CANNABIS CARDHOLDER
A person who is a medical cannabis card holder and is reasonably suspected of driving or in actual physical control of a motor vehicle while impaired by the use of cannabis is deemed to have consented to standardized field sobriety tests (625 ILCS 5/11-501.9(a)).

506.5 CHEMICAL TESTS
A person implies consent under Illinois law to a chemical test or tests, and to providing the associated sample, under any of the following:

(a) The arresting officer has probable cause to believe that the person was driving or in actual physical control of a vehicle while under the influence of alcohol, drugs, intoxicating compounds or any combination thereof (625 ILCS 5/11-501.1).

(b) The person is arrested for driving a vehicle involved in a motor vehicle accident resulting in personal injury or death of any person (625 ILCS 5/11-401).

(c) The person was driving or in actual physical control of a vehicle and involved in a personal injury or fatality accident (625 ILCS 5/11-501.6).

(d) The person is under the age of 21, was driving or in actual physical control of a vehicle and the officer has probable cause to believe that the person has consumed any amount of an alcoholic beverage (625 ILCS 5/11-501.8).

Chemical tests shall be taken pursuant to the standards promulgated by the Department of State Police (625 ILCS 5/11-501.2(a)).
Impaired Driving

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

506.5.1  BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

506.5.2  BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (625 ILCS 5/11-501.2(a)(2)). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be treated as a refusal. However, that arrestee may be required to complete another available and viable test.

506.5.3  URINE SAMPLES
If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the person giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

506.5.4  STATUTORY NOTIFICATIONS
An officer requesting that a person submit to a chemical test, or to a field sobriety test during an investigation of a medical marijuana cardholder driving while impaired by the use of cannabis, shall provide the person with the mandatory statutory warning.
If the person refuses to acknowledge in writing receipt of the warning regarding failure to submit to a chemical test, the officer shall document on the warning that the person refused to sign (See generally, 625 ILCS 5/11-501.1; 625 ILCS 5/11-501.6; 625 ILCS 5/11-501.8; 625 ILCS 5/11-501.9).

506.6 REFUSALS
When an arrestee refuses to provide a chemical sample during a DUI investigation, or to submit to field sobriety tests during an investigation of a medical marijuana cardholder driving while impaired by the use of cannabis, officers should:

(a) Advise the arrestee of the requirement to provide a sample or submit to field sobriety tests (see generally, 625 ILCS 5/11-501.1; 625 ILCS 5/11-501.6; 625 ILCS 5/11-501.8; 625 ILCS 5/11-501.9).

(b) Audio- and/or video-record the admonishment and the response when it is practicable.

(c) Document the refusal in the appropriate report.

506.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test, or to submit to a field sobriety test during an investigation of a medical marijuana cardholder driving while impaired by the use of cannabis as required by law, officers shall personally serve the notice of statutory summary suspension or revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a temporary driving permit (625 ILCS 5/11-501.1(f); 625 ILCS 5/11-501.9).

506.6.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained.

(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to a crash investigation or medical treatment of the person.

(c) Exigent circumstances exist and the person was driving or in actual physical control of a vehicle while under the influence of alcohol, drugs, intoxicating compounds or any combination thereof and caused death or personal injury to another person (625 ILCS 5/11-501.2).
506.6.3 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
   1. This dialogue should be recorded on audio and/or video when practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
   1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
   2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
   3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

506.7 ARREST AND INVESTIGATION

506.7.1 PRELIMINARY BREATH SCREENING TEST
An officer having reasonable suspicion to believe that a person is DUI may, prior to arrest, request that the person provide a sample of his/her breath for a preliminary breath screening (PBS) test using a portable device approved by the Department of State Police. The person may refuse the test, however, if a test is administered, the results may be used by the officer for the purpose of determining whether probable cause exists to require a chemical test as authorized by 625 ILCS 5/11-501.1 and 625 ILCS 5/11-501.2 (625 ILCS 5/11-501.5).
506.7.2 ADDITIONAL TESTING
A person submitting to a chemical test may have qualified medical personnel of his/her own choosing administer an additional chemical test (625 ILCS 5/11-501.2).

506.7.3 OFFICER RESPONSIBILITIES
If a person refuses to submit to a chemical test or submits to a test that discloses a prohibited alcohol or drug concentration, the officer shall immediately submit a sworn statement of such fact to the circuit court of venue and the Secretary of State (SOS) (625 ILCS 5/11-501.1(d)).

If a medical marijuana card holder refuses to submit to field sobriety tests or submits to a test that discloses impairment by the use of cannabis, the officer shall immediately submit a sworn statement of such fact to the circuit court of venue and the SOS (625 ILCS 5/11-501.9(e)).

506.7.4 COLLISIONS
An officer having probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drugs, or intoxicating compounds or any combination thereof has caused the death or personal injury of another person, shall request that the person submit to a chemical test (625 ILCS 5/11-501.2(c)(2)).

506.7.5 REPORTING
The Traffic Sergeant shall ensure that the Department complies with all state reporting requirements pursuant to 20 ILCS 2630/5.

506.7.6 DESIGNATION OF CHEMICAL TESTS
The Chief of Police shall designate which chemical tests shall be administered to a person in violation of DUI laws (625 ILCS 5/11-501.1(a)).

506.8 RECORDS BUREAU RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

506.8.1 WARNING NOTIFICATION

506.9 ADMINISTRATIVE HEARINGS
The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the SOS.

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the SOS file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Bureau should forward this to the prosecuting attorney as part of the case file.

No recording of an interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes. 601.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property that is subject to forfeiture because it constitutes evidence of a crime and may be legally seized as part of a criminal investigation, search warrant or by other court order.

(b) Property seized without a court order when there is probable cause to believe that the property is subject to forfeiture, the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable (i.e., property would be lost without immediate seizure), and the seizure is authorized by statute, as in:

1. Seizure of vessels, vehicles, and aircraft under the Criminal Code of 2012 (720 ILCS 5/36-1.1).
3. The Illinois Controlled Substances Act (725 ILCS 150/3.1).
4. The Cannabis Control Act (725 ILCS 150/3.1).
6. The Methamphetamine Control and Community Protection Act (725 ILCS 150/3.1).

Officers may request the Attorney General or any state attorney seek a court order to seize property when there is probable cause to believe that it may be subject to forfeiture upon a successful criminal prosecution (725 ILCS 5/124B-805; 725 ILCS 5/124B-150).

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.
Asset Forfeiture

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the statutory or state attorney’s current minimum forfeiture thresholds.

(b) If reasonably known to the officer, property held by a person known as an “innocent owner” or a “lender” who did not have knowledge or intent that would reasonably justify a seizure (720 ILCS 5/29B-17; 725 ILCS 5/124B-130; 725 ILCS 150/8)

(c) Property that the officer reasonably believes would be excessive as it relates to the offense in question (720 ILCS 5/36-3.1; 725 ILCS 150/9.5)

601.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following (720 ILCS 5/36-1.2; 725 ILCS 150/3.2):

(a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry, and other valuable items. Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 MAINTAINING SEIZED PROPERTY
The Property and Evidence Bureau supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition (720 ILCS 5/36-1.3; 725 ILCS 150/3.3).
(b) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

601.6 FORFEITURE REVIEWER
The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly the Seizure and Forfeiture Reporting Act, the Drug asset Forfeiture Procedure Act, and the forfeiture policies of the state attorney and the Illinois State Police (5 ILCS 810/10 et seq.).

(b) Serving as the liaison between the Department, the state attorney, and the Illinois State Police and ensuring prompt legal review of all seizures.
   1. Presentation for review should generally be accomplished as soon as practicable but within seven days of a seizure (720 ILCS 5/29B-8; 720 ILCS 5/29B-9; 720 ILCS 5/36–1.4; 720 ILCS 5/36-1.5; 725 ILCS 150/3.5; 725 ILCS 150/5).
   2. Presentation for review shall include a form 4–64 when required.

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing, and tracking forfeitures.

(d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form, and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
   1. Names and contact information for all relevant persons and law enforcement officers involved.
   2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
   3. The signature of the person from whom cash or property is being seized.
Asset Forfeiture

4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized (720 ILCS 5/36—1.2; 725 ILCS 150/3.2).

5. Any other information that may be required for reporting under 5 ILCS 810/10.

(g) Ensuring that those who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs), or Departmental Directive. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.

2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (720 ILCS 5/36-2.1; 720 ILCS 5/29B-10; 725 ILCS 150/4).

4. Property is promptly released to those entitled to its return (720 ILCS 5/29B-25; 720 ILCS 5/36-2; 720 ILCS 5/36-6; 725 ILCS 150/9; 725 ILCS 150/13.1).

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.

6. Any cash received is deposited with the fiscal agent.

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

10. Inventories of seized property and their estimated value are forwarded to the Illinois State Police as appropriate (720 ILCS 5/29B-7; 720 ILCS 5/36—1.3; 725 ILCS 150/3.3).

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Upon completion of any forfeiture process, ensuring that no property is retained by the Village of Lisle Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.
Asset Forfeiture

(l) Ensuring compliance with the requirement that a probable cause determination be sought within 14 days of the seizure (725 ILCS 150/3.5).

(m) When the property seized for forfeiture is a vehicle, notifying the Secretary of State immediately that forfeiture proceedings are pending against the vehicle (720 ILCS 5/29B-8; 720 ILCS 5/36-1.4; 725 ILCS 150/5).

(n) Completing the required seizure reporting under 5 ILCS 810/10

(o) Assisting the Auditor General when required (5 ILCS 810/15).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and Village financial directives.

601.7 DISPOSITION OF FORFEITED PROPERTY

Distribution and use of forfeited assets related to the Food, Drug and Cosmetic Act, Illinois Cannabis Control Act, Illinois Controlled Substance Act, and Methamphetamine Control and Community Protection Act should be conducted in accordance to the procedures set forth in the Drug Asset Forfeiture Procedure Act (410 ILCS 620/3.23; 720 ILCS 550/12; 720 ILCS 570/505; 720 ILCS 646/85; 725 ILCS 150/13.2)

Distribution and use of forfeited assets related to obscenity offenses should be conducted pursuant to the procedures set forth in 725 ILCS 5/124B-420.

Distribution and use of forfeited assets related to child pornography should be conducted pursuant to the procedures set forth in 725 ILCS 5/124B-505.

Distribution and use of forfeited assets related to computer and financial crimes should be conducted pursuant to the procedures set forth in 725 ILCS 5/124B-605.

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.
Informants

602.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

602.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Village of Lisle Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Village of Lisle Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

602.2 POLICY
The Village of Lisle Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

602.3 USE OF INFORMANTS

602.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

602.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

   (a) The juvenile’s parents or legal guardians
   (b) The juvenile’s attorney, if any
   (c) The court in which the juvenile’s case is being handled, if applicable
   (d) The Chief of Police or the authorized designee
Informants

602.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

602.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Deputy Chief, Investigations Unit supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as police officers, employees or agents of the Village of Lisle Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigations Unit supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigations Unit supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

602.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a
Informs

determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

602.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigations Unit. The Investigations Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Deputy Chief, Investigations Unit supervisor or their authorized designees.

The Deputy Chief of Operations should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigations Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.
Informants

602.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked “unsuitable” and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

602.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigations Unit supervisor will discuss the above factors with the Deputy Chief of Operations and recommend the type and level of payment subject to approval by the Chief of Police.

602.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:
Informants

(a) Payments of $500 and under may be paid in cash from a Investigations Unit buy/expense fund.
   1. The Investigations Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Chief of Police and the Village Manager are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Village of Lisle Police Department case number
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant's file.

