GENERAL SUBMITTAL REQUIREMENTS (Please consult with Village staff prior to submission):

Plat of Survey: A plat of survey depicting lot lines, setbacks, easements, existing structures, and the proposed structures, drawn to scale, is required for all construction activity that includes on ground improvements. Two copies of the plat of survey must be submitted to be considered a complete application.

Site Plan: A site plan prepared by an Illinois licensed Professional Engineer is required for all site work necessitating the change of existing grade, impacting the drainage of surrounding properties, or projects involving the disturbance of greater than 5,000 square feet of ground area. Three copies of the site plan must be submitted to be considered a complete application.

Architectural / Structural Plans: When required, architectural and structural plans sealed by the appropriate Illinois licensed design professional shall be submitted. Two copies must be submitted to be considered a complete application.

Scope of Work / Sketch / Specifications: For projects determined to not require sealed architectural or structural plans, manufacturer specifications, a detailed scope of work, and a basic sketch plan shall be submitted. Two copies are required.

PLEASE READ THE FOLLOWING PROVISIONS AND SIGN BELOW:

- a. I agree to comply with all local, state and federal laws including the adopted building codes and ordinances of the Village of Lisle.
- b. With reasonable notice, I consent to the entry in or upon the premises described in this application by any authorized official of the Village of Lisle for the purposes of completing any reviews or for the reports deemed necessary by the submittal of this application or for the purpose of posting, maintaining, or removing such notices as may be required by law, or for the purpose of inspecting the premises and uses thereon for compliance with the terms and conditions of the building permit.
- c. I have read the Village of Lisle Annual Fee Ordinance and acknowledge that this permit application is subject to application fees. I further acknowledge that application fees shall not be refunded or waived, except as may be determined on a case-by- case basis, by the Village of Lisle Board of Trustees.
- d. I understand that if construction does not commence within 90 days of permit issuance, or if construction is not completed and a final inspection for occupancy is not requested within 2 years of permit issuance, the permit is void.
- e. I hereby certify that the signature below is the signature of the owner of record.
- f. The owner and applicant agrees that the owner and applicant shall be jointly and severally liable for payment of fees referred to in Section 1-14-1 of the Village Code (Recovery of Professional Fees). Professional fees may be assessed in conjunction with engineering plan reviews and inspections; landscape architect plan reviews and inspections; building plan reviews and inspections; fire alarm and suppression system reviews and inspections; and Village Attorney related legal work.