602.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as other income and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

602.6.3 AUDIT OF PAYMENTS
The Investigations Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.
Informants

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Felony Investigation Discovery

603.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for proper management of discovery issues in homicide and “non-homicide felony” investigations as mandated by 725 ILCS 5/114-13.

603.2 INVESTIGATIVE MATERIALS
In every homicide investigation and “non-homicide felony” investigation conducted by the department, or when the Department participates in an investigation of a homicide or “non-homicide felony,” the Department shall exercise due diligence to provide to the State’s Attorney's Office all investigative materials that have been generated or come into the possession of the department concerning the homicide or “non-homicide felony.”

Investigative materials include, but are not limited to, reports and memoranda. In homicide investigations, investigative materials also include field notes.

603.3 COMPLIANCE
The Investigations Unit supervisor shall implement appropriate procedures, including the periodic review of all homicide and “non-homicide felony” case files to ensure that all investigative materials and exculpatory evidence has been provided to the State's Attorney's Office.

All department personnel shall document in writing the tendering of investigative materials to the State's Attorney's Office and include the date, description of materials transmitted and to whom the materials were tendered.

The Department shall cooperate with all requests for investigative materials made by the State's Attorney in a timely and efficient manner.

603.4 CONTINUING OBLIGATIONS
The duty to disclose exculpatory information under this policy continues throughout the course of the prosecution of the case, remains after a defendant’s conviction and until the fact finding proceedings, or the possibility of further proceedings, have ended.
Eyewitness Identification

604.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (725 ILCS 5/107A-2).

604.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY
The Village of Lisle Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES
Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Investigation Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (725 ILCS 5/107A-2):

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all of the individuals present during the identification procedure.
(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
(g) If the identification process is photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(i) Notice that if an audio/video recording of the lineup is made it will be of the persons in the lineup and the witness.
(j) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
(k) A statement from the witness in the witness’s own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary to ensure compliance with 725 ILCS 5/107A-2 and applicable judicial decisions. The Investigation Unit supervisor shall prepare written guidelines setting forth when simultaneous lineups may be conducted rather than sequential lineups.

604.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

• The individual was apprehended near the crime scene.
• The evidence points to the individual as the suspect.
• Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses shall view suspects or a lineup individually and outside the presence of other witnesses (725 ILCS 5/107A-2). Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses. Witnesses should be separated or monitored and the lineup administrator shall ensure that all eyewitnesses are monitored to prevent them from conferring with one another while waiting to view the lineup and during the lineup (725 ILCS 5/107A-2).

Whenever feasible, the eyewitness identification procedure shall be audio and/or video recorded and the recording should be retained according to current evidence procedures. If the witness
refuses to allow a recording of the process, the refusal shall be recorded and the member shall document in the report that no recording was made and the reason (725 ILCS 5/107A-2).

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification shall be documented in the case report (725 ILCS 5/107A-2). If practicable, an audio or video recording of the witness statements shall be made.

If a photographic lineup is utilized, the actual photographic lineup presented to the witness shall be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report. If a live lineup is utilized, a photograph or other visual recording shall be included in the case report (725 ILCS 5/107A-2).

If an automated computer process or other similar device is used to conduct a photographic lineup, the results of that lineup, including the photographs displayed, will be saved in a manner that permits the process to be repeated and shall be made part of the case report.

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member composing the lineup and the member presenting the lineup shall not be directly involved in the investigation of the case (725 ILCS 5/107A-2). When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the member presenting a lineup to a witness shall not know which photograph depicts the suspect or which person in a live lineup is the suspect (e.g., randomly numbering photographs, shuffling folders, using a computer program.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 ADDITIONAL CONSIDERATIONS

Members presenting a lineup shall also ensure that (725 ILCS 5/107A-2):

(a) Only one suspect is presented in a photo lineup and a minimum of five filler photos is utilized.

(b) When practicable there should be five filler subjects used in a live lineup. In no case will fewer than three filler subjects be used.
EyeWitness Identification

(c) No writings or information related to the persons presented is visible or made known to the witness.

(d) If the witness requests to view a photograph or person again, he/she may do so, but only after first viewing each person or photograph.

(e) If the witness identifies a person as the perpetrator, he/she shall not be provided with any information concerning the person until after the lineup is completed.

(f) An automated computer program or other device may be used to display a photo lineup to an eyewitness provided the member administering the lineup cannot view the photos until completion of the lineup process.

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of a show-up as the perpetrator, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
Brady Material Disclosure

605.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called Brady information) to a prosecuting attorney.

605.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Village of Lisle Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY
The Village of Lisle Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Village of Lisle Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
605.4  BRADY PROCESS
The Chief of Police shall select a member of the Department to coordinate requests for Brady information. This person shall be directly responsible to the Administration Deputy Chief or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Working with the appropriate prosecutors’ offices and the Village Attorney’s office to establish systems and processes to determine what constitutes Brady information and the method for notification and disclosure.

(b) Maintaining a current list of members who have Brady information in their files or backgrounds.

1. Updating this list whenever potential Brady information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.5  DISCLOSURE OF REQUESTED INFORMATION
If Brady information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of Brady material in the member’s personnel file.

(b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.

1. If no motion is filed, the supervisor should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(d) If the court determines that there is relevant Brady material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant Brady information is contained in the member’s file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.6  INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the
Brady Material Disclosure

information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.7 SUBPOENA PROCESSING
The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member’s name against the current list of those who are known to have Brady information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

605.8 TRAINING
Department personnel should receive periodic training on the requirements of this policy.

Warrant Service

607.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY
It is the policy of the Village of Lisle Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) or the authorized designee shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the warrant affidavit and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS
If the warrant is classified as high risk, service will be coordinated by the Deputy Chief of Operations or designee. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.
607.6 WARRANT PREPARATION
An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.

(b) A clear explanation of the affiant’s training, experience, and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched (numerical address, location relative to other buildings, color, unique identifying features), including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

(i) Additional information required by 725 ILCS 5/108-8 (e.g., ability to record warrant execution).

607.7 HIGH-RISK WARRANT SERVICE
The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is video-recorded when practicable and legal to do so under 720 ILCS 5/26-4. The warrant service may be audio-recorded if done in an open and conspicuous manner or with the consent of all parties (720 ILCS 5/14-2).
(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE
Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts, and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

Officers shall notify a supervisor as soon as practicable if a warrant is executed at a location other than that listed in the warrant. Supervisors should take steps to arrange an internal investigation into the circumstances (725 ILCS 5/108-8).
607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director/Deputy Chief of Operations will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Village of Lisle Police Department are utilized appropriately. Any concerns regarding the requested use of Village of Lisle Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Village of Lisle Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Village of Lisle Police Department when assisting outside agencies or serving a warrant outside Village of Lisle Police Department jurisdiction.

607.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 TRAINING
The Training Coordinator should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY
It is the policy of the Village of Lisle Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR
The Chief of Police will designate a member of this department to be the operations director.

The operations director will have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 SPECIAL OPERATIONS PLAN PREPARATION
Officers assigned as operational leads for any operation that may qualify as a high-risk operation may complete a Special Operations Plan.

When preparing the plan, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.

(b) Maps of the location.
(c) Diagrams of any property and the interior of any buildings that are involved.

(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).

(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).

(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).

(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).

(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 SPECIAL OPERATIONS PLAN REVIEW
Officers will present the Special Operations Plan and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director. The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS
If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:

1. Crisis Response Unit (CRU)/SWAT Team
2. Additional personnel
3. Outside agency assistance
4. Special equipment
5. Medical personnel
6. Persons trained in negotiation
7. Additional surveillance
8. Canines
9. Property and Evidence Bureau or analytical personnel to assist with cataloguing seizures
10. Forensic specialists

11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

608.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 SPECIAL OPERATIONS PLAN
The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)

2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children

(c) Information from an Extra Watch Bulletin by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained in the Extra Watch Bulletin to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan

(l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 SPECIAL OPERATIONS PLAN RETENTION
Since the Special Operations Plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The Special Operations Plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING
A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants’ understanding of the operations plan.
(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 CRU/SWAT PARTICIPATION
the operations director determines that CRU/SWAT participation is appropriate, the director and the CRU/SWAT supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS
No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.10 OPERATIONS DEBRIEFING
High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.

608.11 TRAINING
The Training Coordinator should ensure officers and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to,
topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.
Sexual Assault Investigations

609.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims (725 ILCS 203/15).

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

609.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any of the following (725 ILCS 203/10):

(c) Any act of nonconsensual sexual conduct or sexual penetration as defined in 720 ILCS 5/11-0.1 of the Criminal Code of 2012

(d) Any act of nonconsensual sexual conduct or sexual penetration as defined in 720 ILCS 5/12-12 of the Criminal Code of 1961

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

609.2 POLICY
It is the policy of the Village of Lisle Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

609.2.1 WRITTEN GUIDELINES
The Investigation Unit supervisor should ensure that written procedures are in place for members responding to reports of sexual assaults or assigned to these investigations. These procedures shall be consistent with the Illinois Attorney General guidelines on response to, and investigation of, sexual assaults (725 ILCS 203/15).

609.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:
Sexual Assault Investigations

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations (50 ILCS 705/10.21).
(b) Conduct follow-up interviews and investigation.
(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
(e) Provide referrals to therapy services, victim advocates and support for the victim.
(f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

609.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

609.4.1 REPORTING REQUIREMENTS
Written reports shall include to the extent reasonably known to the reporting member the following (725 ILCS 203/20):
(a) The victim’s name or other identifier
(b) The victim’s contact information
(c) The time, date and location of the offense
(d) Information provided by the victim
(e) The suspect’s description and name, if known
(f) The names of persons with information relevant to the time before, during or after the offense, and their contact information
(g) The names of medical professionals who conducted a medical forensic examination of the victim, and any information provided about the offense
(h) Whether an Illinois State Police Sexual Assault Evidence Collection Kit was completed, the name and contact information for the hospital, and whether the victim consented to testing of the Evidence Collection Kit by law enforcement
(i) Whether a urine or blood sample was collected and whether the victim consented to testing of a toxicology screen by law enforcement
(j) Information the victim related to medical professionals during a medical forensic examination and which the victim consented to disclose to law enforcement
(k) Other relevant information
Sexual Assault Investigations

609.4.2 THIRD-PARTY COMPLAINTS
A written report shall be completed even if the information regarding a sexual assault or sexual abuse is reported by a third party, unless the third party fails to provide the following (725 ILCS 203/22):

(a) His/her name and contact information
(b) Affirmation that the victim of the sexual assault or sexual abuse gave consent to the third party to provide information about the sexual assault or sexual abuse

609.4.3 JURISDICTIONAL ISSUES
If the sexual assault investigation determines that the sexual assault occurred outside the jurisdiction of Lisle, the supervisor should ensure that the report is forwarded to the appropriate agency within 24 hours by fax or email (725 ILCS 203/20).

Within 24 hours of receiving a report from a law enforcement agency in another jurisdiction regarding a sexual assault that occurred in our jurisdiction, the supervisor should ensure that a written confirmation or receipt is sent by fax or email or delivered in person. The written confirmation shall contain the name and identifier of the officer who is confirming receipt of the report and a name and contact phone number that will be given to the victim (725 ILCS 203/20).

In all reported or suspected cases of sexual assault that may have occurred in another jurisdiction, a report should still be written and forwarded to the appropriate law enforcement agency within 24 hours unless the other agency promptly responds to the location of the initiating interview and takes responsibility for the investigation (725 ILCS 203/20). If an agency from the other jurisdiction responds to take responsibility for the investigation, the Lisle member who initially responded should report any statements obtained up until that point, relevant observations and the name and contact information of the member of the agency that is taking responsibility for the investigation.

609.5 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

No victim shall be compelled or required to submit to an interview (725 ILCS 203/20).
Victims shall not be asked or required to take a polygraph examination or any form of a mechanical or electrical lie detector test (34 USC § 10451; 725 ILCS 200/1).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

609.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. Victims should be permitted to have an advocate present during the medical evidentiary and physical examination whenever reasonably practicable. Victims may also have an additional person present for support during the examination (725 ILCS 120/4.6).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be collected.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should still be collected and stored appropriately.

609.6.1 MEMBER RESPONSIBILITIES
Members investigating sexual assaults or handling related evidence are further required to do the following (725 ILCS 203/30; 725 ILCS 202/10):

(a) Take custody of sexual assault evidence as soon as practicable. Sexual assault evidence collected from a forensic examination shall be collected within five days after the completion of the exam.

(b) Document the date and time the sexual assault evidence is picked up from a hospital and the date and time the sexual assault evidence was sent to a lab.

(c) Prior to submitting forensic examination evidence for testing, obtain the appropriate written consent from the victim or authorized representative (410 ILCS 70/6.5(a)).

(d) Document the date when consent was given by a victim to have his/her forensic examination evidence tested.

(e) Submit any sexual assault evidence for testing within 10 business days of the consent of the victim or authorized representative.

(f) Not be present in the examination room during a medical examination, unless summoned in an emergency (77 Ill. Adm. Code 545.60).

(g) Provide the victim with information about the Illinois State Police sexual assault evidence tracking system, including the victim’s unique log-in information to access the system (725 ILCS 203/11).
Sexual Assault Investigations

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Bureau Policy.

609.6.2 RELEASE PROTOCOL
The Investigation Unit supervisor shall ensure that a procedure is in place for responding to a victim who wants to sign a consent form for the release of sexual assault evidence for testing (725 ILCS 203/30).

609.6.3 DNA TEST RESULTS
Members investigating sexual assault cases should notify victims of the status and results of any DNA test (725 ILCS 203/35).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assault cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

609.7 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigation Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

609.8 CASE REVIEW
The Investigation Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.
Sexual Assault Investigations

609.8.1 INVENTORY REPORT
The Investigation Unit supervisor or the authorized designee is responsible for ensuring an annual inventory is conducted of all sexual assault cases in the custody of the Village of Lisle Police Department and that a written report of the findings is submitted to the local State’s Attorney’s office (725 ILCS 202/20).

609.9 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

609.10 TRAINING
Training will be provided to (725 ILCS 203/20; 50 ILCS 705/10.21):

(a) Members who are first responders. This includes:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.

(b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
   6. Techniques for communication with victims to minimize trauma.

609.11 CRIMINAL INVESTIGATION OF AN OFFICER
Any member uncovering or receiving a complaint of a criminal sexual assault involving an officer of the Village of Lisle Police Department should as soon as practicable notify his/her supervisor, who should immediately notify his/her chain of command so that the Chief of Police can contact an outside agency to conduct the criminal investigation (5 ILCS 815/10).

The Chief of Police or the authorized designee may pursue an intergovernmental or interagency agreement to facilitate such an investigation should it be needed (5 ILCS 815/20).
Sexual Assault Investigations

An administrative investigation of the involved officer may be conducted pursuant to the Personnel Complaints Policy and will be conducted in a manner that does not interfere with the criminal investigation (5 ILCS 815/15).
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee’s immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the Deputy Chief, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor’s report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.
**Department Owned and Personal Property**

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

**700.3.1 REPORTING REQUIREMENT**
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

**700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER**
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

**700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY**
If employees of another jurisdiction cause damage to real or personal property belonging to the Village, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the Deputy Chief.
Personal Communication Devices

701.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY
The Village of Lisle Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCDs issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.4 DEPARTMENT-ISSUED OR FUNDED PCD
Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.
Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

**701.5 PERSONALLY OWNED PCD**
Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to the provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

(f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

(g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Village of Lisle Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate
compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

**701.6 USE OF PCD**

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

**701.7 SUPERVISOR RESPONSIBILITIES**

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
Personal Communication Devices

2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles while performing official duties should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (625 ILCS 5/12-610.2). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE
Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.
Vehicle Maintenance

702.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that department vehicles are appropriately maintained.

702.2 DEFECTIVE VEHICLES
When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The information shall be promptly forwarded to vehicle maintenance for repair.

702.2.1 SEVERE USE
Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer’s parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.2 REMOVAL OF WEAPONS
All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT
Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

702.3.1 PATROL VEHICLES
Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is present in the vehicle:

- Emergency road flares
- Crime Scene Barricade Tape
- First aid kit, CPR mask
- Blanket
- Blood-borne pathogen kit, Including protective gloves
- Sharps container
- Hazardous waste disposal bag
- Traffic Safety Vest
Vehicle Maintenance

- Evidence collection kit

702.3.2 UNMARKED VEHICLES
An employee driving unmarked department vehicles shall ensure that the minimum following equipment is present in the vehicle:

- Emergency road flares
- Crime Scene Barricade Tape
- First aid kit, CPR mask
- Blanket
- Blood-borne pathogen kit, Including protective gloves
- Sharps container
- Hazardous waste disposal bag
- Traffic Safety Vest

702.4 VEHICLE REFUELING
Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Vehicles shall only be refueled at the authorized location.

702.5 WASHING OF VEHICLES
All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

702.6 CIVILIAN EMPLOYEE USE
Civilian employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

702.7 GENERAL DUTIES
Members are responsible for assisting in maintaining department vehicles so that they are properly equipped, properly maintained and properly refueled and present a clean appearance.
Vehicle Use

703.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the Village of Lisle to provide assigned take-home vehicles.

703.2 POLICY
The Village of Lisle Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES
The Watch Commander shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

703.3.2 OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. A notation will be made on the shift roster indicating the member’s name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

703.3.3 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.
Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DIGITAL COMPUTER
Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify Dispatch. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

703.3.6 VEHICLE LOCATION SYSTEM
Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Deputy Chief approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.7 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member’s chain of command.
703.3.8 AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than Village personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Alongs Policy.

703.3.9 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.10 PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times. Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.3.11 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

703.3.12 CIVILIAN MEMBER USE
Civilian members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Civilian members shall prominently display the "out of service" placards or light bar covers at all times. Civilian members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES
Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.
Vehicle Use

703.4.2 UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

(a) Property Inspection

1. At least quarterly, the Detective Sergeant, having supervision of the property custodian shall conduct an inspection of all restricted property storage areas for adherence to procedures used for the control and storage of property.

2. This inspection is conducted to determine that property storage areas are being maintained in a clean and orderly fashion, that provisions of agency orders or other directives concerning the property management system are being followed, that property is being protected from damage or deterioration, that property accountability procedures are being maintained, and that property having no further evidentiary value is being disposed of promptly.

(b) Annual Audit

1. An annual audit of property held by the Lisle Police Department shall be conducted by a supervisor not routinely or directly connected with the control of property.

2. The purpose of this audit shall be to ensure the integrity of the system, and not require an accounting of every item of property.

   (b) Results of Inspection, and

These inspections are in addition to and in support of other regularly scheduled inspections.
Evidence and Property Unit

3. All unannounced inspections shall be followed within five (5) working days with a written report to the Chief of Police indicating:
   (a) Method of Inspection

(b) Has no significant value for forensic analysis and is of a size, bulk, or physical character not usually retained by the Department and cannot practically be retained.

(c) Is no longer needed because of the death of the defendant (does not apply if a sentence of death was imposed).

(d) The court allows the defendant the opportunity to take reasonable measures to remove or preserve portions of the evidence for future testing (725 ILCS 5/116-4(c)).

The Department shall give notice of any such petition to the defendant or his/her estate and the defendant’s attorney of record.

No evidence shall be disposed of until 30 days after the entry of a court order granting the petition and until the time period for any appeal has lapsed, or any appeal has concluded, whichever is longer.

801.10.3 NOTIFICATION BEFORE DESTRUCTION

All records associated with the possession, control, storage and destruction of biological evidence shall be retained for as long as the evidence exists and may not be destroyed without the approval of the local records commission (725 ILCS 5/116-4(d-10)).
DRUG COLLECTION/DISPOSAL PROGRAM

802.1 PURPOSE
The drug collection and disposal program provides a safe disposal location for citizens to properly dispose of unused prescription medications.

802.2 POLICY
A. This program provides an environmentally safe alternative to disposing of medications in the landfill or sewer systems that may later negatively affect the environment.

B. This program encourages citizens to remove their unneeded medications from their homes. This reduces access to addictive medications for accidental or intentional misuse by children in the home.

Lisle Police Department will provide a steel mailbox-style collection box in which citizens may deposit these medications.

A. Collection box shall be clearly marked for this purpose.

B. Collection box shall be locked and securely mounted to prohibit removal of the box or retrieval of medications from within the box without a key.

C. Citizens may place their unused medications / drugs into the collection box anonymously.

D. Medications can be placed into plastic bags provided in the drop location or the entire prescription bottle may be placed into the drop box.

E. Opened containers of liquid will not be accepted unless they are completely sealed.

The Evidence Coordinator will be responsible for collection of the deposited medications.

A. The Evidence Coordinator has custody and control of the collections.

1. Staff shall not have access to the contents of the collection box.

2. Staff may monitor the collection of the drop box contents with the Evidence Coordinator. This allows the Deputy Chief of Operations or designee to have the ability to survey the kinds of drugs and medications that are being disposed of. This information can be used for evaluation and decisions regarding the program.

B. The Evidence Coordinator will document each collection on a supplemental report provided by RxBox. This allows for tracking of data to monitor the program's benefits.

C. The Evidence Coordinator will collect the deposited drugs on a frequency deemed necessary based on usage.

D. The Evidence Coordinator will bag the deposited drugs, document a general description of the contents, provide a weight of the contents, and place the contents into the evidence storage facility pending destruction.
E. The Evidence Coordinator will transfer custody of the collected medications to be incinerated to a contracted provider of this service.

In such cases original reports shall only be removed after the Records Supervisor has ensured that an accurate and complete copy of the report has been made to take its place in the Records Bureau.

803.2.2 COURT FILES
The Records Bureau shall be responsible for preparing files with all necessary documents for court appearances. In no case should original documents be sent to court unless specifically required by subpoena. If a subpoena is issued for an original document, a copy of the subpoena shall be placed in the appropriate Records Bureau file and the requirements of the Requesting Original Reports section of this policy shall also be followed.

Requests from a Chief of Police, county Sheriff or State’s Attorney to delete or retract arrest records of individuals mistakenly identified should be forwarded to the Custodian of Records for handling (5 ILCS 160/17; 50 ILCS 205/4).

804.7 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the State Attorney, Village Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

804.8 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

804.9 EXPUNGEMENT AND SEALING
Expungement and sealing orders received by the Department shall be reviewed for appropriate action by the Custodian of Records or Freedom of Information Officer. The Custodian of Records or Freedom of Information Officer shall expunge such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction (705 ILCS 405/1-3). Once expunged, members shall respond to any inquiry as though the record did not exist (20 ILCS 2630/5.2).

804.9.1 ARREST RECORDS
When a request is made for arrest records of an individual whose records were retracted or deleted in the case of mistaken identity in accordance with 5 ILCS 160/17 and 50 ILCS 205/4, members should respond that no such records exist.

804.9.2 AUTOMATIC EXPUNGEMENTS FOR CANNABIS OFFENSES
The Custodian of Records should make all automatic expungements within the time frames set in 20 ILCS 2630/5.2.

The Custodian of Records should provide a certificate of disposition or certification of expungement upon inquiry by any individual whose record was expunged (20 ILCS 2630/5.2).
804.9.3 JUVENILE RECORDS
On or before January 1 of each year, the Custodian of Records or Freedom of Information Officer shall expunge juvenile records as required by 705 ILCS 405/5-915.

If the Chief of Police or the authorized designee certifies in writing that certain information is necessary for a pending investigation involving the commission of a felony or with respect to an internal investigation of any law enforcement office, that information and information identifying the juvenile may be retained as provided in 705 ILCS 405/5-915. However, the remaining portion of any records not retained shall be expunged.

If juvenile records might be necessary for use in civil litigation against the department, the government entity that created, maintained, or used the records is not required to expunge the records until two years following the subject’s arrest (705 ILCS 405/5-915). However, these records shall be considered expunged for all other purposes during this period and the offense that is the subject of the records shall be treated as if it never occurred, as required under 705 ILCS 405/5-923.

In the event a civil lawsuit is filed against the department, the government entity that created, maintained, or used the juvenile records may not expunge the records until two years after the conclusion of the lawsuit, including any appeal (705 ILCS 405/5-915).

Body-worn camera recordings of juveniles shall not be subject to automatic expungement except as otherwise provided in the Portable Audio/Video Recorders Policy.

Within 60 days after receipt of a court expungement order or date of automatic expungement, the Custodian of Records or the authorized designee shall send a written notice of expungement to the subject of the expungement (705 ILCS 405/5-915).

804.10 TRAINING
Prior to assuming the Freedom of Information Officer duties, but within 30 days after being so designated, the Freedom of Information Officer will undergo and successfully complete the electronic training curriculum as developed by the Public Access Counselor. The Freedom of Information Officer shall thereafter be recertified on an annual basis (5 ILCS 140/3.5).

All members who have access to Social Security numbers, from the time of collection to the time of destruction of the records, shall receive training on the protection of such information, pursuant to the Identity Protection Act (5 ILCS 179/35).

804.11 SECURITY BREACHES

Animal Control

806.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

806.2 [ANIMAL CONTROL] RESPONSIBILITIES
Animal control services are generally the primary responsibility of [Animal Control] and include the following:

(a) Animal-related matters during periods when [Animal Control] is available.
(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that [Animal Control] is available for investigation and resolution.
(c) Follow-up on animal-related calls, such as locating owners of injured animals.

806.3 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to the public safety.
(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
(c) An animal is creating a traffic hazard.
(d) An animal is seriously injured.
(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
(f) This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
(g) With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
(h) If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.
806.4 DECEASED ANIMALS
Deceased animals on public property will be removed and properly disposed of by the public works department. Officers may remove deceased animals that create a hazard on the property or roadway.

No officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal. Officers may offer contact information for a wildlife removal service.

806.5 INJURED ANIMALS
When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

806.5.1 INJURED WILDLIFE
(a) Injured wildlife should be referred to one of several locations as applicable and depending upon available resources and type of animal:
   1. A local Rehabilitator, preserve or wildlife care center
   2. A shelter by the Anti-Cruelty Society, Illinois Society for the Prevention of Cruelty to Animals (SPCA), or the Illinois Department of Natural Resources

(b) Injured wildlife may be briefly held and transported to wildlife Rehabilitators licensed by the State of Illinois. In addition, migratory birds may be taken only to Rehabilitators who are in possession of appropriate Federal permits issued by the United States Fish and Wildlife Service (USFWS).

This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

806.7 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced including but not limited to cruel treatment of animals, aggravated cruelty to animals, animal torture, animal fighting, and animals confined in vehicles (510 ILCS 70/3.01; 510 ILCS 70/3.02; 510 ILCS 70/3.03; 510 ILCS 70/4.01; 720 ILCS 5/48-1; 510 ILCS 70/7.1):

(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
Animal Control

(d) Members who lawfully seize an animal shall comply with impound and notice requirements (510 ILCS 70/3.04; 510 ILCS 70/4.02).

806.8 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

806.9 STRAY DOGS
If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

806.10 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

806.11 DESTRUCTION OF ANIMALS
When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

(b) Documenting the field activities of department members and support resources (e.g., fire department, EMS, allied agency law enforcement units).
(c) Inquiry and entry of information through Dispatch, Department and other law enforcement database systems (e.g., ILETS, NCIC).

   3. Assignment of emergency response.

808.5 CALL HANDLING
This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and
a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

[Dispatcher]s should be courteous, patient and respectful when dealing with the public.

**808.5.1 EMERGENCY CALLS**
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

**808.5.2 NON-EMERGENCY CALLS**
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

**808.6 RADIO COMMUNICATIONS**
The police radio system is for official use only, to be used by dispatchers to communicate with department members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

(a) Members acknowledging the dispatcher with their radio identification call signs and current location.

(b) [Dispatcher]s acknowledging and responding promptly to all radio transmissions.

(c) Members keeping the dispatcher advised of their status and location.

(d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

The Dispatch Supervisor shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant’s supervisor and processed through the chain of command.
808.6.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE
Village of Lisle Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

808.6.2 RADIO IDENTIFICATION
Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. [Dispatcher]s shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

808.7 DOCUMENTATION
It shall be the responsibility of Dispatch to document all relevant information on calls for service or self-initiated activity. [Dispatcher]s shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

- Incident control number.
- Date and time of request.
- Name and address of the reporting person, if possible.
- Type of incident reported.
- Involvement of weapons, drugs and/or alcohol.
- Location of incident reported.
- Identification of members assigned as primary and backup.
- Time of dispatch.
- Time of the responding member’s arrival.
- Time of member’s return to service.
- Disposition or status of reported incident.

808.8 CONFIDENTIALITY
Information that becomes available through Dispatch may be confidential or sensitive in nature. All members of Dispatch shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

Automated data, such as Department of Motor Vehicle records, warrants, criminal history information, records of internal police files or medical information, shall only be made available to
authorized law enforcement personnel. Prior to transmitting confidential information via the radio, an admonishment shall be made that confidential information is about to be broadcast.

808.9 TRAINING AND CERTIFICATION
[Dispatcher]s providing EMD pre-arrival instructions shall be trained on the department-approved priority reference system and shall retrain annually (210 ILCS 50/3.70).

The Training Coordinator should ensure dispatchers complete the sexual assault and sexual abuse training curriculum established in 20 ILCS 2605/2605-53(b) and 83 Ill. Adm. Code 1325.415.

Temporary Custody of Adults

900.1 PURPOSE AND SCOPE
This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Village of Lisle Police Department for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles will not be permitted where adults who are in custody are being held.

Custodial searches are addressed in the Custodial Searches Policy.

900.1.1 DEFINITIONS
Definitions related to this policy include:

**Holding cell/cell** - Any locked enclosure for the custody of an adult or any other enclosure that prevents the occupants from being directly visually monitored at all times by a member of the Department.

**Safety checks** - Direct, visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of adults in temporary custody.

**Temporary custody** - The time period an adult is in custody at the Village of Lisle Police Department prior to being released or transported to a housing or other type of facility.

900.2 GENERAL CRITERIA AND SUPERVISION
No adult should be in temporary custody for longer than 48 hours except when detention occurs at the beginning of a weekend or holiday (20 Ill. Adm. Code 720.30).

900.2.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY
Individuals who exhibit certain behaviors or conditions should not be in temporary custody at the Village of Lisle Police Department, but should be transported to a jail facility, a medical facility or other type of facility as appropriate. These include:

(a) Any individual who is unconscious or has been unconscious while being taken into custody or while being transported.

(b) Any individual who has a medical condition, including pregnancy, or who may require medical attention, supervision or medication while in temporary custody.

(c) Any individual who is seriously injured.

(d) Individuals who are a suspected suicide risk (see the Civil Commitments Policy).

1. If the officer taking custody of an individual believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or a transfer to an appropriate facility is completed.
Temporary Custody of Adults

(e) Individuals who are obviously in crisis, as defined in the Crisis Intervention Incidents Policy.

(f) Individuals who are under the influence of alcohol, a controlled substance or any substance to the degree that may require medical attention, or who have ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.

(g) Any individual who has exhibited extremely violent or continuously violent behavior.

(h) Any individual who has claimed, is known to be afflicted with, or displays symptoms of any communicable disease that poses an unreasonable exposure risk.

(i) Any individual with a prosthetic or orthopedic device where removal of the device would be injurious to his/her health or safety.

(j) Any individual with a known history of a mental disorder or mental defect, or who shows evidence of such condition (20 Ill. Adm. Code 720.30).

1. If the officer taking custody of an individual believes that he/she may have such a history or condition, the officer shall ensure continuous direct supervision until evaluation, release or a transfer to an appropriate facility is completed.

Officers taking custody of a person who exhibits any of the above conditions should notify a supervisor of the situation. These individuals should not be in temporary custody at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.2.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability (20 Ill. Adm. Code 720.25; 20 Ill. Adm. Code 720.60).

At least one female department member should be present when a female adult is in temporary custody and should be available for supervision during periods of personal hygiene such as using the toilet (20 Ill. Adm. Code 720.25). In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present.

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

When practicable, more than one authorized member should be present for entry into a location where a person is held in custody for security purposes and to witness interactions.

900.3 INITIATING TEMPORARY CUSTODY
The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the Village jail or the appropriate mental health facility.

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or another facility.

900.3.1 SCREENING AND PLACEMENT
The officer responsible for an individual in custody shall:

(a) Advise the Watch Commander of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).
(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:
   1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.
   2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
      (a) Continuous, direct sight and sound supervision.
      (b) Single-cell placement in a cell that is actively monitored on video by a member who is available to immediately intervene.

(g) Ensure that those confined under civil process or for civil causes are kept separate from those who are in temporary custody pending criminal charges.

(h) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

900.3.2 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Patrol Deputy Chief will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

Department members assigned to process a foreign national shall:

(a) Inform the individual, without delay, that he/she may have his/her consular officers notified of the arrest or detention and may communicate with them.

1. This notification should be documented.

(b) Determine whether the foreign national’s country is on the U.S. Department of State’s mandatory notification list.

   (d) Document all notifications to the embassy or consulate and retain the faxed notification and any fax confirmation for the individual’s file.

The use of restraints, other than handcuffs or leg irons, generally should not be used for individuals in temporary custody at the Village of Lisle Police Department unless the person presents a heightened risk, and only in compliance with the Handcuffing and Restraints Policy.

Individuals in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

All checks shall be documented, with the actual time recorded by the officer doing the observation, along with a description of the person's behavior and any actions taken.

(e) Restraints shall not be utilized any longer than is reasonably necessary. If the person in custody requires restraints for longer than two hours, the person should be transferred to a county or other designated facility.

Temporary Custody of Adults

900.5 PERSONAL PROPERTY

For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property's return (20 Ill. Adm. Code 720.25). If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person’s signature as notice of receipt. The Department shall maintain a copy of the property receipt.

(g) Any known threat or danger the individual may pose (e.g., escape risk, suicide potential, medical condition) is documented, and the documentation transported with the individual if he/she is being sent to another facility.

1. The department member transporting the individual shall ensure such risks are communicated to intake personnel at the other facility.
Temporary Custody of Adults

Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Village of Lisle Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

The amount of money in the envelope should always be totaled and written on the outside of the envelope.

Negligence or excessive force will constitute grounds for disciplinary action.

3. Prisoners shall be handcuffed according to department policy 306.

Evaluation of Employees

1003.1 PURPOSE AND SCOPE
The Department’s employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1003.2 POLICY
The Village of Lisle Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee’s position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1003.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee’s immediate supervisor. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee’s job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.
Evaluation of Employees

1003.3.1 OTHER OFFICER EVALUATIONS
Part-time and auxiliary officer evaluations are covered in the Reserve Officers Policy.

1003.3 FULL TIME PROBATIONARY PERSONNEL
Civilian personnel are on probation for six months before being eligible for certification as permanent employees. Probationary civilian employees are evaluated daily, weekly and before completion of the probationary period.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period.

1003.4 EVALUATION MEETING
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable objections to any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for the upcoming evaluation period should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities.

1003.4.1 DISCRIMINATORY HARASSMENT FORM
At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the Village of Lisle harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(a) That the employee understands the harassment and discrimination policies.
(b) Whether any questions the employee has have been sufficiently addressed.
(c) That the employee knows how and where to report harassment policy violations.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1003.5 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:
Evaluation of Employees

Regular - An Employee Performance Evaluation shall be completed once each year by the employee’s immediate supervisor by the end of the Village of Lisle’s fiscal year, except for employees who have been promoted, in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee’s date of last promotion.

Transfer or Promotional - If an employee is transferred from one assignment to another during an evaluation period and less than six months have transpired since the transfer when the evaluation is due, the evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater’s supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1003.5.1 RATINGS COLLECTIVE BARGAINING UNIT EMPLOYEE

A rating under any job dimension marked other than "Meets Standards" shall be substantiated in the rater comments section.

1003.5.2 RATINGS FOR NON REPRESENTED EMPLOYEE
The Village of Lisle utilizes four evaluation tools to evaluate Employees of the Lisle Police Department who are not members of the collective bargaining group. The evaluation cycle is determined by Chapter 1 of the Village of Lisle Employee Handbook. After six months of employment, the direct supervisor shall complete the Initial Review Period Evaluation. Afterward, each employee shall have an evaluation period that starts March 1st and ends the following February 28 after completing their first six months of employment with the Village of Lisle.

The rating guides and job titles are as follows:

(a) Administrative Supervisor Evaluation Form - Used to Evaluate the Information and Support Services Manager and Chief of Police

(b) Administrative Employee Evaluation Form - Used to evaluate both full and part-time Records Clerks and Evidence Custodian.

(c) Safety Sensitive Supervisor Evaluation Form - Used to evaluate both Deputy Chiefs of Police, Police Sergeants, and the Community Service Officer Supervisor.

When completing the Employee Performance Evaluation for non-represented employees, the rater will place a checkmark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Substantially Exceeds Expectations - Represents actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Expectations - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected but is not of such rare nature to warrant outstanding.

Meets Expectations - Represents the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than expected of a fully competent employee and less than the standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Needs Substantial Improvement - Represents performance that is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments and goals section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. A rating under any job dimension marked other than "Meets Standards" shall be substantiated in the rater comments and goals section.

1003.5 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Deputy Chief). The Deputy Chief shall review the evaluation for fairness, impartiality, uniformity, and consistency and place any comments needed on the evaluation. The evaluation will be returned to the supervisor for the appropriate signature. The employee will sign the evaluation last and place any comments in the section provided. The Deputy Chief shall evaluate the supervisor on the quality of ratings given.

1003.6 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file with the Village of Lisle Human Resources.
Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS
Illinois and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; 720 ILCS 5/24-1.1).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

Officers are prohibited from carrying a firearm if they are currently the subject of a domestic violence protection order (750 ILCS 60/214).

1004.3 OTHER CRIMINAL CONVICTIONS
Any person convicted of a felony is prohibited from being a peace officer in the State of Illinois (50 ILCS 705/6.1). Any person who has been convicted of a felony is prohibited from possessing a firearm (720 ILCS 5/24-1.1). This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty plea or nolo contendere plea.

Convictions of certain state or federal violations, including other provisions, such as probation or conditions of bail may place restrictions on an employee’s ability to fully perform the duties of the job or restrict possessing firearms (720 ILCS 550/10; 725 ILCS 5/110-10).

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1004.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired
Reporting of Employee Convictions

officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1004.4.1 ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD NOTIFICATION

In the event of an arrest, conviction, finding of guilty, plea of guilty, or plea of nolo contendere disposition of any of the specified sections in 50 ILCS 705/6.1, the Chief of Police shall report such disposition to the Illinois Law Enforcement Training and Standards Board (ILETSB).

It is the duty and responsibility of every full-time and part-time police officer to report to both the ILETSB within 14 days and also to the officer's Chief of Police of the arrest, conviction, finding of guilty, or plea of guilty, for an offense identified in 50 ILCS 705/6.1, as well as any name change, change in employment, and filing of any criminal indictment or charges against the officer for the offenses (50 ILCS 705/8.1).

Any full-time or part-time police officers who knowingly make, submit, cause to be submitted, or file a false or untruthful report to ILETSB must have their certificate or waiver either immediately decertified or revoked. Members shall notify the ILETSB on the prescribed form within seven days of becoming aware of the following alleged violations by an officer (50 ILCS 705/6.3):

(a) An act that would constitute a felony or misdemeanor that could serve as basis for automatic decertification, whether or not the officer was criminally prosecuted, and whether or not the officer's employment was terminated.

(b) Excessive use of force.

(c) Failure to intervene whether by action or omission.

(d) Tampering with or directing another individual to tamper with a dash camera or body worn camera, or data from such devices for the purpose of concealing, destroying, or altering potential evidence.

(e) During the reporting, investigation, or prosecution of a crime, engaging in perjury, making a false statement, or knowingly tampering with or fabricating evidence.

(f) Engaging in any unprofessional, unethical, deceptive, or deleterious conduct or practice harmful to the public.

Members are additionally required to notify their supervisor upon becoming aware of the above alleged conduct as soon as practicable (50 ILCS 705/6.3).

1005.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1005.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 REQUESTING SCREENING TESTS
A supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1005.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.
Sick Leave

1006.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the Village personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) or the Illinois Employee Sick Leave Act (820 ILCS 191/1 et seq.).

1006.2 POLICY
It is the policy of the Village of Lisle Police Department to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION
All members should notify the appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than two hours before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days’ notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1006.4 SUPERVISOR RESPONSIBILITY
Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee’s performance evaluation when it has negatively
Sick Leave

affected the employee’s performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.
STAFF SCHEDULING, BENEFIT TIME, MINIMUM STAFFING AND SHIFT TRADES

1007.1 PURPOSE
The Lisle Police Department has established the requirement to have a minimum amount of staffing available to meet the department's needs. It is necessary to adhere to set procedures to ensure that minimum staffing is met, while maintaining fairness to all employees, therefore the following policy and procedures will be followed.

1007.2 POLICY
To create an organized and systematic method for shift assignments, scheduling, benefit time use and specialty assignments, to ensure minimum staffing of personnel for officer safety, and to provide efficient and effective service to the community.

1007.3 SCHEDULING PROCEDURES
1. SHIFT ASSIGNMENTS - By February 15th of each year, the Deputy Chief of Operations shall publish the shift assignments and specialty assignments for the upcoming fiscal year. Benefit time selection shall follow the following guidelines:
   1. Shift assignments and specialty assignments will follow the collective bargaining agreement Article VI -Hours of work and overtime.
   2. Vacation time shall be scheduled in accordance with department service needs. Scheduling shall be initiated by rank, on a seniority basis, with final approval given by the Chief of Police or designee. Vacation requests must be submitted to the Shift Supervisor prior to April 1st of the fiscal year to be considered and scheduled on a seniority basis. The Shift Supervisor will review the requests and post a listing of approved benefit time off. For the purposes of this policy, the definition of a holiday will include any holiday, personal day, safety incentive day, or compensatory time accumulated by an employee.
   3. Vacation and benefit time will normally be scheduled so that no more than one officer or Sergeant per shift is on vacation at any one time. However, the Chief of Police or designee may grant requests for overlapping vacations, at their discretion, if staffing permits.
   4. Any vacation and holiday time off requests submitted after April 1st will be accepted or denied on availability basis and not based on seniority. Vacation and holiday requests will be approved only if submitted more than seven days before the monthly department schedule is issued, and then only if vacation time is available in that schedule.
   5. Personal days may also be taken on any day that no shift member is on benefit time. Personal day requests should be made with your Shift Supervisor as soon as possible.
2. SCHEDULE - Shift schedules are released by the Shift Supervisor or the Deputy Chief of Operations through Schedule Anywhere. Vacation and holiday requests submitted after April 1st shall be responded to in a reasonable period of time. Benefit time that has been scheduled may only be changed upon approval of the Chief of Police or designee. Any vacation or holiday requests made after the schedule has been issued must be submitted to the Sergeant of that particular shift in writing for approval. Officers in Charge are not permitted to authorize vacation or holiday time off.

3. BEAT ROTATION - The Sergeant of each shift shall assign officers to a daily beat assignment. These beats are based on staff availability. The rotation of beat assignments is at the discretion of the supervisor.

4. Those officers wishing and agreeing to trade shifts with each other must submit a written request in the form of a "Request for Shift Trade" no later than 48 hours prior to the first trade date. The "Request for Shift Trade" must be approved by a Sergeant from each of the requested shifts, with each supervisor receiving a photocopy of the completed form.
Communicable Diseases

1008.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Village of Lisle Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY
The Village of Lisle Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them.

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Reporting known and suspected cases of reportable communicable diseases to the local health authority (77 Ill. Adm. Code 690.200).
Communicable Diseases

2. Acting as, or appointing a person as the designated officer to receive reports from the local health authority. The designated officer will be trained to carry out the duties described in 77 Ill. Adm. Code 690.200 regarding the procedures for follow-up after occupational exposures to specific diseases.

3. The mandates of the Illinois Occupational Safety and Health Act (820 ILCS 219/1 et seq.).

4. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

5. Responding to exposure notifications from hospitals to which members have transported a patient (210 ILCS 85/6.08).

The ECO should also act as the liaison with the Illinois Department of Labor (IDOL) and may request voluntary compliance inspections. The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; 820 ILCS 219/25):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area of department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
Communicable Diseases

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; 820 ILCS 219/25).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practical.

1008.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; 820 ILCS 219/25):

(a) Name of the member exposed

(b) Date and time of incident

(c) Location of incident

(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

(e) Work being done during exposure

(f) How the incident occurred or was caused

(g) PPE in use at the time of the incident

(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).
1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information (29 CFR 1910.1030; 820 ILCS 219/25):

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; 820 ILCS 219/25).

1008.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.
(b) Contacting the Department of Public Health or local health authority and providing information regarding the circumstances of the exposure to determine if the appropriate authority will request consent from the person to submit to testing (77 Ill. Adm. Code 690.1380).
(c) In cases of possible exposure to infectious diseases, including HIV, by having a health care provider or health facility test the source of the exposure pursuant to 410 ILCS 305/7 and/or 410 ILCS 312/10.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the Village Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law) (29 CFR 1910.1030; 820 ILCS 219/25).
Communicable Diseases

Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; 820 ILCS 219/25):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

G. The Village of Lisle is not responsible for any lost or stolen items from the Fitness Training Room.
Smoking and Tobacco Use

1010.1  PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1010.2  POLICY
The Village of Lisle Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking is prohibited by members and visitors in all department vehicles, and as is further outlined in this policy.

1010.3  SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Village of Lisle Police Department.

1010.4  ADDITIONAL PROHIBITIONS
No employee shall smoke, even if out of public view in any public place, child/adult day care center, health care facility or within 15 feet of any entrance or any other location described under the Smoke Free Illinois Act (410 ILCS 82/15).
Personnel Complaints

1011.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Village of Lisle Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1011.2 POLICY
The Village of Lisle Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report alleged misconduct without concern for reprisal or retaliation.

1011.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state, or local law, or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state, or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Department.

1011.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Chief of Police is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints should be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
Personnel Complaints

1011.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct by another department member shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1011.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1011.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department's website. Forms may also be available at other Village facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1011.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1011.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1011.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.
Personnel Complaints

1011.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with
the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor
is the ultimate decision-maker regarding disciplinary action, or has any personal involvement
regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that
another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent
aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is
completed.
   1. The original complaint form will be directed to the Watch Commander of the
      accused member, via the chain of command, who will take appropriate action
      and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by
      reducing the complaint to writing or where the confidentiality of a complainant
      is at issue, a supervisor shall orally report the matter to the member's Deputy
      Chief or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the
      Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will
      note the resolution on a complaint form and forward the form to the Watch
      Commander.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious
nature, the Watch Commander and Chief of Police are notified via the chain of
command as soon as practicable.
   1. This notification is required when there are allegations of a failure to intervene,
      unreasonable uses of force, perjury, tampering with evidence, or other
categories required under state law. The Chief of Police or the authorized
designee should take steps to notify the Illinois Law Enforcement Training and
Standards Board (ILETSB). After preliminary review by ILETSB, an investigation
should be conducted, if necessary (50 ILCS 705/6.3).

(e) Promptly contacting the Human Resources and the Watch Commander for direction
regarding their roles in addressing a complaint that relates to sexual, racial, ethnic, or
other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will
determine whether to contact the complainant or assign the complaint for investigation.
Personnel Complaints

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:
   1. Making reasonable efforts to obtain names, addresses, and telephone numbers of witnesses.
   2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed.

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1011.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES
Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Uniform Peace Officers’ Disciplinary Act:

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated (50 ILCS 725/3.3).

(b) Unless waived by the member, interviews of an accused member shall be at the Village of Lisle Police Department or other reasonable and appropriate place (50 ILCS 725/3.1).

(c) The accused member shall be informed in writing of the interviewers and all persons who will be present on behalf of the Department during any interview. The accused member shall inform the Department of any person who will be present on his/her behalf during any interview (50 ILCS 725/3.4).

(d) No more than two interviewers should ask questions of an accused member.

(e) Prior to any interview, a member should be informed in writing of the nature of the investigation (50 ILCS 725/3.2).

(f) All interviews should be for a reasonable period and the member’s personal needs should be accommodated (50 ILCS 725/3.5).

(g) No member should be subjected to offensive or threatening language, nor shall any promises, rewards, or other inducements be used to obtain answers (50 ILCS 725/3.6).

(h) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
   1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Garrity advisement and after the investigator has consulted with the prosecuting agency. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable
Personnel Complaints

steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

   (i) The interviewer shall record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview (50 ILCS 725/3.7).

   (j) No member shall be interviewed without first being advised in writing that admissions made in the course of the interview may be used as evidence of misconduct or as the basis for charges seeking suspension, removal, or discharge. In addition, no member shall be interviewed without first being advised in writing that he/she has the right to counsel of his/her choosing, and that counsel may be present to advise him/her at any stage of any interview (50 ILCS 725/3.8).

   (k) All members subjected to interviews that could result in discipline have the right to have representation by counsel of the member’s choosing and may request counsel at any time before or during an interview. When a request for counsel is made, the interview shall not proceed until a reasonable time and opportunity are provided to the member to obtain counsel. If a collective bargaining agreement requires the presence of a representative of the collective bargaining unit during investigations, the representative shall be present during the interview, unless this requirement is waived by the member being interviewed (50 ILCS 725/3.9). However, in order to maintain the integrity of each employee’s statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

   (l) All members shall provide complete and truthful responses to questions posed during interviews.

   (m) No member may be compelled to submit to a polygraph test, or any other test questioning by means of any chemical substance, except with the member’s express written consent. Refusal to submit to such tests shall not result in any disciplinary action nor shall such refusal be made part of his/her record (50 ILCS 725/3.11).

   (n) These provisions do not apply to any member charged with violating any provisions of the Criminal Code of 2012, or any other federal, state, or local criminal law (50 ILCS 725/5).

1011.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.
Personnel Complaints

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1011.6.4 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1011.6.5 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

1011.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1011.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.
**1011.8 ADMINISTRATIVE LEAVE**

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

**1011.9 CRIMINAL INVESTIGATION**

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Village of Lisle Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction.

No disciplinary action should be taken until an independent administrative investigation is conducted.

**1011.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES**

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

Disciplinary Action Defined

A. These levels are not considered Formal Discipline:

1. Verbal Counseling
2. Training
Personnel Complaints

3. Mediation: in minor complaints, if both parties are LPD employees and mutually agree, mediation will be arranged through the Employee Assistance Program (EAP) using a professional mediator.

4. Work Rules

5. Documented Counseling

B. The levels covered below are considered formal discipline and are placed in the employee's personnel file:

   1. Letter of Reprimand
   2. Suspension without Pay
   3. Reduction in Rank
   4. Separation of Service or Termination

Progressive Discipline: Progressive Discipline is a method of discipline that uses graduated steps for dealing with problems related to an employee’s conduct or performance that do not meet clearly defined standards and policies. Progressive Discipline is not necessary to lead to the termination or separation of an employee.

In cases where it is warranted and/or feasible, the disciplinary process is considered a restorative process for the employee.

1011.10.1 DEPUTY CHIEF RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Deputy Chief of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Deputy Chief may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Deputy Chief may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Deputy Chief shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1011.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Deputy Chief for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:
Personnel Complaints

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
   
   1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

   2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1011.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1011.11 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.
Personnel Complaints

1011.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1011.13 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal pursuant to the personnel rules and applicable guidelines; pursuant to the collective bargaining agreement; if non-home rule, the procedures outlined in 65 ILCS 5/10-2.1-1; if civil service, the procedures outlined in 65 ILCS 5/10-1-1.

1011.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1011.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1011.16 MANDATORY NOTIFICATION TO THE ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD
The Chief of Police or the authorized designee shall notify the ILETSB of any final determination of discipline in the following circumstances (50 ILCS 705/6.2):

(a) The officer is discharged or dismissed as a result of the violation.

(b) The officer resigns during the course of an investigation and after being served notice that he/she is under investigation that is based on the commission of a felony or sex offense.

The notification shall occur within 30 days of a final decision and exhaustion of any appeal, or resignation, and shall provide information regarding the nature of the violation.
Seat Belts

1012.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1012.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 and 625 ILCS 25/4.

1012.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1012.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1012.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver’s position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.
Seat Belts

1012.5 POLICY
It is the policy of the Village of Lisle Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle crash.

1012.6 TRANSPORTING CHILDREN
Child passengers shall be transported using an approved child restraint system in compliance with 625 ILCS 25/4.

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1012.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1012.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1013.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1013.2 POLICY
It is the policy of the Village of Lisle Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1013.3 ISSUANCE OF BODY ARMOR
The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Village of Lisle Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice (50 ILCS 712/10).

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to this schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1013.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1013.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Periodic inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.
1013.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer’s care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer’s recommended replacement schedule.

1013.3.4 WARRANTY PERIODS
All body armor shall be replaced before or at the expiration of the warranty at the Department’s expense (50 ILCS 712/10).

1013.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

1013.5 FUNDING
The Rangemaster should coordinate with other Lisle officials as appropriate to ensure grant funding is sought as appropriate (50 ILCS 712/10). The Rangemaster should also ensure that Department procedures are not in conflict with the terms of any applicable grant.
Personnel Records

1014.1 PURPOSE AND SCOPE
This policy governs maintenance and access to personnel records. Personnel records include any file maintained under an individual member's name.

1014.2 DEPARTMENT FILE
The department file shall be maintained as a record of a person’s employment/appointment with this department. The department file should contain, at a minimum:

(a) Personal data, including photographs, marital status, names of family members, educational and employment history or similar information. A photograph of the member should be permanently retained.

(b) Election of employee benefits.

(c) Personnel action reports reflecting assignments, promotions and other changes in employment/appointment status. These should be permanently retained.

(d) Original performance evaluations. These should be permanently maintained.

(e) Discipline records, including copies of sustained personnel complaints.

(f) Adverse comments such as supervisor notes or memos may be retained in the department file after the member has had the opportunity to read and initial the comment.

1. Once a member has had an opportunity to read and initial any adverse comment, the member shall be given the opportunity to respond in writing to the adverse comment.

2. Any member response shall be attached to and retained with the original adverse comment (820 ILCS 40/6).

3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment. Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member’s file.

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1014.3 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files twice in a calendar year or as otherwise provided in a collective bargaining agreement. The Department will grant the inspection within seven working days (820 ILCS 40/2).
Any member seeking the removal or correction of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department may remove or correct any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record as long as the contested item is a part of the file (820 ILCS 40/6).

Members may obtain a copy of the information or part of the information contained in their file (820 ILCS 40/3).

A member who is involved in a current grievance against the Department may designate in writing a representative of the member's union or collective bargaining unit or other representative to inspect the member's personnel record which may have a bearing on the resolution of the grievance (820 ILCS 40/5).

Members may be restricted from accessing files containing any of the following information (820 ILCS 40/10):

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files that have not been sustained against the member.

(c) Criminal investigations involving the member.

(g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.

(h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

1014.4 RETENTION AND PURGING
Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.
Personnel Records

(a) During the preparation of each member’s performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training, and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) Records related to complaints, investigations, and adjudications of police misconduct shall be permanently retained and may not be destroyed (50 ILCS 205/25).

1014.4.1 SPECIFIC RETENTION REQUIREMENTS

It is the policy of this department to maintain personnel records and preserve the confidentiality of personnel records pursuant to the Constitution and the laws of Illinois (5 ILCS 140/7).

1014.6 DIVISION FILE
Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

1014.7 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Unit in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Professional Standards Unit supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition. Investigations of complaints that result in the following findings shall not be placed in the member’s department file but will be maintained in the internal affairs file:

(a) Not sustained
(b) Unfounded
1014.8 TRAINING FILE
An individual training file shall be maintained by the Training Coordinator for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Coordinator or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Coordinator or supervisor shall ensure that copies of such training records are placed in the member’s training file.

(b) Documents relating to workers’ compensation claims or the receipt of short- or long-term disability benefits.

(c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.

(d) Medical release forms, doctor’s slips and attendance records that reveal a member's medical condition.

(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1014.10 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the Village Manager, Village Attorney or other attorneys or representatives of the Village in connection with official business.
1014.10.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records, FOIA Officer or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made.

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1014.10.2 RELEASE OF PERSONNEL INFORMATION
The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement.
Request for Change of Assignment

1015.1 PURPOSE AND SCOPE
It is the intent of the Department that all requests for change of assignment are considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made in the interest of the department.

1015.2 REQUEST FOR CHANGE OF ASSIGNMENT
Personnel wishing a change of assignment are to complete an email titled Request for Change of Assignment. The email should then be forwarded through the chain of command to the Chief of Police.

1015.2.1 PURPOSE OF REQUEST
The email request is designed to aid employees in listing their qualifications for specific assignments. All relevant experience, education and training should be included when completing this request.

All assignments an employee is interested in should be listed in the request.

1015.3 SUPERVISOR'S COMMENTARY
The officer's immediate supervisor shall make appropriate comments before forwarding it to the Deputy Chief of the employee involved.
Awards and Citations Program

1016.1 PURPOSE AND SCOPE
The Lisle Police Department's Awards and Citations Program is intended to recognize the personal achievements, meritorious service, and heroic actions of citizens and law enforcement personnel who have contributed significantly to the accomplishments of the Lisle Police Department, and the profession of law enforcement.

It is the belief of this Department that law enforcement work, which is distinguished through formal recognition, is more likely to be repeated. Exemplary performance should, therefore, be recognized and rewarded through an established uniform awards program.

1016.2 AWARD RECOMMENDATION PROCESS
Recommendations for Awards and Citations shall be submitted to the Chief of Police, in writing, on an Award Nomination Form, along with any official department reports on the incident. More than one person may recommend any police department member or civilian for an award, or citation. The submitted recommendation shall contain the name of the employee submitting the form, the person to be nominated for an award, the Incident Number, if known and where applicable, and a detailed and specific account of the action taken which merits review by the Awards and Citation Board. The employee submitting the Award Nomination Form shall also indicate the recommended award for the incident.

1016.2.1 AWARDS AND CITATIONS BOARD
The Awards and Citations Board will consist of the sworn Command Staff and the Administrative Assistant to the Chief of Police. The Chief of Police shall act as an advisor and consultant on procedural matters and interpretation of awards.

1016.3 COMMENDATIONS
Commendations for members of the Department or for individuals from the community may be initiated by any department member or by any person from the community.

1016.3.1 MERITORIOUS OR COMMENDABLE ACTS BY DEPARTMENT MEMBERS
A meritorious or commendable act by a member of this department may include, but is not limited to:

- Superior handling of a difficult situation.
- Conspicuous bravery or outstanding performance.
- Any action or performance that is above and beyond the typical duties of a member of this department.

Any nomination that is deemed worthy of an award will be recognized as soon as possible during a formal Roll Call, or Village of Lisle Board Meeting.
1016.3.2 DOCUMENTATION OF MERITORIOUS ACTS BY CITIZENS

Meritorious acts performed by citizens and observed by members of this department should be documented using the same process for members, with areas for inapplicable information left blank. Adequate information to identify the persons performing the meritorious act should be included on the form.

Any documentation in any form from the public identifying meritorious conduct of a citizen should be accepted by any department member and forwarded to the Office of the Chief of Police. Attempts to obtain detailed information regarding the incident and the person performing the meritorious act, as well as the person submitting the document, should be made by the member. Additional details should be documented as appropriate.

1016.4 AWARDS

Awards may be bestowed upon members of the Department or the public. These awards include the following:

**OFFICIAL POLICE AWARDS:**

- **Life Saving:** An award granted to any member of the Department for a successful effort in saving a human life, which involved exceptional courage or performance. If the person's action led to the prolonging of life to the extent that the victim was released to medical authorities, he/she is eligible to receive this award even though the victim may pass away at a later date. This award will be presented in the form of a ribbon to be worn on the uniform and a certificate.

- **Medal of Valor:** An award granted to any member of the Department for an act of outstanding bravery or heroism, where the individual has demonstrated a great degree of selflessness, personal courage and devotion to duty. This award will be presented in the form of a ribbon to be worn on the uniform, a plaque, and a medal.

- **Police Cross and Purple Heart:** The Police Cross is awarded posthumously to an officer who has lost his/her life in the performance of his/her duty under honorable circumstances. The award recipient's family receives a medal and a plaque. The Purple Heart may be awarded to any member of the Department who has been injured while in direct performance of police duty. The award will generally be limited to those cases resulting from attack by an assailant, personal combat, or the performance of an act of valor. This award will be presented in the form of a ribbon to be worn on the uniform, and a certificate.

for rendering aid, assisting, or working in conjunction with an officer of this Department.
This award will be presented in the form of a ribbon to be worn on the uniform, and
a certificate.

- **Chief's Letter**: The Chief of Police may issue letters of appreciation for employees
whose contributions deserve recognition, but do not otherwise qualify for action by the
Awards and Citations Board.

- **Officer/Supervisor/Civilian of the Year Award**: These awards shall be nominated by
members of the Department on an annual basis. It shall be based on overall excellence
or significant incidents, and shall be supported by documented evidence. The Awards
and Citations Board will review each nomination for qualification.

**CIVILIAN AWARDS:**

- **Award of Valor**: This award is presented to private citizens who display extraordinary
bravery or heroism with the highest degree of unselfishness and personal courage.
This may be in the aid of a police officer, or another citizen, and involves a great
personal risk in situations where the citizen has no personal motive, or stake in the
outcome.

- **Civilian Citation**: This award is presented to civilians whose actions result in the
prevention or solution of a serious crime, apprehension of a criminal, or other
meritorious action with disregard for the citizen's personal safety.

- **Civilian Commendation**: This award is presented to individuals or organizations who
have supported the Department, or who have made major significant contributions to
the cause of law enforcement.

- **Certificate of Appreciation**: This award is issued to any deserving individual for a
deed, which is worthy of recognition, but does not fall within other award guidelines.

- **Chief's Letter**: The Chief of Police may issue letters of appreciation for citizens whose
contributions deserve recognition, but do not otherwise qualify for action by the Awards
and Citations Board.
Awards and Citations Program

- **Life Saving**: This award is granted to any private citizen for a successful effort in saving a human life, which involved exceptional courage or performance. If the person's action led to the prolonging of life to the extent the victim was released to medical authorities, he/she is eligible to receive this award even though the victim may pass away at a later date.

The Chief of Police, based upon recommendation of the Awards and Citations Board, and appropriateness of the award being granted, as outlined in this policy, shall select the medals, ribbons, plaques, and certificates issued to award recipients. Employees shall display ribbons on their uniforms at their discretion.
LINE OF DUTY DEATH

1017.1 PURPOSE
The purpose of this procedure is to direct the Lisle Police Department to provide proper support and emotional care for a deceased officer's family following a line-of-duty death.

1017.2 POLICY
It shall be the responsibility of the Lisle Police Department to provide liaison assistance to the immediate survivors of an officer who dies in the line-of-duty, whether feloniously or accidentally, while an active member of the Lisle Police Department, to include the clarification and comprehensive study of survivor benefits, and to provide tangible and intangible emotional support during this traumatic period of readjustment for the surviving family. It should be remembered that the funeral arrangements are to be decided by the FAMILY, with their wishes taking precedence over the Department's.

Coordination of events following the line-of-duty death of a police officer is an extremely important and complex responsibility. Professionalism and compassion must be exhibited at all times as an obligation to the officer's survivors and to the law enforcement community. To provide the best possible services and support for the officer's family, specific tasks may be assigned by the Chief of Police to selected members of the Department.

1017.3 DEFINITIONS
LINE-OF-DUTY DEATH
Any action, felonious or accidental, which claims the life of a Lisle Police Officer or Community Service Officer, who was performing work related functions either while on or off duty.

SURVIVORS
Any immediate family members of the deceased officer: spouse, children, parents, siblings, fiancé, and/or significant others.

BENEFICIARY
Those designated by the officer as recipients of specific death benefits.

1017.4 NOTIFICATION
1. The name of the deceased or injured officer must never be released to the media before immediate survivors living in the area are notified.

2. The Chief of Police will be immediately notified, through the chain of command, whenever a member of the Department suffers serious injury or death.

3. The Chief of Police or designee will consult the officer's Confidential Line-of-Duty Death Information form to determine if the officer had specified certain individual(s) to accompany the member making notification.
LINE OF DUTY DEATH

4. If there is knowledge of a medical problem with an immediate survivor, medical personnel should be available at the residence to coincide with the notification.

5. The Chief of Police, and any individuals previously selected by the officer, shall make notification in person.

6. Keep in mind, however, that if the aforementioned persons are not readily available, notification may not be able to be delayed until these people can gather. The on-duty supervisor shall then be responsible for making notification.

7. Most Police Officer's families will know something is wrong when they see the police department personnel making notification. Inform family members slowly and clearly of the information available. Make sure the officer's name is used during the notification.

8. If the officer is already deceased, relay that information. NEVER give the family a false sense of hope.

9. If the family wants to go to the hospital, they should be transported by department vehicle. It is highly recommended that the family NOT drive themselves to the hospital. Should there be serious resistance, and the family insists on driving, have an officer accompany them in the car.

10. If young children are at home and the survivors wish to leave them at home, the police department should arrange for child care. This may involve obtaining the assistance of co-workers' families, transportation of the children to a relative's home, or other arrangements.

11. Prior to departing for the hospital, an officer should notify hospital staff that a member(s) of the family is en route.

12. The deceased or severely injured officer's parents should be afforded the courtesy of a personal notification if possible.

13. If immediate survivors live outside the Chicago area, the on duty supervisor will direct the police dispatcher to contact the agency in that area and request that personal notification be made.

14. The Chief of Police or designee should respond to the hospital or home to meet with the family, as soon as possible.

15. If there is an on-duty death, the external monitoring of police frequencies dictate that information regarding notifications should be restricted to the telephone whenever possible. If the media has somehow obtained the officer's name, they should be advised to withhold the information, pending notification of the officer's family, or those listed on the officer's Confidential Line-of-Duty Death Information form.

1017.5 ASSISTANCE FOR AFFECTED OFFICERS

. Officers who were on the scene or who arrived moments after an officer was seriously injured or killed should be relieved as quickly as possible.
LINE OF DUTY DEATH

2. Police witnesses and other personnel who may have been emotionally affected by the serious injury or death of another officer shall have a Department designated specialist contacted to provide debriefing, counseling, and evaluation (Employee Assistance Program).

1017.6 ASSISTING THE FAMILY AT THE HOSPITAL
The first officer, other than the Chief of Police or his representative, to arrive at the hospital is responsible for coordinating the activities of hospital personnel, the officer’s family, police officers, the media, and others. These responsibilities include:

Arrange with hospital personnel to provide an appropriate waiting facility for the family, the Chief of Police or his representative, and those others requested by the immediate survivors.

Arrange a separate area for fellow officers and friends to assemble.

Ensure that medical personnel relay pertinent information regarding the officer’s condition to the family on a timely basis and before such information is released to others. These medical personnel should make the family aware of hospital policy about visitation.

Arrange transportation for the family back to their home.

2. If it is possible for the family to visit the officer before death, they most certainly should be afforded the opportunity if they choose to do so. An officer should accompany the family into the room if they so request.

1017.7 SUPPORT FOR THE FAMILY DURING THE WAKE AND/OR FUNERAL
The Chief of Police or designee will meet with the officer’s family to determine their wishes regarding Departmental participation in the preparation of the funeral or services. All possible assistance will be rendered.

2. The Chief of Police or designee will provide the following assistance:

Assist the family with funeral arrangements and make them aware of what the Department can offer at the funeral.

Apprise the family of information concerning the death and the continuing investigation.

Arrange for the delivery of the officer’s personal belongings to the family.

Assign an officer to remain at the family home during the wake and funeral.

The family should have access to other survivors or support groups. Members of Concerns of Police Survivors (C.O.P.S.) make themselves available to meet with the family. Information on this organization can be obtained on their website, www.nationalcops.org.

1017.8 PROVIDING INFORMATION AND ASSISTANCE ON BENEFITS
The Chief of Police will appoint an officer who is knowledgeable as to Federal, State, and other benefits available to the family of a Police Officer killed in the Line-of-Duty. This officer shall be responsible for gathering information on all benefits available to the officer’s family.
LINE OF DUTY DEATH

2. The assigned officer should visit with the family within a few days following the funeral to discuss the benefits available to them. A written list of the benefits available to the family, listing named beneficiaries, contacts at various benefits offices, and when they can expect to receive the benefit should be given to the family.

3. The Office of the Chief of Police will maintain a file containing the officer's Confidential Line-of-Duty Death Information form. The Chief of Police or designee will periodically review these forms for accuracy.

1017.9 SUPPORT FOR THE FAMILY
Members of the Department must remain sensitive to the needs of the survivors long after the officer's death. Realize that grief is a process and that everyone handles grief differently. The grief process has no timetable, and many survivors may experience a complicated grief process.

2. Members of the Department are encouraged to keep in touch with the family. Close friends, co-workers, and Department officials should arrange to visit with the family at their home from time to time, so long as the family expresses a desire to have these contacts continue.

3. When plaques/memorabilia are given to the surviving spouse, consider making the same available to the surviving parents.

4. If criminal violations surround the death, the department will:
   - Inform the family of all new developments prior to press release;
   - Keep the family apprised of legal and parole proceedings;
   - Accompany the family, whenever possible, to the court proceedings if so requested.
Fitness for Duty

1018.1 PURPOSE AND SCOPE
All officers are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all officers of this department remain fit for duty and able to perform their job functions.

1018.2 EMPLOYEE RESPONSIBILITIES
(a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of their position.
(b) Each member of this department shall perform his/her respective duties without physical, emotional, and/or mental constraints.
(c) During working hours, all employees are required to be alert, attentive, and capable of performing their assigned responsibilities.
(d) Any employee who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that an employee believes that another employee is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1018.3 SUPERVISOR RESPONSIBILITIES
(a) A supervisor observing an employee, or receiving a report of an employee who is perceived to be, unable to safely perform his/her duties due to a physical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
(b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the employee to perform his/her duties.
(c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
(d) In conjunction with the Watch Commander or employee’s available Deputy Chief, a determination should be made whether or not the employee should be temporarily relieved from their duties.
(e) The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.

1018.4 NON-WORK-RELATED CONDITIONS
Any employee suffering from a non-work-related condition that warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.
**Fitness for Duty**

**1018.5 WORK-RELATED CONDITIONS**
Any employee suffering from a work-related condition that warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Deputy Chief, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well-being of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy.

(b) If appropriate, the employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

**1018.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS**

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Human Resources to determine the level of the employee’s fitness for duty. The order shall indicate the date, time and place for the examination.

(b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee’s ability to perform his or her job duties. If the employee places his or her condition at issue in any subsequent or related administrative action or grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding.

(c) In order to facilitate the examination of any employee, the Department will provide all appropriate documents and available information to assist in the evaluation and/or treatment.

(d) All reports and evaluations submitted by the treating physician or therapist shall be part of the employee’s confidential personnel file.

(e) Any employee ordered to receive a fitness for duty examination shall comply with the terms of the order and cooperate fully with the examining physician or therapist regarding any clinical interview, tests administered or other procedures as directed. Any failure to comply with such an order or any failure to cooperate with the examining physician or therapist may be deemed insubordination and shall be subject to discipline up to and including termination.

(f) Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume his/her duties.

**1018.7 LIMITATION ON HOURS WORKED**
Absent emergency operations or exigent circumstances members should not work more than:
Fitness for Duty

- 16 hours in one day (24 hour) period or
- 30 hours in any two-day (48 hour) period or
- 84 hours in any seven-day (168 hour) period

Except in very limited circumstances members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other on or off-duty work assignments including, but not limited to, work authorized by the department under the Outside Employment Policy.

1018.8 APPEALS
An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty exam shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

1018.9 REVOCATION OR SEIZURE OF FIREARM OWNER'S IDENTIFICATION CARD
Possession of a Firearm Owner’s Identification Card (FOID) is not a condition of continued employment if the officer’s FOID is revoked or seized, because the officer has been a patient of a mental health facility and the officer has not been determined to pose a clear and present danger to him/herself or others as determined by a physician, clinical psychologist, or qualified examiner (50 ILCS 725/7.2).

1018.9.1 DOCUMENTATION
If a determination is made that an officer poses a clear and present danger to him/herself or others, such determination shall be documented in the officer’s medical file (50 ILCS 725/7.2).

1018.10 AVAILABILITY OF MENTAL HEALTH SPECIALISTS
The Department shall make mental health resources, including counselors and therapists, available to members (55 ILCS 5/3-6012.2; 65 ILCS 5/11-1-14).
Meal Periods, Breaks, Restricted Leave

1019.1 PURPOSE AND SCOPE
This policy regarding meals and breaks is superseded by the affected employee’s collective bargaining agreement. If not covered in the employee’s collective bargaining agreement, this policy shall conform to and be guided by the policy governing all Village employees that has been established by the Village Manager (820 ILCS 140/3).

1019.1.1 MEAL PERIODS
Sworn employees shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

All employees will receive an appropriate meal period not more than five hours from the start of the work period absent emergency situations (820 ILCS 140/3).

Uniformed patrol and traffic officers shall request clearance from a supervisor prior to taking a meal period. Uniformed officers shall take their breaks within the Village limits unless on assignment outside of the Village.

The time spent for the meal period shall not exceed the authorized time allowed.

1019.2 BREAKS
Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Patrol officers will take their breaks subject to call and shall monitor their radios.

The time spent for the break period shall not exceed the authorized time allowed.

1019.2 RESTRICTED LEAVE
Employees upon request may use up to one hour of paid leave or more if authorized by the collective bargaining agreement to donate blood every 56 days (820 ILCS 149/10).

Employees with the approval of a supervisor are entitled to take up to two hours of paid leave to vote (10 ILCS 5/17-15).
Lactation Break Policy

1020.1  PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for reasonable accommodations for members desiring to express breast milk for the member's infant child as outlined in the Nursing Mothers in the Workplace Act (820 ILCS 260/10; 29 USC § 207).

1020.2  POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her infant nursing child up to one year after the child's birth (820 ILCS 260/10; 29 USC § 207).

1020.3  LACTATION BREAK TIME
A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

Members desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would unduly disrupt department operations (820 ILCS 260/10; 775 ILCS 5/2-102).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1020.4  PRIVATE LOCATION

Overtime Compensation Requests

1022.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages or by the allowance of accrual of compensatory time off as provided in the personnel manual or as agreed and in effect through any applicable collective bargaining agreement. In order to qualify for either, the employee must document the overtime on their time sheet, or complete and submit a Compensatory Time form with their payroll time sheet.

1022.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 40 hours of compensatory time.

1022.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors with their bi-weekly payroll time sheet for verification prior to being sent to the Human Resources Department.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1022.2.1 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the time sheet.

1022.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the collective bargaining agreement provides that a minimum number of hours will be paid, (e.g., two hours for Court). In these cases the supervisor will ensure that the actual time worked and the minimum overtime payment is recorded.
1022.3.1 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on their time sheet.
Outside Employment

1023.1 PURPOSE AND SCOPE

The Chief of Police will conduct a review of the requestor's work history as a factor for approval or rejection.

If the employee's appeal is denied, the employee may file a grievance pursuant to the Grievance Policy.
1023.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any secondary employment request may be revoked or suspended under the following circumstances:

(a) When an employee's performance at this department is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his/her discretion, revoke any secondary employment opportunity. That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the secondary employment.

(b) When included as a term or condition of sustained discipline.

(c) When an employee's conduct or secondary employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved secondary employment may be subjected to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1023.3 PROHIBITED OUTSIDE EMPLOYMENT
The Department expressly reserves the right to deny any Secondary Employment submitted by an employee seeking to engage in any activity which:

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

(c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee's duties for this department less efficient.

1023.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
In order to avoid a potential conflict of interest, no member of this department may engage in any outside or secondary employment as an armed private security guard, private investigator or other similar private security position.
Outside Employment

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.
(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

Employees are prohibited from utilizing other departmental employees, and any department equipment or resources in the course of or for the benefit of any outside employment. This shall
include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

1023.4.1 REVIEW OF FINANCIAL RECORDS
Prior to providing written approval for an outside employment position, the Department may request that an officer provide his or her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his or her personal financial records for review/audit. If the employee elects not to provide the requested records, his or her off-duty work permit may be revoked pursuant to sections above in this policy.

1023.5 TERMINATION OF OUTSIDE EMPLOYMENT
If an employee terminates his/her outside employment, the employee shall promptly submit written notification of such termination to the Chief of Police. Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their secondary employment, a notice of revocation of the member's secondary employment will be forwarded to the involved employee, and a copy attached to the original memorandum.

Employee Speech, Expression and Social Networking

1028.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1028.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file sharing sites.

1028.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Village of Lisle Police Department will carefully balance the individual employee’s rights against the department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1028.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Village of Lisle Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee’s family or
associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1028.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department’s safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Village of Lisle Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Village of Lisle Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Village of Lisle Police Department or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a web site that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Village of Lisle Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department...
for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Village of Lisle Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing web sites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1028.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Village of Lisle Police Department or identify themselves in any way that could be reasonably perceived as representing the Village of Lisle Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

(a) Endorse, support, oppose or contradict any political campaign or initiative.
(b) Endorse, support, oppose or contradict any social issue, cause or religion.
(c) Endorse, support or oppose any product, service, company or other commercial entity.
(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any web site.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Village of Lisle Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized
bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502)).

1028.5 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1028.5.1 PERSONAL ONLINE ACCOUNTS
The Department shall not request, require or coerce any applicant or employee to divulge any username, password or related account information in order to gain access to the applicant or employee’s personal online account, nor shall the Department demand access in any manner to an applicant or employee’s account or profile on a personal online account (820 ILCS 55/10).

Members may be required to share specific content that has been reported to the Department, without requesting or requiring members to provide access to their personal online account, as set forth in 820 ILCS 55/10.

1028.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member’s appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1028.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Illness and Injury Prevention

1029.1 PURPOSE AND SCOPE
The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the Village of Lisle Police Department, in accordance with the requirements of 820 ILCS 219/20 and 56 Ill. Adm. Code 350.20.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Villagewide safety efforts.

1029.2 POLICY

Adm. Code 350.410).

1029.4 ADMINISTRATION DEPUTY CHIEF RESPONSIBILITIES

The responsibilities of the Administration Deputy Chief include, but are not limited to:

(a) Managing and implementing a plan to reduce the incidence of member illness and injury.

(b) Ensuring that a system of communication is in place that facilitates a continuous flow of safety and health information between supervisors and members. This system shall include:

1. New member orientation that includes a discussion of safety and health policies and procedures.

2. Regular member review of the illness and injury prevention plan.

(c) Ensuring that all safety and health policies and procedures are clearly communicated and understood by all members.

(d) Taking reasonable steps to ensure that all members comply with safety rules in order to maintain a safe work environment. This includes, but is not limited to:

1. Informing members of the illness and injury prevention guidelines.

2. Recognizing members who perform safe work practices.

(f) Making available a form to document individual incidents or accidents.

(g) Making available a form to document the safety and health training of each member. This form will include the member’s name or other identifier, training dates, type of training and training providers.
Illness and Injury Prevention

1029.5 SUPERVISOR RESPONSIBILITIES
Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Conduct Policy.

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented and appropriate notifications conducted.
Illness and Injury Prevention

The Administration Deputy Chief will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1029.7 INSPECTIONS
Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Deputy Chief shall ensure that the appropriate documentation is completed for each inspection.

1029.7.1 EQUIPMENT
Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.
